Sir,

I have the honour to write to your Excellency on the 20th of last month. Give me leave to beg for an answer to it, by the Bearer of this. I flatter myself that the importance of the subject it contains, will have been the object of your Excellency's consideration; and that in consequence of it you will be so good to send Orders to the Collectors of the taxes, who still continue to threaten his M. C. majesty's subjects with seizing their Properties. it is also necessary I should have a letter from you on that Regard.—
