as not to pass the Account in its present form, be pleased to return it to the Auditor for his revision, and then it will again come properly before me. I agree in opinion with your Board that an uniform principle should govern in the Settlement of all Accounts, and I will add that it is my wish that it should be adopted in every other transaction of Government, especially so far as I am concerned. When I received your Letter I thought to have laid it before the Genl. Assembly with the Account it referred to; but reflecting since, that as the Session was near a Conclusion it would be better to adjust this business without
