WESTMINSTER, - MARYLAND.

W. L. W. Seabrook, - Editor.

Entered at the Postoffice at Westminster, Md., as Second-class matter.

SATURDAY, FEBRUARY 22, 1902.

Subscribers wishing their addresses changed must state their former as well as new address.

The *Advocate* is in line with the SENTINEL and with nearly the entire press of the State in opposing the bill to pension the judges of the Maryland courts. It speaks in no uncertain way on the subject and undoubtedly voices the sentiments of a large majority of the people, without regard to party affiliations. It is to be hoped that the last of the bill has been heard in the General Assembly.

The *Advocate* hopes the SENTINEL "will not fail to note that a Democratic Legislature extended the term of a Republican judge who is nearing the age limit of seventy years," meaning Judge Phelps, of Baltimore. But Judge Phelps cannot be properly classed as a Republican. He was elected to Congress and afterwards to the Bench as a Democrat and was re-elected in 1897 without opposition. He is really an Independent with Democratic proclivities. Judge Schmucker, of the Court of Appeals, who was elected without opposition, is a Republican. He was appointed by Governor Lowndes to fill a vacancy, and displayed such eminent fitness for the position that his election was a foregone conclusion. The SENTINEL gladly accords to the Democrats the full measure of credit to which they are entitled for this rare action on their part.

The opinion of President Roosevelt in the case of Admiral Schley was made public on Thursday and is adverse to that distinguished naval officer. The President reviews the case at length and concludes that substantial justice was done Admiral Schley by the Naval Court of Inquiry convened, at his request, to investigate his conduct in the Santiago campaign. Hosts of Americans, however, will dissent from this opinion of the Chief Executive of the Nation, though it will have great effect on many minds. Many other Americans will agree with the President in his conclusion that "there was nothing done in the battle that warranted any unusual reward for either" Admirals Sampson or Schley. Clearly the President considers the attempt to make a hero of Sampson at the expense of Schley's reputation a dismal failure, but is more than disposed to give the credit of the victory to the officers severally in command of the American ships. Wainwright, he says, "was entitled to receive more than any other of the commanders."

The Western Maryland Will Lose Gen. Hood.

It has been a matter of public knowledge for nearly a week past that the Western Maryland Railroad Company is to lose the services of Gen. John M. Hood as its president and as general manager of the road. Gen. Hood has informed the directors of the company of his intention to accept the presidency of the United Railways and Electric Company of Baltimore, which, it has been decided, will be formally tendered him and to which he will be elected on the 26th inst.

In the face of great difficulties Gen. Hood has brought the Western Maryland Railroad to a condition of remarkable prosperity and made it so valuable that several of the prominent roads of the country are contending for its purchase. Not the least of the embarrassments which Gen. Hood has encountered in his management of the Western Maryland have been the periodical propositions for its sale. But for these he would probably, by this time, have had tidewater connections in Baltimore well under way, if not completed, and would thus be saving the company the burdensome tunnel charges which have served to cripple, to some extent, its operations, besides giving the road an independent outlet for its traffic.

Now that the determination of city officials to sell the road, or the city's interest in it, seems emphatic and decided, Gen. Hood has, from a personal point of view, acted with wisdom and prudence in deciding to accept the presidency of another corporation. He deserves the thanks of everybody interested in the Western Maryland, for his great service to that enterprise, and all will regret that circumstances have constrained him to sever his connection with the road.

An Earthquake Destroys 2000 People.

An earthquake occurred last week at Shamaka, in Southeastern European Russia, near the Caspian Sea, causing the death of 2,000 persons, mostly women and children, and the destruction of 4,000 houses. Shamaka had a population of 22,139 in 1890. Four villages in the surrounding country suffered from the earthquake. East of Shamaka, near the village of Marasy, a volcano has become active. A great fissure has appeared from which immense flames and streams of lava are issuing. The course of a river has been changed by its bed having become obstructed by masses of earth dislodged by the earthquake. The people of the city and the surrounding country are in a state of dismay and terror.

Swept by Blizzard.

A violent blizzard swept the region bordering on the Atlantic Ocean, from Virginia northward, through New York, on Sunday and Monday last. The following reports will give some idea of the intensity of the storm:

NEW YORK, Feb. 17.—The eastern part of New York State from this city to the Canadian border was swept today by a blizzard such as has not been felt since 1888.

Up to midnight reports showed that 16 counties received in full force the effects of the gale and the accompanying fall of snow. The blizzard did not extend to the western part of the State, although it is expected there.

Wind blowing at a hurricane speed, anywhere from four to eighteen inches of snow, and drifts from six to twenty-five feet are recorded, while there is a long list of delayed trains, impeded or wholly abandoned trolley service and impassable country roads.

In this city the blizzard was one long to be remembered.

Beginning early Monday morning the storm increased rapidly until by daybreak the whole city was completely snowed under. The rising force of the gale piled the snow in great drifts that for a time almost suspended traffic, except in the main thoroughfares, where the car tracks were kept open only by the constant use of snow-plows and sweepers.

JERSY CITY, N. J., Feb. 17.—Advices from other towns throughout the State show that the blizzard has been felt all over New Jersey.

The latest advices are that during the evening the storm abated considerably, the snow having ceased to fall and the wind having decreased in velocity.

ATLANTIC CITY, N. J., Feb. 17.—One of the severest storms since 1888 struck this coast early this morning. A gale of 40 miles an hour raged and by nightfall nearly 20 inches of snow had fallen.

PHILADELPHIA, Feb. 17.—A heavy storm, which began in this section at 10 o'clock last night, ceased at 5 o'clock this afternoon.

The fall of snow was the heaviest in three years. A high wind accompanied the snow, but is now rapidly diminishing. In this city 11 inches of snow were recorded at the Weather Bureau, and in the interior of Pennsylvania it fell in depths varying from one to six inches.

SALISBURY, MD., Feb. 17.—The worst snow storm since the memorable blizzard of February, 1899, prevailed here last night and a portion of this morning. A severe gale caused the snow to drift badly. The snow is from 10 to 12 inches deep on a level, and many drifts are from two to four feet deep. The rural delivery mail-carriers were unable to make their trips.

MASSEY MD., Feb. 17.—Kent county, Maryland, is now bound up in a snow blockade on land as well as by an ice blockade in Chester and other rivers. The snowstorm struck this section about 10.30 o'clock Sunday night and continued until about 11 o'clock this morning. The fall was about six inches deep on the level. It was not until a strong northwester set in this morning that the drifting began. On country roadways running at right angles with the wind the snow banks are as high as the fences and impassable.

The Johns Hopkions Celebration.

Baltimore, February 21.—Several representative residents of Carroll county, many leading Marylanders, and the most eminent educators of the United States and Canada, are in Baltimore at this time, to do honor to the Johns Hopkins University at the two-day celebration of its twenty-fifth birthday. Her president expresses the warmest gratification at the kind terms in which the great leaders in the country's thought have worded their esteem for Maryland's leading school in their notes of acceptance for her Quarter-Centennial. Among the most eminent administrators to be present on Friday and Saturday are Presidents Patton, of Princeton, Alderman, of Tulane, Hadley, of Yale, Eliot, of Harvard, Dabney, of Tennessee, Conaty, of the Catholic University, Butler, of Columbia, Moffat, of Washington and Jefferson, Wiggins of the University of the South, Harper, of Chicago, Wheeler, of California, Chaplin, of St. Louis, Jordan, of Leland Stanford, MacCracken, of New York University, Venable, of North Carolina, Daugherty, of Georgetown, Starr, of Randolph-Macon, Angell, of Michigan, Loudon, of Toronto, Canada, Peterson, of McGill, Canada, Purlington, of West Virginia, Hazard, of Welesley, Prichett, of the Massachusetts Institute of Technology, Ricketts, of the Rensalaer Polytechnic Institute, Scott, of Rutgers, and others to the number of a hundred institutions which are recognized all over the land.

Maryland educators to be there are Presidents Silvester, of the Agricultural College, O'Hara, of Mt. St. Mary's, Lewis, of Western Maryland, Maas, of Woodstock, Harris, of Tome Institute, Slattery, of St. Josephs, Fell, of St. Johns, Abraham, of Rock Hill, and many officials of the public schools. Senators Wellington and McComas, Senator-elect Gorman, Governor Smith, Comptroller Hering, Congressman Schirm and others, Mayor Hayes, Treasurer Vandiver, the Judiciary of the State and City, and prominent representatives of every region of the State will also be present. In addition to President Lewis, other members of the faculty of Western Maryland College are in attendance, all of whom were enrolled at Johns Hopkins as students, at some time. They are Profs. W. R. McDaniel, Rowland Watts, Geo. W. Ward, the last of whom received the Ph. D. degree in history and politics there in 1897; Prof. Ferdinand Bonnotte, Ph. D. in the romance languages in 1896, and Prof. George B. Hussey, Ph. D. in Latin and Greek in 1887.

The visiting scholars wear the robes of their orders, ranks, faculties and degrees. As they marshal for the academic procession at each of the two meetings in the big auditorium of Music Hall they present a pageant of every color from the royal red of the two British universities to the simple black of the Christian Brothers. The Alumni and the medical and academic students will follow the distinguished guests in the procession.

In the presence of this most notable gathering in its history, the University will move aside from the rule which has made it unique and will express its approval of high merit after the manner of its sister schools. Its first honorary degree—the LL. D.—will be conferred on several eminent men during the exercises on Saturday morning as part of which President Remsen will deliver his inaugural address. Who these are will not be known until the President names them on that day, but the Nation will recognize their fitness for the honor which the university has seen fit to do them.

One of the announcements reserved for the day has escaped prematurely, that of the unconditional gift of the splendid lands on the northern boundary of the city. Other important communications, however, remain to be made. In the evening the Alumni will close the jubilee by a large subscription banquet in Music Hall. The University has invited many of the most distinguished visitors to attend the banquet as its special guests. Each alumnus has the privilege of inviting friends and the number at the table will approximate four hundred.

Marylander Dies in Missouri at the Age of 94.

Mr. Frank T. O'Neill, of the firm of Holland & O'Neill, millers, of Western Run, Eighth district of Baltimore county, has received word of the death of his grandfather, Charles G. O'Neill, popularly known as "Uncle Charley," of Green county, Missouri. The deceased was 94 years old and the son of John Spencer O'Neill, a soldier in the War of 1812. Four of Mr. Charles G. O'Neill's sons were in the Union Army during the Civil War, and the battle of Yocums Creek waged around his house. Though not in the army, he volunteered his services on the Union side and was once captured by Marmaduke's men and sentenced to be hanged, but for some reason was released.

At the time of his death he held in his own name 220 acres of land in Missouri and 300 acres in Arkansas. A large amount of money and secureties of considerable value are believed to be buried on his property. A jar with $7,000 was found several years ago. The belief prevails that other jars may be hidden there. Ten children survive and there are over 100 descendants.

Mrs. Julia Dent Grant, widow of Gen. U. S. Grant, celebrated her seventy-sixth birthday anniversary on Saturday, at her home in Washington, D. C. Mrs. Grant has had with her this season her daughter, Mrs. Sartoris; her granddaughter, Miss Miriam Grant, and her daughter-in-law, Mrs. Frederick Dent Grant. Mrs. Grant is in unusually good health this winter and thoroughly enjoys her quiet life.

A house at Glyndon, occupied by Mr. C. K. Yingling and family, was destroyed by fire about midnight of Friday, 14th inst., and the members of the household had barely time to escape, without saving anything from the burning building. The loss on the house and contents is estimated at $4,500 and was covered by insurance.

The Baltimore and Frederick Electric Railway Company has purchased 400 of the 685 shares of the stock of the Woodsboro and Frederick Turnpike Company, paying therefor $40 per share, the par value being $20 per share. The turnpike extends from Frederick to the Monocacy, on the Woodsboro road, a distance of only three miles, but it is one of the best in the State and is much traveled. The Railroad Company has also secured the right of way along the Frederick and Libertytown turnpike, covering the proposed route of its road from the Carroll county line to Frederick. If the road shall be built it will only require the construction of a few miles of additional railway between Frderick and Hagerstown to complete a continuous line from Baltimore to the latter place.

State Game Warden John W. Avirett issues an appeal for the feeding of partridges during the cold weather. In a communication to the Baltimore *Sun* he says: "All deputy game wardens are authorized to furnish broken wheat, screenings or other suitable food for the birds until April 1 to responsible persons at the expense of the game warden. Whenever a covey of birds is in want of food an application for the food to the nearest game warden, with a copy of this article, will secure the food. It is very important to the game supply of the State that the birds be fed in weather that deprives them of access to their natural supply. Farmers and sportsmen generally are urged to assist in this work. Deputy game wardens will, on April 1, send their accounts for food supplies under these instructions to the game warden for liquidation."

Mr. L. E. Fowble has been appointed postmaster at Fowblesburg, Baltimore county.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for Indigestion or Billiousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flowers to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. You can get Dr. G. G. Green's reliable remedies at W. Scott Zepp's, Druggist, Westminster.

Near Bloom, Feb. 19th, 1902, Catherine Devilbiss, in her 77th year.

In this city, Feb. 17th, 1902, Jennie M., wife of L. A. Cook, aged 33 years, 9 months and 11 days.

A precious one from us has gone,
A voice we loved is stilled,
A place is vacant in our home
Which never can be filled.

God, in His wisdom, has recalled
The boon His love had given,
And though the body slumbers here
The soul is safe in Heaven.

IN FOND REMEMBRANCE

of Howard W. Easton, who departed this life Feb. 17th, 1901.

Howard, thou art gone, but not forgotten."
Gone to the grave is our loved one,
Gone in his youthful bloom,
Torn from the hearts that loved him
To sleep in the silent tomb.

Yet again we hope to meet thee,
When the day of life has fled,
Then in Heaven we hope to greet thee,
Where no farewell tears are shed.

By his aunt, Maggie A. B. Shipley.

In this city, Feb. 18th, 1902, Blanche May, daughter of John E. and Ida J. Deeds, aged 5 years and 29 days.

Just at the dawn of breaking day,
Angels of love, mercy and power
Came, regardless of tears and prayers,
And took our little darling away.

But submission, oh God, give us!
Fill us with thy Heavenly love;
Assure us that some day we'll meet her,
In those Heavenly mansions above.

She has crossed the mystic river,
Joined the ransomed on the shore,
The golden gates have closed behind her,
She is praising Jesus for evermore.

Good-bye darling, thou hast left us,
But she turns and waves her hand,
Pointing us to blissful pleasures
In that bright celestial land.

By her Parents.

IN MEMORIAM.

In loving remembrance of our dear son, Howard W. Easton, who died one year ago, February 17th, 1901.

One we loved has died and left us,
For the dark and silent tomb,
Closed his eyes in sleeping slumber,
Faded in his early bloom.
He did not sink by slow decay
Like one that lives the longest,
But every tie was wrenched away
Just when those ties were strongest.
Our hearts are sad and lonely yet,
Our grief too deep to tell;
But with thee in Heaven we hope to dwell.

By his Father and Mother.
