SATURDAY, DECEMBER 2, 1899.

The SENTINEL is sincerely gratified to find the *Advocate* in favor of legislation to prevent the corruption of votes. That paper says: "All measures intended to prevent corruption and bribery in elections should receive the support of every Democrat in both branches of the Legislature." With a single amendment to this declaration the SENTINEL is ready to say that such measures should receive the support of all members of both branches of the Legislature. That amendment is the substitution of the word "tending" for "intended." A measure might be intended to prevent the corruption of voters and yet not furnish any reasonable prospect of its effectiveness. An effective measure is needed to arrest this species of crime and all members of the Legislature should endeavor to procure the passage of such a law.

The *Advocate* finds some comfort in the fact that Republican majorities were not so great this year in the States carried by the party as on some other occasion, presumably in 1894, when, it says, Pennsylvania gave a Republican majority of 241,797. That, of course was a phenomenal majority, as were those with which the *Advocate* compares those of this year in New Jersey, Ohio and Iowa. The fact remains that the Republicans have held all the States, except Maryland, which voted for McKinley in 1896 and have added other States to the Republican column to give, according to the New York World—good Democratic authority—a Republican majority of 123 in the electoral colleges in 1900, a gain of 28 over 1896. When sunbeams can be extracted from cucumbers the *Advocate* can reasonably take comfort from these figures.

The development of the corrupt practices in political campaigns in this county has been remarkably rapid, and should be seriously deprecated by all honest citizens. It is to be devoutly desired that the nefarious business has reached its maximum and that earnest efforts will be made, not only to prevent further growth, but to eliminate such practices from the conduct of political campaigns by both parties. There is reason to believe that party managers, on both sides are heartily sick of the debauching and dangerous effect of the conditions which have marked political campaigns in this county for several years. Let them get together and resolve, in good faith, to discourage all bribery and corruption in the future, and to co-operate in the prosecution and punishment of all persons who can be discovered violating the laws on this subject, regardless of their party affiliations.

The first session of the Fifty-sixth Congress of the United States will begin at Washington on Monday, and the House will be promptly organized by the election of Representative David B. Henderson, of the Third district of Iowa, as Speaker, who appears to be conceded the position by common consent. The session will be an exceedingly important one. The financial question will, perhaps, be the leading subject of consideration, but legislation for the government of our recently acquired possessions in the West Indies and the Pacific will tax the wisdom and ability of the statesmen of the country. It is to be hoped that these subjects will receive unbiased attention and that questions of mere partisan advantage will be subordinated to the public welfare and the proper adjustment of our relations with the people who have been brought under our control as a nation by the chances of war.

If anybody has had a doubt that the next Presidential campaign will be a renewal of the contest over the currency question, the proposed course of the Silver Republicans should set that doubt at rest. At a special meeting of the National Committee of that organization, held at Chicago on Wednesday, a resolution was unanimously adopted "that a National Convention of the Silver Republican party be held and that the executive committee be instructed to confer with the Democratic and Populist National Committees in an effort to secure, if possible, the holding of all three National Conventions at the same time and place, and at the earliest practicable date," for the purpose of bringing about the complete co-operation of all the parties named, in the effort to accomplish the free and unlimited coinage of silver at the ratio of 16 to 1. Free Silver Democrats control the national machinery of that party, and the entire Populist party is in favor of the unlimited coinage of silver at the ratio named. A favorable response on the part of these organizations, to the appeals of the Free Silver Republicans, may be considered a certainty, and every other question will be subordinated, all around, to the money issue. Sound Money Democrats who voted for Bryan in 1896, under the pleasurable delusion that the Free Silver cry was a temporary craze, and that Bryan could be elected without danger to the public credit and risk to the stability of the currency, cannot afford to repeat that proceeding, unless they are prepared to suffer the consequences.

Skirmishes with the scattered forces of the Filipinos in Luzon are reported. Gen. MacArthur is in the mountains and sweeping the country with his troops. A considerable force of Filipinos, intrenched in a seemingly strong position, was outflanked and attacked in the rear, with the usual result. They fled, leaving behind a number of cannons, a lot of small arms, provisions, &c. Aguinaldo is kept on the move and his government is utterly broken up. An entrenched force of the enemy, in the Island of Pany, was attacked on Sunday, outflanked and routed.

It is said the President's message, which is a long document, may not be submitted to Congress on Monday, on account of the death of Vice-President Hobart.

FOR THE GOLD STANDARD.

The finance bill prepared by the Republican caucus committee, which met at Atlantic City last spring, has been made public and is an important measure. It makes gold the standard of money in the United States in terms which cannot be misconstrued. The Baltimore *Sun* briefly summarizes the bill, as follows:

The bill to be offered in the House to "fix the standard of value and maintain the parity of all forms of money" has been printed and is substantially of the character indicated recently in the *Sun*. It makes 25.8 grains of gold the standard unit of value and requires greenbacks, Sherman notes and interest on Government bonds to be paid on demand in gold coin. But the legal tender quality of the silver dollar, greenbacks, Sherman notes and national bank notes shall not be impaired. The Treasury is to have two divisions, one for the receipt and spending of public moneys, the other to be known as the "division of issue and redemption," to look after the gold and silver held for the redemption of gold and silver certificates, greenbacks and Sherman notes, and the issue of 3 per cent. bonds is authorized when necessary for the maintenance of a gold reserve. The Treasury may, at its discretion, have more than $50,000,000 of subsidiary silver coin in circulation. A new tax of one-tenth of 1 per cent. is imposed on the capital, surplus and undivided profits of national banks, and these banks are authorized to increase their circulation to the par value of their bonds. The lower limit of capital upon which a national bank may be established is placed at $25,000, this being conceded in towns having 2 000 inhabitants.

It is probable that this bill, or its equivalent, will be passed by the Fifty-sixth Congress, at its first session, which begins on Monday, 4th inst., but its adoption will not eliminate the question from the Presidential campaign in 1900. The free silverites will simply fight to get control of the Executive and Legislative branches of the government and thus secure power to repeal the law, if it shall be passed, and to adopt the bimetallic standard at the ratio of 16 to 1. Present indications point to Bryan as the fusion candidate of the Democrats, Populists and Free Silver Republicans, a substantial renewal of the contest of 1896, and a determined effort to resist the permanent establishment of the gold standard.

Of course, if the bill to be submitted by the Republican caucus committee be enacted into law it will be subject to repeal or amendment by future Congresses, and cannot, therefore, be regarded as a permanent settlement of the controversy. It becomes the duty of the Republican party, however, to adopt it. The people declared for the gold standard, by their votes in 1896, and again in 1898, and their will should be obeyed. With such a law on the statute books, the effort on the part of the free silverites to introduce bimetallism into the country to an unlimited extent, on the 16 to 1 ratio, will be uphill work, and, we are confident, will again be signally defeated as they were in 1896. Sound money will win an overwhelming victory, if it be made the paramount issue in 1900.

Our British consins are finding the war with the Boers in South Africa anything but a holiday affair. The settlers of that rather sterile region are a very hardy people, inured to dangers and hardships, and full of grit and energy. They are defending their homes and are fighting with dauntless courage. A battle occurred between a force of seven thousand British troops under Gen. Methuen, and about an equal number of Boers, at the river Modder, a few days ago, and official despatches to the British government announced a victory for the invaders, the Boers having retired. It is gradually leaking out, however, that the victory was, at the greatest, only a partial one. Gen. Methuen's force, at last accounts, had not crossed the river in pursuit of the retreating enemy. The general was himself shot through the fleshy part of his leg, and many of his officers and men were killed or wounded. Still, there can be little doubt that in the end the brave Boers will be constrained to yield to superior numbers.

Some of the dairymen in Southern Pennsylvania and along the northern border of Maryland have taken steps to protect themselves against the milk trust, by practically organizing a producers' trust in opposition to it. A meeting was held in Baltimore on Saturday last by dairymen and milk shippers along the Northern Central, Western Maryland, Philadelphia, Wilmington and Baltimore, and Baltimore and Ohio Railroads and the United Dairymen's Association organized. Joseph Freeland, of New Freedom, York county, Pa., was chosen president. The new association's plan of campaign against the trust is to cut off its supply of milk. When it is considered that many thousands of gallons of milk are shipped daily by the dairymen of the section represented, the scope of the movement against the monopoly can be estimated.

Railroad news during the past week has been of an interesting and exciting character. It was announced early in the week that a deal was being made by which the Pennsylvania Railroad would get control of the Baltimore and Ohio, but this has not been confirmed. Some alliance has been formed, however, for an advance in rates by the great trunk lines—the Pa., B. & O., N. Y. Central and Hudson River Railroads. The extent of the deal has not yet been made public. In the meantime the proposed sale of the Western Maryland, to a New York Syndicate, hangs fire, the proposition of the syndicate not having yet been signed.

A steam transport ship, which sailed from San Francisco for the Philippine Islands, in the latter part of October, with several hundred officers and soldiers on board, arrived at Manila on the 28th ult., after encountering a typhoon which placed the ship and all on board in deadly peril for several days. The vessel had previously sprung a leak and was in an unseaworthy condition. Only the constant and united efforts of the crew and the soldiers prevented the loss of all on board. The conditions were frightful, but pluck, energy and work brought the ship to port at last.

Two large fires occurred in Philadelphia on Wednesday. The first started in the department store of Partridge & Richardson, Eighth and Filbert streets, and spread to adjoining property, including Lippincott's publishing house, which was destroyed. The loss by this fire is estimated at $1,700,000. Partridge & Richardson's loss was $700,000 and the loss of the Lippincotts, $600,000. The other fire destroyed property valued at $110,000 on Market street.

The great publishing house of Messrs. Harper & Bros., of New York, has made an assignment for the benefit of creditors. The indebtedness of the firm is about $5,500,000, of which $2,500,000 is secured by mortgages. Col. G. B. M. Harvey, who recently invested a million and a half of dollars in the stock of the house, will be the agent of the receiver and will reorganize and continue the business. Whether the publication of all the Harper periodicals will be continued is not stated.

Wm. Anthony, better known as "Brave Bill" Anthony, died at the Presbyterian Hospital, New York, on Friday of last week half-an-hour after he had swallowed a quantity of cocaine at one of the Central Park entrances. He was the man who, on February 15, 1898, when the battleship Maine was blown up in Havana harbor, reported to Captain Sigsbee in the famous words: "Sir, I have to report that the ship has been blown up and is sinking." He was out of work and despondent.

The second annual meeting of the Maryland State Horticultural Society will be held in Assembly Hall, in the Maltby House, on Pratt street, between Charles and Light streets, Baltimore, on Wednesday and Thursday next, 6th and 7th inst. The first session will be held on Wednesday afternoon, at 2 o'clock, and there will be sessions Wednesday evening, Thursday morning and Thursday afternoon. Mr. Emanuel Stoner, of this city, is one of the vice-presidents of the society.

A SURE CURE FOR CROUP.
TWENTY-FIVE YEARS' CONSTANT USE WITHOUT A FAILURE.
The first indication of croup is hoarseness, and in a child subject to that disease it may be taken as a sure sign of the approach of an attack. Following this hoarseness is a peculiar rough cough. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough appears, it will prevent the attack. It is used in many thousands of homes in this broad land and never disappoints the anxious mothers. We have yet to learn of a single instance in which it has not proved effectual. No other preparation can show such a record of twenty-five years' constant use without a failure. For sale by W. Scott Zepp, Druggist, Westminster.

WINTER EXCURSION TICKETS ON THE PENNSYLVANIA RAILROAD.
On November 1, the Pennsylvania Railroad Company will place on sale at its principal ticket offices excursion tickets to all prominent Winter resorts in New Jersey, Virginia, North and South Carolina, Georgia, Florida and Cuba. The tickets will be sold at the usual low rates, with the usual liberal return limits. The magnificent facilities of the Pennsylvania Railroad, with its many connections and through train service, make this the favorite line for Winter travel. An illustrated book descriptive of Winter resorts, and giving routes of travel and rates for tickets, will be furnished free after November 1, on application to ticket agents.

A THOUSAND TONGUES
Could not express the rapture of Annie E. Springer, of 1125 Howard st., Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"it soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the Universe." So will every one who tries Dr. King's New Discovery for any trouble of the Throat, Chest or Lungs. Price 50c and $1.00. Trial bottles free at Huber's and Boyle's Drug Stores; every bottle guaranteed.

St. Matthew's Church Sunday School of Pleasant Valley will hold its Christmas exercises on Saturday evening, 23rd inst.

As a cure for rheumatism Chamberlain's Pain Balm is gaining a wide reputation. R. Johnston of Richmond, Ind., has been troubled with that ailment since 1862. In speaking of it he says: "I never found anything that would relieve me until I used Chamberlain's Pain Balm. It acts like magic with me. My foot was swollen and paining me very much, but one good application of Pain Balm relieved me." For sale by W. Scott Zepp, Druggist, Westminster.

A RAILWAY PUBLICATION.
"The Empire of the South; Its Resources, Industries, and Resorts," published by the Southern Railway, is one of the most attractive books ever printed in the interests of a railway. It is a sort of encyclopedia of the Southern States, and its 184 large pages are packed full of valuable and interesting facts, while the pictures of scenes along the line of the railway are beautifully reproduced from photographs taken with skill and care. The book is a perfect guide book to the traveler unfamiliar with the South, and would be a source of pleasure to almost any one at all interested in the development of this country whether a traveler or a stay-at-home. Not only does the book contain pictures of most of the public buildings in large Southern cities and of celebrated mansions and picturesque bits of scenery, but there are many little figure-pieces and street scenes characteristic of Southern life. Although the pictures, of which there are over five hundred, are at first sight the most attractive feature of the book, the text is no less interesting and instructive. It is the work of Frank Presbrey, a well-known student of and writer on the South. Copies may be had for 15 cents, the exact cost of mailing, by addressing J. C. HORTON, Passenger Agent, 120 East Baltimore Street, Baltimore.

ROBBED THE GRAVE.
A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Electric Bitters; and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cts., guaranteed, at Huber's and Boyle's Drug Stores.

The oyster supper held at Gist Hall, on Thanksgiving evening, will be continued this, Saturday evening, beginning at 5 o'clock. Proceeds for benefit of Harmony Grove M. P. Church. All are invited.

My son has been troubled for years with chronic diarrhoea. Sometime ago I persuaded him to take some of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After using two bottles of the 25-cent size he was cured. I give this testimonial, hoping some one similarly afflicted may read it and be benefited. —Thomas C. Bower, Glencoe, O. For sale by W. AFTER DEWEY WHAT NEXT?
The Greatest Reduction Sale of
DRY GOODS IN THE COUNTY,
TO BEGIN OCTOBER 9th, at
OAK HALL,
NEW WINDSOR, MD.
Our Entire Line of Fall Goods will be Included in the Reduction Sale.
$15,000 to $18,000 worth of Dry Goods, Dress Goods, Silks, Velvets, Clothing, Ladies' Coats, Children's Coats, Shoes. Boots, Hats, Carpets, Blankets, Comforts and Cassimeres. Our entire stock to be offered at a reduction. Groceries excepted. We need your trade to make it a success.
A word of explanation: We thought of going into the Cash Business, Oct. 1st, 1899, but as our stock is very large and thinking of making some changes in several lines, we have decided to make a general reduction during the Fall months, preparatory to adopting the cash business after Jan. 1st. This is no fraudulent sale to get rid of a lot of old goods but a legitimate one. To those not familiar with our stock a small invoice would be of advantage. The line in which we intend to make the principal cut is as follows: About 150 different shades and styles of Dress Goods, Silks, 25 to 35 different pieces of Velvet, about 100 prs. of Blankets, Comforts, 125 Overcoats, Men's and Boys', 125 to 150 suits of Clothes, Men's and Boys', 150 Hats and Caps, 100 Ladies' and Children's Coats, 150 prs. Boots, 35 rolls of Ingrain and Rag Carpet, 40 Lap Robes.
☞ In this sale will be included our new Fall Goods, which are beautiful, and will be offered at a reduction. This is a small outline. A deep cut all along the line. ☜
A great job of Shoes is now being offered—$2.00 to $3.00 Evitt Bros. at $1.00 to $1.50. Ladies' Shoes 50c. 10 to 15 per cent. given on our new fall line of Shoes. Come to see us.
Our sole purpose to reduce our immense stock, (which everybody says is the largest in the county) and make some changes.
All goods sold during this sale, at reductions, strictly CASH.
Respectfully,
ap-16-98-3 GEORGE C. ANDERS.

Extra Values for CASH.

Intending to reduce my stock, I will offer Extra Values for Cash. Having bought these goods direct from the mills, at rock bottom prices for spot cash, I am in a position to
SAVE BIG MONEY
for all who need anything in the
HARNESS, ROBE or BLANKET
LINE. I will give you the benefit of twenty years' experience as against junk dealers or any other dealers who have not had the experience to know what they are buying and consequently can't know what they are selling. I show over
100 Styles of Robes and Blankets,
from 50 cts up. A call will convince you that what I say is correct.
Respectfully,
J. WALTER SHUNK,
nov-18-4t Westminster, Md.
