The convention to which delegates will be elected by the primaries will elect delegates to the State convention and members of the new State Central Committee. The call also directs the nomination of candidates for members of the House of Delegates and county officers.

The distillery of Mr. Samuel H. Hoffacker, near Alesia, was plundered, last week, of all the copper contained in the establishment. The copper stills, coils and every other article of copper in the distillery was stolen. The masonry was torn to pieces to get at this material. It is supposed that the theft was committed by two Russian Jews who were loitering around in the woods near Alesia, with a horse and wagon, during the afternoon preceding the robbery. Politically he was a staunch and true Republican. He was a member of St. John's Catholic Church, this city, where funeral services were held on Monday, after which his remains were interred in the church cemetery, his comrades of the post attending and performing the ritual of the order at his grave. Death of Mrs. Mary Royer, in Bachman's Valley.

The following is furnished us by a friend: Mrs. Mary Royer, who died at the residence of her son, Mr. Jonas Royer, on Sunday last, was one of the oldest residents of our county. She was born February 15th, 1808, and at her death was consequently 93 years, 5 months and 13 days old. On the 27th of March, 1827, she married Christian Royer, who was the second child of the late Peter Royer, who in 1800, while Christian was an infant, moved from Pennsylvania to Meadow Branch and settled. Immediately afterwards she with her husband removed to the farm in Bachman's Valley, where she lived until her death. She was the mother of 12 children, four of whom, Samuel, Lucinda, Elizabeth and Catherine are dead. In addition she was the grandmother, at her death, of 65, great-grandmother of 130 and great-great-grandmother of 3. Such a circumstance is seldom seen as five coexistent generations. The aged matron, since her early girlhood, was a member of the Brethren's Church, of which organization her husband had been a minister. She was noted for her piety and benevolence, in fact no home in Carroll county probably dispensed more real charity than did that of Christian and Mary Royer in Bachman's Valley.

Her funeral, largely attended, took place on Tuesday. The service, conducted by Elder Chas. D. Bonsack, assisted by Elders Bixler and S. Stoner, was held in the Meadow Branch Church. The pall-bearers were her grandsons, William, Howard, Jacob and Daniel Royer, Howard Geiman and S. C. Stoner.

Messrs. John Geiman, of Melrose, and Abraham Geiman, of Black Rock, are brothers of the deceased. Her surviving children are: Mr. Peter Royer, of Illinois; Mr. Jonas Royer, of Bachman's Valley; Mr. Christian Royer, Mrs. Emanuel Stoner, of this city; Mr. John Royer, of Uniontown district; Mrs. Jeremiah Geiman, of Westminster district; Mr. Jesse Royer, of Kansas, and Mr. David Royer, of St. Louis, Mo.

Copperville Farmers' Club's Picnic.

The annual farmers' picnic under the auspices of the Copperville Farmers' Club, was held in the grove of Mr. J. A. Goulden, in Taneytown district, on Saturday last. Among the guests present on the occasion were: Capt. R. W. Silvester, Profs. H. J. Patterson, W. T. Taliaferro, James S. Robinson, of the Agricultural College; Messrs. E. O. Garner, E. P. Sandster, C. F. Doane, Dr. H. B. McDonnell, of the Experiment Station; Dr. Augustus Stabler Brighton; Prof. F. L. Fassig, John's Hopkins Weather Bureau, and Mr. G. O. Brown. At a large arch, decorated with flags, at the entrance of the grove the Taneytown Cornet Band was in waiting and when the guests arrived led the line of march to the stand. Mr. Goulden, whose early years were spent at Taneytown, marched at the head of the procession. A big dinner of fried chicken, cold ham and beef, delicious homemade bread, cake, pies, preserves, pickles, hot coffee, &c., prepared by the farmers' wives and daughters, and spread upon snowy cloths on a table 100 feet long, was served, and then the speech-making began.

Dr. C. Birnie made an admirable address of welcome, and President Silvester followed with an interesting speech, mainly devoted to agricultural affairs. Dr. Augustus Stabler read an essay on "Economical Stock Feeding," in which he gave his personal experience in the use of cowpeas, sorghum and other crops in that connection.

Mr. Goulden, after endorsing what President Silvester had said about the farmer and his wants, propounded a question which, we think, does not altogether fit this county, whatever may be said of other sections of the State. He asked: "Why don't the farmers see that they are properly represented in the Legislature?" and added, "They are represented by men who do not know a plow from a harrow, or corn from wheat." Of course, however, this assertion was made in a pickwickian sense. He urged the farmers to organize and work together for their common interests.

Prof. Fassig, who had prognosticated a fair day, was interrupted in a "description of how the Weather Bureaus throughout the United States read simultaneously their weather-denoting instruments like a book," by a sudden downpour of rain, which interrupted the proceedings for a time.

Dr. McDonnell afterward explained how fertelizer tests are conducted at the Experiment Stations, and Prof. Robinson pointed out the treatment necessary to prevent the destruction of fruit by insect and fungus depredations. About 1,000 persons attended the picnic.

We have had little to disturb the usual quiet of our town and section. The weather conditions have been such as to enable the husbandman to do plowing and threshing and get in the last of the hay crop, but the heavy showers during the week added much to the just complaints of the condition of the Baltimore and Carlisle turnpike which has introduced a new process of road making. The gutters have been filled and the wash turned into the middle of the roadbed which has gotten rid of the macadamizing and will soon be ready to turn on the canal water. So you can see at a glance that it is a subject upon which every one can comment. Those who are still ignorant need only take a trip over about four miles of the turnpike and the experience and object lesson will perfect them in argument.

Politics, too, has had quite a place among the passing things of the last week. The primaries here and the convention in Westminster have considerably disturbed the smooth surface of old Dug Hill, so that smooth sailing is not now so certain as it was, "once upon a time."

There are too many tramps loafing around. Last fall, a strong, healthy looking man came to your correspondent and wanted to roost with the chickens. Recently a 9-year-old boy was held up and searched. Improved machinery may have thrown some out of employment, but strikes, and indifference to work are the reasons so many tramps are imposing on the generosity of those who try to make an honest living.

Fruits of all kinds are plentiful and have been since the first crop in the spring, strawberries, appeared. Peaches will be plentiful. Three large orchards belonging to Messrs. P. J. Geiman, Nathaniel Shaffer and Dr. J. S. Zeigler, will bear abundantly and almost every single peach tree elsewhere is laden with the much prized fruit.

Picnics and celebrations are becoming so numerous that none of them are well attended.

There is a prospect of having at least 3½ terms of school in Carroll county, instead of 3, as formerly. Many taxpayers have expressed their pleasure at the prospect, to your correspondent, being willing to pay a few cents more tax in order to enable their children to remain half a term longer in the school room. Baltimore county has four terms, and the fact seems to give perfect satisfaction there.

The Reformed congregation of Baust's Church, Rev. H. J. MacAlister, pastor, celebrated its mid summer communion on last Sunday, 28th ult. It was a most refreshing day, spiritually, to pastor and people. Notwithstanding the threatening weather early in the morning, about 200 persons were present and were attentive listeners to a very able sermon by the pastor, subject, "Our Leader." The collection for benevolent purposes far exceeded our usual offerings. Although it is less than one year since the advent of the present pastor among us there is every indication that he will meet with abundant success. He and his estimable wife have endeared themselves to all.

According to the Shipley correspondent they are ahead, thus far, in tall corn and large and variegated hawks, while Manchester comes in for the prize for bloomers. Now who will have the largest pumpkin vine? tell us anon. We are not measuring corn stalks nor counting flower buds, but are counting on fun ahead, and we are looking with pleasure to the coming of election day when we, the voters of the 2nd election precinct of Uniontown district, will walk into a kitchen at Tyrone and cast our votes for our respective candidates. There will be more fun than can be furnished at any other business for six months. We would advise the prudent kitchen maid to see to it that her pie chest is well secured for our election officers have a very acute scent for pie. Take warning in time.

Miss Bettie Kane, of Westminster, visited at Mr. Geo. C. Harmon's several days the first of this week.

Carrollton Items.

Mrs. K. Lillian Rogers, of 2503 St. Paul street, Baltimore, is visiting her sister, Mrs. Jesse Magee, of Carrollton. Mrs. Rogers' son, Mr. J. Leland Rogers, late in the employ of the Baltimore and Ohio Railroad Company, has accepted a position as private secretary to Mr. Alfred E. Blundell, formerly of New York City, but now of Havana, Cuba.

The annual celebration and picnic of the Sunday School of the Union Bethel Church of God, Carrollton, was partially held on Saturday last in Oursler's grove, near the church. Owing to the inclemency of the day the attendance was not good and the celebration was continued Monday evening, when there was a very good attendance. The Pountville Frederick county, Band was present on Saturday. The proceeds of the event went to the Sunday School. Those in charge of the occasion were: Charles Taylor, superintendent; Randolph Taylor, J. E. Evans, Jeremiah Ebaugh and others. The success of the celebration did not come up to expectation, owing to the inclemency of Saturday.

The little eight-months-old daughter of Mr. Arthur Chew, near Union Bethel, died on Tuesday of cholera infantum after a short illness. The funeral took place on Wednesday morning, at Bethel Church; interment in the cemetery adjoining. Rev. Mr. Murry, pastor, officiated.

In a stroll over the country on Tuesday, from Drechler's mill to the vicinity of Dutrow's blacksmith shop and Brown's schoolhouse, farmers could be seen plowing out their potatoes, threshing rye, plowing and making hay. Mr. Jonas Neudecker threshed out a very pretty lot of rye, which he raised on the Babylon property at Carrollton Station.

Mr. John Valentine, of Baltimore, paid a visit to his parents on Sunday last, and Raymond, son of the late Calvin Valentine, to his grandparents, on Saturday last. Miss Gracie Valentine, who had been on a visit to her aunt, Mrs. George Houck, of this vicinity, returned to Baltimore on Tuesday.

Bethesda Convention.

The Carroll County Epworth League Union held its annual convention at Bethesda, West Falls Circuit, on Saturday and Sunday, July 27th and 28th, 1901. The delegates from the various chapters met at the church during the afternoon on Saturday and held their business session, which began about half past 3 o'clock. The president and secretary gave a brief review of the work done during the past year. Then the delegates proceeded to nominate and elect the officers who were to serve until the next convention, which will be held in connection with a rally, sometime during the month of October, 1902.

The balloting resulted in the selection of the following officers: President, Ulysses H. Shipley, of Sandyville; vice-president, R. Smith Snader, of New Windsor; secretary, George P. B. Englar, of New Windsor; treasurer, Alvin Duvall. Rev. Arthur E. Slagle, J. Belt Townshend and Dr. D. F. Shipley were elected members of the advisory committee.

About 8 P. M. we began the Saturday night services by holding a song and praise service. Then we received a very warm and cordial address of welcome from Bro. Dudrear, the senior pastor on West Falls circuit. Bro. Geo. P. B. Englar responded in his usual bright and cheerful manner. The new president then gave a brief inaugural address. This was followed by a very forcible talk on "Experimental Religion," by Rev. Arthur E. Slagle, of Carrollton circuit. Bro. Slagle's earnest talk reached deep into the hearts and minds of many of his hearers. U. H. Shipley conducted the devotional service. He selected the 103 Psalm as a scripture lesson and made some remarks concerning the devotional life of christian people. After this service we were dismissed until Sunday morning, when, bright and early, we found Bro. J. Belt Townshend present to take charge of the lovefeast exercises. This was a very helpful service and was very interesting and profitable spiritually. Rev. C. D. Smith, of Baltimore, preached us an excellent sermon on a text chosen from the 6th and 8th verses of the 4th chapter of 2nd Timothy. All who know Bro. Smith know how inspiring his preaching is. We all felt benefited by his being with us. Bro. Smith also gave a little talk to the Juniors of Bethesda. These little talks also are helpful to Juniors of larger growth. Thus all enjoyed the Junior hour very much.

Now came the platform service. The topic was, "The Epworth League," Bro. Howard M. Zile, of Ebenezer Chapter, gave a talk on the devotional work. Miss Annie M. Barnes, of Stone Chapel, read a very interesting and instructive paper, which she prepared, on "Mercy and Help Work;" its aim, purpose and result. Rev. J. Everett Mettee conducted a question box on the social and literary feature of the league work.

One of the special features of the Sunday afternoon service was the music and singing, by the choir of the Ebenezer chapter. Many, many thanks to the kind and thoughtful people from Ebenezer. We were glad to learn that the Ebenezer League Society is one of the most progressive ones in the county Union. The Sunday night services were of an evangelistical order and were conducted by Bro. Chas. E. Lamberd, of Westminster. He gave a very fine talk on the 21st verse of the 18th chapter of 1st Kings. We all felt helped very much by what Bro. Lamberd, said and feel that all that heard him will be influenced for good by his earnest efforts to show strangers to Christ a higher and nobler plan of life. After a few announcements by the pastor in charge we were dismissed by Bro. Dudrear, after singing the doxology. We feel that we had a good spiritual uplift and that much good seed has been sown that will spring forth in due season into a bountiful harvest. Truly, it was good that we went up to the house of the Lord.

Admiral Kimberly, at his own request, has been relieved of the duty of sitting in the Schley Court of Inquiry; and his successor has not been appointed.

The great steel strike is still on, with little prospect of a settlement. J. Pierpont Morgan, the chief of the Steel Combine, refuses flatly to accede to the demands of the Amalgamated Workers Association, and it is said the strike may be continued indefinitely.

Secretary Wilson, of the United States Agricultural Department, is making a tour of the corn belt in order to ascertain, by personal observation the condition of the growing crop at this time. The secretary does not think that the sweeping statements in regard to the utter destruction of the crop in Kansas and other Western States, by the prolonged drought and heat, are correct. Recent rains, it is said, have so far improved the conditions that nearly half a crop is possible in Kansas. The secretary will spend ten days in his investigation and will report the result to the country upon his return to Washington.

A MINISTER'S GOOD WORK.

"I had a severe attack of bilious colic, got a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, took two doses and was entirely cured," says Rev. A. A. Power, of Emporia, Kan. "My neighbor across the street was sick for over a week, had two or three bottles of medicine from the doctor. He used them for three or four days without relief, then called in another doctor who treated him for some days and gave him no relief, so discharged him. I went over to see him the next morning. He said his bowels were in a terrible fix, that they had been running off so long that it was almost bloody flux. I asked him if he had tried Chamberlain's Colic, Cholera and Diarrhoea Remedy and he said, 'No.' I went home and brought him my bottle and gave him one dose; told him to take another dose in fifteen or twenty minutes if he did not find relief, but he took no more and was entirely cured." For sale by W. Scott Zepp, druggist, Westminster.

Wentz's Union Sunday School will hold its annual celebration in Crumrine's grove, near the schoolhouse, Saturday, August 31. The music for the occasion will be furnished by the Alesia Cornet Band. Refreshments will be sold for the benefit of the school, and a festival will be held in the evening. A program of dialogues, etc., will be rendered during the day and in the evening. Able speakers will be present.

ASTOUNDED THE EDITOR.

Editor S. A. Brown, of Bennettsville, S. C., was once immensely surprised. "Through long suffering from Dyspepsia," he writes, "my wife was greatly run down. She had no strength or vigor and suffered great distress from her stomach, but she tried Electric Bitters which helped her at once, and, after using four bottles, she is entirely well, can eat anything. It's a grand tonic, and its laxative qualities are splendid for torpid liver." For indigestion, Loss of Appetite, Stomach and Liver troubles it's a positive, guaranteed cure. They are practically as good as firsts but offered at a much lower price. Get your share of these splendid Vests at

A GENTLE HINT.

In our style of climate, with its sudden changes of temperature,—rain, wind and sunshine often intermingled in a single day,—it is no wonder that our children, friends and relatives are so frequently taken from us by neglected colds, half the deaths resulting directly from this cause. A bottle of Boschee's German Syrup kept about your home for immediate use will prevent serious sickness, a large doctor's bill, and perhaps death, by the use of three or four doses. For curing Consumption, Hemorrhages, Pneumonia, Severe Coughs, Croup, or any disease of the Throat or Lungs, its success is simply wonderful, as your druggist will tell you. Get a sample bottle free from W. Scott Zepp, druggist, Westminster. Regular size, 75 cents. Get Green's Prize Almanac.

Why Not Cure Your Cough or Cold?

WESTMINSTER, April 10th, 1890.

MR. JOS. B. BOYLE:

Dear Sir:—For many years I have suffered intensely, on taking cold, from a very troublesome cough, for which I have used a number of various remedies, and obtained but TEMPORARY RELIEF. During the past Spring I was again troubled with the same cough, and through a friend was induced to try YOUR Pectoral Syrup, which not only gave almost INSTANT RELIEF, but a PERMANENT CURE. It gives me great pleasure to say that I believe it to be the best remedy I ever used for the purpose for which it is recommended. Hoping that any person afflicted as I was may be fortunate enough to give it a trial, I am, Truly yours,
EDWARD LYNCH.
