WESTMINSTER, - MARYLAND.

W. L. W. Seabrook, - Editor.

Entered at the Postoffice at Westminster, Md., as Second-class matter.

SATURDAY, NOVEMBER 30, 1901.

The total vote cast for Presidential candidates in Maryland, in 1900, was 264,511, while at the late election the number of votes counted for candidates for Comptroller of the Treasury was 197,264, a difference of 67,247. While McKinley's plurality over Bryan was 13,941, the latter had 122,271 votes, just 25,794 more than have been returned for Dr. Hering for Comptroller. Allowing for a reasonable increase in voting population it is reasonable to estimate that about 70,000 voters were disfranchised by the Conspirator' Election Law, or fully one-fourth the voting population of the State. Of these about 55,000 are white men. And this is called the Democracy of Thomas Jefferson!

Is It Whistling to Keep the Courage Up?

The tone of some of the Democratic journals in relation to alleged frauds at the recent elections is something like that of Wm. M. Tweed, the Tammany boss, who, when confronted with charges of misrule and systematic plundering of the treasury of New York City, defiantly replied: "Well, what are you going to do about it?" They give currency to statements that Republican Senators at Washington desire Mr. Gorman's return to his old seat in the Senate; that the Maryland boss can get more money for campaign purposes from Republicans in Washington, Philadelphia and New York, than any Republican from Maryland; and jubilantly declare that the Republicans cannot raise sufficient funds to contest elections where fraud is charged. Possibly this may be the old story of "whistling to keep the courage up." No unbiased Democrat can be unaware that the whole Democratic campaign of 1901, in Maryland, was a systematic scheme, concocted by Democratic conspirators, for the purpose of carrying the State by such methods as might be necessary to that end, regardless of their morality; that some of these methods will not bear the test of judicial investigation, and that, if such an investigation shall be honestly and fairly made, the extreme probability is that it will demonstrate that the Democratic majority in the House of Delegates was fraudulently obtained, and that Mr. Platt, for Comptroller of the Treasury, and Judge Charles T. Reifsnider, for Associate Judge of the Fifth judicial circuit, received actual majorities at the polls.

This is one of the things about which Mr. Gorman's popularity with Republicans at Washington and elsewhere has nothing to do. It is a question of political morality and the money ought to be, and probably will be, raised to make the investigation. It may not result in seating the rightfully elected officers, and should not be undertaken solely or primarily with that object in view, but largely for the purpose of uncovering to the gaze of the people of Maryland the tricks by which a majority of the voters of the State has been defrauded of the just effect of their ballots.

Official Vote of the State.

The following table shows the vote of the several counties and the city of Baltimore, at the recent election, as officially reported to the Executive Department, for Comptroller of the Treasury and Clerk of the Court of Appeals, except that Prohibition vote in the city is not given, having been omitted by the party who prepared the table:

From a recent conference between General Superintendent Machen of the Free Delivery Postal Service, and Civil Service Commissioner Foulke over the proposed taking into the civil service of the rural free delivery carriers, numbering about 6,000, and the force of special agents, inspectors and others in the executive office of that service, numbering about 200 it is very probable that none of these positions will be brought into the civil service before the beginning of the new year and that they then will be brought in by one order. The executive offices affected will have the usual civil service status, but it is practically settled that there will be no formal examination for the carriers, their examination being practically confined to registration of applications and relative fitness for office. President Roosevelt has signed an order to carry the conclusion reached at the conference into effect.

At Medicine Lodge, Kan., Mr. David Nation has been seeking a divorce from his wife, Mrs. Carrie Nation, the woman who became so widely known by reputation, sometime ago, by leading raids upon liquor saloons, smashing windows, bar fixtures and other property connected with liquor selling. Mrs. Nation had, at the outset of her career, a large following, but her subsequent conduct became so violent that her husband applied to the courts for a divorce. The testimony in the case was concluded on Tuesday, Mr. Nation, at the hearing, reading a letter from his wife in which she denounced him as a "H—bound hypocrite." She retaliated by denouncing him in the witness box as a husband who would not build the fires on cold mornings. The divorce has been granted, the court allowing Mrs. Nation half the property owned by them.

The vote on the constitutional amendments for the entire state, including the City of Baltimore, at the recent election was: Relative to states attorney's office—For, 31,326; against, 21,729; majority in favor of amendment, 9,597. To increase Baltimore city's representation in the House of Delegates—For, 33,755; against, 18,184; majority for amendment, 15,561. To increase city's representation in the Senate—For, 35,686; against, 17,137; majority for amendment, 18,549.

The large bank barn on the farm of the Buckingham Industrial School, near Buckeystown, Frederick county, was totally destroyed by fire Tuesday afternoon, entailing a loss of over $10,000. Hay, fodder and farming machinery were also consumed as were the outbuildings. The two large cornerib containing 400 barrels of corn, and the hogpens, which were recently completed at a cost of $600, were destroyed. In these pens were a number of killing hogs, which were being fattened for slaughtering, but the fire spread so rapidly that they could not be liberated and were all roasted alive. The barn, which was one of the finest structures of its kind in Frederick county, was 90 feet long and 50 feet wide, and was built a few years ago.

Arrangements have been made for the opening of the South Carolina Interstate and West Indian Exposition by the President next Monday. At the conclusion of the address of Senator Depew, in Charleston, messages of greeting and felicitation will pass between the President and the managers of the exposition, and at 2.30 o'clock the President will press the button which will set the machinery of the Exposition in motion. The South Carolina delegation in Congress and several prominent Government officials will be present at the ceremony in the White House.

The appraisers at Canton, Ohio, have filed their report of the appraisement of the estate of the late President McKinley. The report shows that the deceased died possessed of personal goods and chattels to the value of $82,655.89; of securities, bank deposits and life insurance, $133,105.15; moneys $129.15. Total personal estate, $135,800.18; of which $60,132.19 was life insurance. The real estate was not appraised, as under the will it goes to Mrs. McKinley for life, and at her death to his family. It is believed to be worth from $60,000 to $75,000.

On Wednesday night two passenger trains, running at full speed, collided on the Wabash Railroad, near Seneca, the second station west of Adrian, Mich. The west bound train, with seven coaches, two of which were filled with immigrants, was smashed and burned, causing frightful destruction of life. The eastbound train, the Continental Limited, was also wrecked and many passengers killed. The first reports placed the number killed or injured, at 100 to 150. The tracks were strewn with the dead and dying.

The temperance restaurant proprietor, A. W. Dennett, who once conducted a chain of restaurants across the continent from New York to San Francisco, has failed for $92,000, with no available assets. Most of his creditors are women and missionary societies. There are two of the Dennett restaurants in Baltimore.

The explosion of a boiler in the Penberthy Injector Company's establishment, in Detroit, Mich., on Tuesday morning, caused the death of twenty-six men and the serious wounding of twenty others. The building in which the explosion occurred, and which was a three-story structure, 54x100 feet, was completely destroyed.

Fire companies from York, Pa., Winchester, Va., Westminster, Union Bridge and Hagerstown, the local firemen and a company of the M. N. G. from Hagerstown, were in the line of the firemen's parade at Waynesboro, Pa., on Thursday. The town was crowded with visitors.

Concerning pensions, the Secretary of the Interior, in his report, says "intricate questions have arisen which greatly embarrass the department, and he suggests that Congress should authorize the preparation of a number of test cases to be submitted to the Court of Claims and the Supreme Court."

Miss Nellie J. Weislager, teacher of the school at Lansdowne, Baltimore county, has written a letter to the County Commissioners, asking that Mr. David Stone, (formerly of Westminster,) be appointed to some position within their gift.

Mr. Luther Martin, Jr., of near Armacost, Baltimore county, who injured his back severely several months ago while loading logs on a wagon, broke his right leg below the knee while engaged last week on similar work.

Howard Cole, of Washington county, was arrested in Cumberland to answer the charge of marrying a 14-year-old girl, but the bride's mother counteracted the effort of the girl's uncle and had the groom released from custody.

A snowstorm prevailed in Garrett county from Saturday till Wednesday last, without a break. Many of the county roads through the mountains are reported impassable on account of snowdrifts.

Mr. Clem Studebaker, the noted wagon manufacturer and philanthropist, who was a native of Adams county, Pa., died at South Bend, Ind., on Wednesday.

Mr. Geo. Reus was instantly killed in Hanover, Pa., on Thursday. Mr. Reus was driving along the street in a buggy, when the horse took fright and ran away.

The Bulgarian brigands who are holding Miss Stone, the missionary, now refuse to release her for $65,000, and are holding out for $110,000.

JUMPED ON A TEN PENNY NAIL.

The little daughter of Mr. J. N. Powell jumped on an inverted rake made of ten penny nails, and thrust one nail entirely through her foot and a second one half way through. Chamberlain's Pain Balm was promptly applied and five minutes later the pain had disappeared and no more suffering was experienced. In three days the child was wearing her shoe as usual and with absolutely no discomfort. Mr. Powell is a well known merchant of Forkland, Va. Pain Balm is an antiseptic and heals such injuries without maturation and in one-third the time required by the usual treatment. For sale by W. Scott Zepp.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the family millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at W. Scott Zepp's, Druggist, Westminster. Get Green's Special Almanac.
