Members State Central Committee for Carroll County.

From a recent poll of the members of the Georgia Legislature, as to their preferences for a Democratic Presidential candidate, Senator Gorman, of this State, easily led all the aspirants. Twenty members of the Senate out of 44 favor Mr. Gorman, the next on the list being Judge Parker with seven. Of the House 68 of the 175 members prefer Mr. Gorman, Hill standing next with eighteen. As a citizen of an old slaveholding State it is natural to expect that Mr. Gorman will be the preference of most Southern Commonwealths, but that very fact may be the source of his greatest weakness, as he could not expect to receive any electoral vote in the South that would not as certainly be cast for a Northern Democrat, and an unexceptionable candidate from the North might add strength to the ticket in that section. It matters little, however, who shall be the Democratic candidate. His defeat is about as certain as any future event can be.

NO ABATEMENT OF PROSPERITY.

For some time past there has been a gradual but steady decline in the market value of stocks generally, a decline which probably reached its culmination on Saturday last when several heavy Wall street operators were forced to suspend and the day closed with a financial panic apparently impending. Monday was a day of anxiety and apprehension. Other failures, with a disastrous effect, were feared; but the day passed over without the realization of further catastrophe, a return of a feeling of security followed and the promise of a more stable condition of values on the stock market ensued.

The shrinkage, from first to last, in these values, has been something remarkable, as few if any stocks have escaped its influence. It is generally supposed that nothing in the stock world is more reliable than Pensylvania Railroad and Standard Oil. Yet both these were affected to a very considerable degree. It is calculated that the fortune of John D. Rockefeller, the Standard Oil magnate, dropped $100,000,000 by the shrinkages. Of course, much, if not all, of that will be regained by the appreciation of the stock in the future. Whether that will come speedily and promptly remains to be seen. There will be no mourning by the people of the country if it shall not come at all. There will be no symyathy for Mr. Rockefeller or for any of his ilk, who grow rich by preying on their fellow-men.

The prime question with the masses of the people is, will the slump in stocks affect the general prosperity experienced in a most remarkable degree during the last half dozen years? and the opinion of the ablest economists of the day is that it will not do so. That in substantial wealth, industry and business the country is on a solid foundation and cannot be shaken by fluctuations in stocks due to Wall street gambling and wild speculation.

Crops, except locally, are said to be good and money abundant, and conditions point to a continuance of the prosperity which began when Wm. McKinley was elected President in 1896.

The Maryland State Horticultural Society will hold a field meeting at the farm of Mr. W. F. Allen, two miles from Salisbury, Wicomico county, on Thursday next, 6th of August. At the last previous meeting Mr. Allen invited the society to visit him at this time and the invitation was accepted. It is a new departure on the part of the society, but will afford the members an excellent opportunity to see a farm on which trucking is carried on extensively. Among other things they will witness the handling of melons from a patch of more than fifty acres. Conveyances will meet all trains and convey passengers to Mr. Allen's farm for 10 cents. Members expecting to attend must notify the secretary, Mr. J. B. S. Norton, College Park, Md., at once, so that Mr. Allen may provide dinner for all who may be present on the occasion.

Work was begun on Tuesday on the construction of the first division of the Cumberland extension of the Western Maryland railroad. This extension runs from Cherry Run west to Sidney Hill, a distance of 22 miles. About 500 men are employed and this force will be increased as the work progresses. Several deeds, transferring land to the railroad company, were filed for record at Hagerstown.

A PERSONAL WORD.

The editor of the SENTINEL has been informed that the editorial references in these columns, in the last two issues of the paper, to the reported exercise of effort in a certain Democratic quarter to influence and shape Republican nominations in this county, are attributed by some persons to personal feeling, begotten by the active exertion of the same influence against the nomination of the writer as the Republican candidate for Congress in this district in 1900. It is scarcely necessary to discuss a proposition so manifestly illogical. The SENTINEL has mentioned no names. Why, then, should any individual make a personal application of the statement made by it, unless the accusation fits that individual? or attempt to nullify or divert its force by ascribing it to personal instead of political causes? Does not this haste to manufacture a side issue indicate the existence of the condition the SENTINEL has been decrying?

This, however, is not the "personal word" intended to be said by the editor. What he desires to say is, that there is is no element of malice toward an individual in any editorial utterance he may make, at any time, in the SENTINEL. Believing that Republican policies, in a general sense, are for the best interests, welfare and prosperity of the country, he desires the success of the Republican party for that reason. He believes that the only means of securing that success is by an open, straightforward and honest statement of Republican principles, and their maintenance, regardless of the political aspirations of any individual or aggregation of individuals. It is reasonable to suppose that no Democrat will undertake to interfere with Republican plans, except to thwart them, or for some private, individual advantage, to be gained, regardless of the effect upon the party fortunes. These conclusions are logical and natural, and can hardly be denied.

The Republican who honestly desires the success of his party cannot coalesce with Democrats in efforts to shape the personnel of a party ticket. If he shall do so, he simply advertises to the world that personal and factional success are more potent with him than party fealty.

Republicans capable of such a coalition cannot be convinced that there are other Republicans who will not seek personal success except by honorable means, and who can and do rise above all personal considerations in fealty to the principles which they profess; or that there are Republicans who oppose coalition with Democrats purely because to do so affords the best ground and guarantee of Republican success.

The editor of the SENTINEL is not seeking political preferment, and has no desire to punish the enemies who thwarted his political ambition three years ago. He realizes the immeasurable importance and value of a Republican victory, in November, to the interests and rights of the people of Maryland, and so looks with a jealous eye upon any proceeding calculated to diminish or imperil the prospect of such a victory. Carroll county can be won to the Republican standard by a clean-cut, straighforward Republican campaign, divested of side issues, extraneous influences and personal interests. By all means let us have such a campaign, with harmonious action, and victory will be ours.

Fatal Powder Mill Explosion.

An explosion of powder on Wednesday night about 7 o'clock in one of the two chaser-houses of the Rockdale Powder Mills Company, near Hoffmanville, Baltimore county, a short distance from the eastern border of this county, resulted in the untimely death of two of its employees and the complete demolition of the building itself. The dead are:

Emory Tracey, of Eklo, aged 28 years; right leg broken just below the knee, wound on the head and badly burned over the entire body.

Benjamin Kalb, of Beckleysville, aged 25 years; badly burned internally and externally.

Death must have been instantaneous in both cases.

Tracey and Kalb were employed in the mills as tower workers, and their specialty was in feeding the large incorporating or mixing wheels in the chaser-house. These wheels, two in number, each weighing about seven tons, are seven feet high and have a tread of 23 inches. They follow one another in a circuitous route upon a large iron base, and on this base the ingredients of the black powder, which is manufactured at the mills, are placed so that the huge wheels can incorporate them together and thus make the explosive.

It was at these wheels that the young men were working on Wednesday night, pouring in the ingredients and raking out the powder in its first rough state, when the fatal explosion occurred, and no one seems to know just how the powder under the wheels was set off. There were two distinct reports, the powder under each of the two wheels exploding at an interval of about one second. The two men did not have any fire about them, and, as far as is known, there was no friction from the wheels. The latter solution, however, was set at naught by the manager of the mills, Mr. Otis Rechard, who asserted that a flash would have been necessary to have exploded the power under the wheels, which amounted to between 300 and 400 pounds. The concussion from the explosion was sufficient to blow to pieces the entire chaser-house, which was 24 feet square, only leaving standing the bare machinery.

Tracey was found afterward in one corner of the house, and Kalb was blown 30 feet away from the foundation of the building on the opposite side of the millrace, which furnishes the water by which the machinery is run. Both bodies were burned black and in some places had been charred. The clothes were burned entirely from their forms, their hair and eyelashes singed and the flesh under them charred and Tracey's eyes burned completely from their sockets. The night watchman, Ephraim Ebaugh, had just left the chaser-house about one-half minute before the explosion occurred.

THE DEAD MEN.

Emory Tracey was the son of James Wesley Tracey. He leaves a widow and one child. He had only been working at the mills for the past two months, having previously worked on the farm of Mr. Maurice McNamee, near Middletown, Baltimore county.

Benjamin Kalb was the son of the late Henry Kalb. He leaves a widow, one child and two brothers.

At Lowell, Mass., on Wednesday, two small powder magazines, surrounded by the homes of mill operatives, were exploded, wrecking about 70 houses and killing 22 persons, six of whom were children. Some of the victims were caught in the wrecks of their homes and burned to death. Several persons are missing. Six others are seriously injured. The magazines belonged to the United States Cartridge Company, but were situated half a mile from the company's factory. They were built 30 years ago in an open field, and the homes around them were built subsequently. Some of the victims were employees of the Cartridge company, while others were employed by the Stanley Forwarding Company. The explosion was caused by a workman, who poured the contents of a jug of nitric acid on a leaking can of nitro-glycerine, in one of the magazines, supposing the jug contained water.

Gorman kicking Gov. Smith out of the race for United States Senator.

Thirteen desperate prisoners confined in the Folsom penitentiary, in California, made a daring and successful fight for liberty last Monday morning. In some way they obtained knives and razors and, going in a body to the office of the captain of the guard, attacked the warden, his grandson, the captain, the turnkey and several guards who happened to be present. The officers fought desperately but were overpowered. Wm. L. Cotter, a guard, was killed, and C. J. Cochrane, the turnkey, desperately wounded. The convicts then, using the officers as a shield, marched out of the prison and its enclosure, passing a gatling gun which could not be fired without greatly endangering other lives than those of the desperadoes. A mile from the prison the warden, his grandson and the captain of the guard were released, but the others were marched along with the convicts. Further on a farmer's four-horse team was seized, his house stripped of all its portable valuables and he compelled to accompany the gang as driver. They then passed onward in the direction of Bald Mountain. A military company was called out by the Governor and ordered to the scene. The other prisoners, several hundred in number, made no effort to escape. The escaped convicts were pursued by the military and one of them was shot and killed. The others are still at large.

The burial of the venerable Pope Leo XIII took place at sunset on Saturday last.

IMPORTANT CHANGE IN TRAIN SERVICE ON W. M. R. R.

Commencing August 3rd, the Western Maryland will quicken up very materially the time of their No. 18 train, so as to arrive Hilien Station, Baltimore, at 5.40 P. M., instead of at 6.05 P. M., as heretofore. This train will leave Hagerstown at 2.10 P. M., as in the past, and run on same time as heretofore as far as Westminster, leaving the latter point at 4.25 P. M., and arriving Baltimore as above. By this means passengers will not only have a quick run to Baltimore, but will arrive at latter point in time to connect with the 5.50 P. M. train from Union Station, Baltimore, for Philadelphia and New York, and will also be enabled to make connection with the steamboat lines from Old Point Comfort, Norfolk and other Southern points.

The ladies of the Presbyterian Church, New Windsor, will hold their annual lawn fete on the church lawn, Friday and Saturday evenings, August 7th and 8th. Supper each evening for 25 cents. Vocal music Friday evening. Band concert Saturday evening.

St. Mark's Lutheran and Reformed Sunday School, at Snydersburg, will hold their annual celebration, Saturday, August 8th. Brodbeck's famous Band, of York county, Pa., will enliven the occasion with choice music. Several able speakers will be present to address the people. Refreshments of all kinds for sale. Come one! Come all.

The Ladies' Mite Society of Mt. Pleasant Church will hold a lawn fete on the lawn adjoining the church on the afternoons and evenings of August 20, 21, 22. One of the chief attractions will be a table of fancy and staple articles which will be offered for sale. Ice cream, cake and confectionery will also be served. Let everybody attend and help the ladies in a good cause.

Thomas Chapel Sunday School will hold a picnic in Basler's grove, on the Gorsuch road, one mile from Westminster, on Saturday, August 15th. Several other schools are expected to attend, and an enjoyable time is anticipated. Refreshments will be sold for benefit of the school.

The picnic of the Sunday School of the Lutheran Church at Uniontown will be held tomorrow, August 1st, instead of Saturday, August 8th, as heretofore announced.

CHAIR CAR ON WESTERN MD. TRAINS.

The Passenger Department of the Western Md. Railroad announces that taking effect on Monday, July 27th, a chair car "Hettysburg" will be attached to their regular train leaving Hilen Station daily, except Sunday, at 8.35 A. M. for Hagerstown, and this car attached to Fast Mail train leaving Hagerstown daily, except Sunday, at 4.00 P. M., for Baltimore. This will enable comfortable trip in chair car at reasonable rates to be made between any points on main line between Baltimore and Hagerstown. This is quite an innovation, and should be a popular move on the part of the Railroad Co.

NOTICE TO TAXPAYERS.

COMMISSIONERS' OFFICE.
Westminster, Md., July 27th, 1903.

In pursuance of an act of the General Assembly, passed January Session, 1888, I hereby give the following notice to Taxpayers:

This is to give notice that the County Commissioners of Carroll county have made their annual levy on the assessable property of said county for State and County taxes for the year nineteen hundred and two; and that all persons or incorporate institutions that shall pay their County taxes on or before the first day of September next, shall be entitled to a deduction of two per centum on the amount of said taxes. On State taxes a reduction of five per centum will be allowed if paid on or before the first day of September; and if paid on or before the first day of October next, a deduction of four per centum; and if paid on or before the first day of November next, a deduction of three per centum; that said taxes will be in arrears on the first day of January next, and bear interest from that date; that all persons or incorporate institutions failing to pay their State and County Taxes before the same shall be in arrears, will render the property and estate of such delinquent liable to be sold for the prompt payment of said taxes.

FACTS

Are more stubborn than figures—Buy your FERTILIZERS only from responsible dealers, who guarantee you QUANTITY and QUALITY.

TALK IS CHEAP

Do not be deceived. Nothing is more susceptible to adulteration than Fertilizers, therefore give your orders only to LEGITIMATE DEALERS who pay Licenses and Taxes, thereby lessening your burden, and then only where analysis and weight is guaranteed under forfeiture of bill sold. Only the dealers who are willing to do this are worthy of your trade.

All our brands of FERTILIZERS have Pure Bone Base, the fertilizing properties will not give out during the growing season, as many quick acting articles do, but will mature the crop and leave the soil in an improved condition. All our brands are put up in 167 lb. bags for convenience in handling, unless otherwise ordered.

DISSOLVED S. C. ROCK.

We offer this as a strictly high-grade Rock—guaranteeing 14 to 16 per cent. Available Phos. Acid. The State chemist gives us a commercial value of $18.42 per ton—the highest of any Rock sold in the state. Our sales last year were unprecedented. Can furnish you with the strongest testimonials from the leading farmers of Carroll and Howard counties. Its drilling condition is perfect.

Price, $9.50 Per Ton.

"Special Mixture" for Wheat and Grass.

We ask your special attention to this mixture. This is our sixth season to offer this brand, with increased sales yearly. The cost per acre being so little above S. C. Rock, many farmers are using it instead of Rock, claiming they get a fourth larger yield, and that their land is left in much better condition. We guarantee every ton to contain 800 pound Pure Animal Bone.

Being composed of Dissolved and Raw Material, it is a great favorite, on account of its lasting properties; furnishing an abundance of nourishment and sustenance the time it enters the soil. When your grain is heading, the raw material has become dissolved, and its effects are felt just at the season it is wanted. It is in splendid drilling condition, and highly recommended.

Price, $16.00 Per Ton.

"Monacacy Special."

To those who want a cheaper goods than our "WHEAT and GRASS MIXTURE" we offer "Monacacy Special." This brand, too, has Animal Bone Base, though does not run as high in Ammonia.

Price, $14.00 Per Ton.

Martin's Dissolved Slaughter House Bone.

It is richer in Soluble Phosphoric Acid and Ammonia than any similar article in the market.

Owing to its great solubility, it is easily assimilated and supplies an abundance of nourishment and sustenance for the full development of the growing crops.

It is more reliable in action and more lasting in its effects than Peruvian Guano, yielding a healthful stimulation without any injurious after effects.

Price, $24.00 Per Ton.

Martin's Fine Ground Bone.

Made only of Slaughter House Bones. Contains a larger percentage of Ammonia and Bone Phosphate Lime than any other brand in the market.

We do not steam or bake our bones, or otherwise treat them so as to destroy the animal matter, which is rich in ammonia. Purity guaranteed.

Price, $26.00 Per Ton.

Bone and Potash Mixtures, 2-10 and 3-12 Goods.

Muriate of Potash, Tankage. Remember all our goods are guaranteed under forfeiture of bill sold.

COAL! COAL!!

George's Creek Steam Coal is recognized as being the best steam coal sold. We have it at the same price as the ordinary Run of Mines and in tons of 2240 pounds.

Anthracite Coal.

We have already booked orders from most of our customers for this year's supply. Will be glad to have yours. We bill all summer deliveries October 1st. Lay in your winter supply of Coal now at BOTTOM PRICES, and do not pay for it until you need it.

Building Material.

Our stock of Lumber is larger than ever. We offer you everything that enters into the construction of a building, and also at BALTIMORE PRICES.

Lime. Lime.

Agricultural and Building Lime—Agricultural Lime in wagon loads at car load prices. Sell us your Grain and haul Lime back.

Grain Sacks for Hire.

Home Market.

We buy and sell all Farm products.

We offer you a market for everything raised on the farm, and will give you full value for same.

We have elevator and storage warehouse on our switch, and will take any and all products brought at any time.

If you have anything to offer, come and see us, or write us, and we will bid you at once.

We want at all times in large or small quantities:

WHEAT, OATS AND RYE,
WHEAT, OATS and RYE STRAW,
TIMOTHY, CLOVER
AND MIXED HAY,

CHARLES C. GORSUCH, President. JOHN T. BROWN, Secretary and Treasurer.

N. I. GORSUCH SON Co.

INCORPORATED.

Please bear in mind that we are doing business at the same place, where for 20 years it has been our effort to please our patrons. Many of the older men, with whom we did business have been succeeded on the farm by their sons and tenants. It is to them we appeal. If you don't know us come and get acquainted with us. We propose to do the same reliable business that was conducted by our predecessor. We handle the same well known

Brands of Fertilizer

that they handled, made better than ever and especially adapted to our land. Give us a trial this fall. Exchange some

Rye Straw for Fertilizer.

You Will Find None Better as to Quality or Condition and Lowest Prices.

WHEAT! WHEAT!!

Don't forget us when you sell your Wheat. We can use 500 bushels a day. It takes quantities of wheat in our mill and we must have it; prices guaranteed. We also have

Fresh Ground Mill Feed,

our own make. Why buy Western Feed when you can get home-made feed, which all admit is much better, and you can get for the same price as the Western feed.

We want all the

RYE STRAW

that is grown within a radius of 12 miles from Westminster. Give us a call whenever you have any produce to sell.

Yours Respectfully,

N. I. GORSUCH SON Co.,
