Roop, of the Brethren's Church, heretofore announced, but postponed on account of the young minister's sickness, will take place on Sunday evening, 11th inst., in the Brethren's Church, this city. It will, no doubt, be an extremely interesting lecture, as Mr. Roop during his trip to the Holy Land gave to Jerusalem and its surroundings more than the usual attention indulged in by travelers. The lecture will begin at the usual service hour, half past seven o'clock.

The ground in this locality was well saturated by a rain which began about 3 o'clock, Tuesday morning, and continued throughout the day and long into the night. The rainfall at times was very heavy and the precipitation must have amounted to several inches. The ground was put in excellent condition to be plowed for fall seeding. Towards the end of the rain the wind became somewhat violent, causing some of the corn to lean downward considerably, but not prostrating it. Present indications point to a very heavy crop of this important grain.

A six-and-a-half ton boiler, hauled on a wagon along East Main street, this city, on Tuesday, by a team of six horses, attracted much attention. Upon inquiry we learned that it was being taken to the pumping station of the Westminster Water Company on the Gorsuch road, just above the Manchester road, where it will be used in pumping the water from the wells recently sunk there, to the mains in this city, thus adding very materially to the water supply furnished by the original plant of the company. It will also be used in connection with the engine for running the new flour and grist mill in course of erection by Mr. George W. Albaugh, which is to have a capacity of 40 barrels of flour per day. The boiler has a capacity of 100 horse power, registered, but the power can be increased about 25 per cent. above that figure. It was manufactured by George F. Motter & Co., of York, Pa.

Quite a number of the members of the different churches of the charge had collected at the parsonage in Berrett and gave the pastor and his bride a hearty reception. About half-past nine o'clock the Berrett Conkle Band turned out and discoursed some of its choicest music. The instruments played upon were plow-shares, cow-bells, tin horns, etc. The band, having had its curiosity satisfied by the appearance of the bride and groom and having been treated to cake by the ladies, dispersed. After the band had dispersed some time was spent in social conversation and in the discoursing of instrumental and vocal music. The ladies had on hand a generous supply of ice cream, cake and lemonade which they served to all present. The start was made from Mr. Stem's home at Dennings and the destination was Miss E. Pearl Mercier's home at Day, which was reached about 9.30 P. M. Refreshments were served at 11 P. Walter, familiarly known here as "Roddy" Walter, was the central figure, and got into trouble by innocently transgressing the police regulations of the well known seaside resort: "I forgot to tell you that Roddy was arrested last Friday night on the boardwalk for having a crowd around and blocking the walk. He came out of jail Saturday, but has been given 30 days to get out of town. He says he is not well this season and not able to attend to the walk; thinks he needs a rest, and intends to go back to Maryland soon. I feel very sorry for him. He looks quite thin and poor. I think he would be better off in some institution. Roddy caused quite a sensation on the walk when arrested, and when they went to put him in the patrol some other men interfered and several were arrested. We saw it all just in front of Young's pier."

A Pleasant Evening.

The handsome home of Mrs. M. E. Owings, in Morgan's Valley, was the scene of much enjoyment Wednesday evening, July 31st. The occasion was a lawn party. All nature seemed to have contributed her share to make the evening an ideal one, and the air was made to ring with the merry voices of the young people, as they played at games which constituted one of the features of the evening. About 11 o'clock the doors to the dining room were thrown open and much attention was paid to a table laden with many delicacies of the season. Base Ball.

On Saturday last, at the German Lutheran picnic, the Bird Hill team played a very interesting game of ball with the Reisterstown team, rather a picked team from Baltimore county, defeating them. The score was 6 to 8 in Bird Hill's favor. By loose playing on the part of Bird Hill the visitors scored 5 of their 6 runs in the first and second innings. After that they were shut out until the eighth inning when they managed to score another run which was their last. They were very sad over their defeat. Batteries—Bird Hill, Frizzell, Beard, Dit man and Cushing; Reisterstown, Vondersmith, Caron, Flater and Danner. Innings pitched by Frizzell 5, by Vondersmith 5.

Why Not Cure Your Cough or Cold?

WESTMINSTER, April 10th, 1890.

MR. JOS. B. BOYLE:

Dear Sir:—For many years I have suffered intensely, on taking cold, from a very troublesome cough, for which I have used a number of various remedies, and obtained but TEMPORARY RELIEF. During the past Spring I was again troubled with the same cough, and through a friend was induced to try YOUR Pectoral Syrup, which not only gave almost INSTANT RELIEF, but a PERMANENT CURE. It gives me great pleasure to say that I believe it to be the best remedy I ever used for the purpose for which it is recommended. Hoping that any person afflicted as I was may be fortunate enough to give it a trial, I am, Truly yours,
EDWARD LYNCH.
