Head Qrs. March the 10th 1780

30

Sir

Since I had the Honor of writing to Your Excellency on the 20th Ult. I have obtained Returns of some Corps, which I had not then. I find there are in Moylan's Regiment of light Dragoons a few Men belonging to the State of Maryland, of which I inclose You a particular Return, specifying the terms for which they stand engaged.

I have received within a few days past the Honor of Your Excellency's Letter of the 3d last month. In consequence, I have informed General Gist that a Flag shall be furnished to convey Your Passport to New York, respecting Mrs. Chamier's furniture, which I very much wish that She may receive them safe. Her peculiar circumstances and the generosity of Mr Chamier in his life time to our Prisoners, as has been frequently mentioned, seem to have given Mrs Chamier a good claim to the indulgence the Council have granted.
