My dear Sir

Andrew will tell you I have taken both of the Cows one at $20 the other at $16 I didnot want out one. but as Mr Bevier wd have taken the best one at $20 and it was the one which I had chosen. I thought it only right I shd take the one also which he could not sele — shd you have Cows again to dispose of. let me know a few days before they come down & I will advertise them & let it be known, Had they been here for Wednesday or Saturdays market they wd probably have done better — altho' Cows now are very dull — I was offered a fresh Cow a few days ago for $14 — I mentioned to Andrew it wd not be convenient for me to pay for them before the spring, he said he thought it wd make no difference if the contrary, I will endeavour to make the payment to suit you — Remember me to the family — I have

This is to certify that I Bought of Andrew Arthur a Red & White Cow and Calf for which I paid him twenty dollars it being the most he was offered for it
