ARCHIVES OF THE STATE OF MARYLAND.

To his Excellency the Governour, and to the Honourable the Upper and Lower houses of Assembly of the Province of Maryland —

The petition of the Subscribers Inhabitants of Part of Talbot County

Humbly Sheweth, That that part of Talbot County inhabitted by your Petitioners lyeth so remote from any of the Parish Churches that they are deprived of those inestimable Benefits which are enjoyed by their fellow Christians who are happily seated near their Parish Churches, and as the Extent of the parishes at Present do render it allmost impossible for the most able and Deligent Ministers to Attend their Churches as they ought, they Humbly conceive as they are a Sufficient Number to raise a Competent liveing at Present and Likly to increase very fast (and also without reduceing the revenues of any of the Present parishes to less than thirty seven thousand lbs. of Tobacco) they may without Presumption Hope for your Excellencys and Honours Assistance

And they Humbly pray that an Act may Pass this Session to take place on the Demise of the Present incombants as they shall happen to erect all that part of the County aforesd. Viz. Beginning at Mr. Anthony Richardson's Wharfe and thurning with the main Road from it to Talbot County Court house till it intersect the main Road from Oxford through the said County to Wye Mill, thence with the said main Road to that place Near Wye Mill where the Road that parts Queen Anns and Talbot County's comes into the aforesd. Road, thence with the said Partition Road to Tuckahoe Bridge and thence with Tuckahoe Creek and Choptank River to the Beginning into a parish &c —

and your Petitioners will ever pray &c.
