Honoured Sir

Delaware State Feby 3d 1801 (103)

I am happy I have it in my power to inform you, that I have consulted every person in power here respecting your becoming a resident of this State: together with your Son. who generally agree, that it will be attended with no difficulty at all — indeed Mr R— offered to give you under his hand, if it had been necessary, something to specify the certainty of your being well received here notwithstanding the determination of the H— of S— in short I have every assurance that you will be received with the utmost politeness; and further that you may enjoy a perfect peace and security here as the times will admit of — with respect to the manner of getting here I confess myself totally at a loss to advise you now tho have not a doubt but it may be readily accomplished, and the sooner you get to this this place the better, for reasons which I can't so well mention at this time — I have the pleasure to inform you that I heard from home since my arrival here, and am happy to find that no thing of consequence has turned up since I left it — I need say but little on the subject of your getting here as quick as possible: as I am well assured, you will loose no time in accomplishing so desirable an end. In short our peace and happiness depends on your speedy return My respectfull love and compliments to Sam and Ann Honoured Sir

Yours of your Dutyfull Son

You may possibly receive this before the Assembly of Delaware determine the second time respecting your case — upon second thought & from what I can in my opinion you had better stay about ten or twelve days longer, and should they determine in your favor I have ordered it in such a manner, that you will be informed of it within eight days after their determination
