You will oblige me much, If you would procure me as much Baize as will make me a coat, It will depend upon the width how much Will be necessary, and when you go into Alexandria get me / If to be had / a Suit of dark Green with trimings, If this Colour cannot be had, buy Two Yards of brown, If this Cannot be procured, take Two Yards of any other Neat Colour for Summer's Wear, I suppose there will be buttons to answer each of the Colours, If they are not Neat & fashionable I would rather be without them -
