In relation to put him into Mr Porter's place you found
difficulties of leaving Mr William Goldsborough — will that
have the same effect? if we shall have you discharged
stories with support and if they do not succeed you may be
assured it is not because they come from you — Bud-
stands before Shannon & Hall of these Stanton before
Gibson — Shannon & Stanton you speak of as deserving
to rise — we find we are not likely to make any
more without the danger of disgusting or keeping out
Smith — say freely what you think will be best.

c. we have the same difficulties about putting Gor-
Hardy who was made Burgess yesterday in Hall has
into Smith's Mower second disinclination have will it do
with the other Burgess.

d. Mr Martindale was appointed by the Assembly
Colo Lambye Sequestr. if he is closed here we shall
work not care to alter their work further than is
necessary — please to say who you think will fill
Smith's place with reputation.
