Sir

I met with Mr Hyser yesterday of Chambersburg he wished me to write to you to know what is the lowest you would take for a pare of full Blood Durham Cattle — He wants nothing but full Blood he is the Son of the Gentleman that had some of Mr Powels — his Father sold all of his and has moved to Town & the Son intends moving to the Country — He appeared to harp much upon their Origine & told him you could no doubt give him that — He did not care much whether they were yearling or grown — Tell him you would like to sell the Big Bull he said if he was not too large he would have no objection to have the Bull and your Cow — Will you write to him & direct to Chambersburg — I have not seen the other Gentleman since I come home — We have not heard from Mr Helpenstein

My family are all well —

He said he would be down in the spring at the Appeal to see him
