ELECTION, TUESDAY, NOV. 3RD, 1903.

THE REPUBLICAN STATE CONVENTION.

The Republican State convention, which met in Baltimore yesterday, nominated the following ticket:

For Governor—Hon. Stevenson A. Williams, of Harford county.

For Comptroller of the Treasury—Hon. Lemuel E. P. Dennis, of Somerset county.

For Attorney General—Geo. Whitelock, of Baltimore.

It is impossible to give even an abstract of the proceedings of the convention, in the SENTINEL this week. But its work was well done and the ticket nominated is composed of men of high character and ability, and should receive the united support of the Republicans and of all Democrats who are opposed to confining the right to vote to such citizens as are capable of marking their ballots without making mistakes in doing so. The platform adopted is clear and unmistakable on this point. It will be published in this paper next week, with such other information concerning the proceedings as may be of importance.

DON'T FAIL TO REGISTER, OR TRANSFER.

It should need no argument or importunity to induce every unregistered Republican entitled to vote at the election in November, to have his name placed on the list of registered voters, and every Republican who has changed his residence from one voting precinct or district to another should not fail to have his name transferred to his new voting place.

The pending election is a most important one. A Democratic victory means more tinkering with the election law and the erection of more barriers to the exercise of the elective franchise. Under the existing law voters suffering with impaired vision, or in a nervous condition from disease or the infirmities of old age, find it very difficult, if not impossible, to mark their ballots properly and are thus practically disfranchised. The standard of education and intelligence must also be very high to enable a voter to vote according to his desire. These conclusions have been abundantly verified by the large number of defective ballots cast since the passage of the present law.

The Democratic State convention, held in Baltimore Wednesday night, served notice on the voters of a purpose to amend this law in such manner as to "promote intelligent voting," a phrase which simply means such changes as will make it more than ever difficult to cast a ballot in a satisfactory way.

Every Republican and many Democrats should bend all their energies to efforts to frustrate this scheme to concentrate political power in the hands of a favored class. This appeal to register and vote, however, comes to Republicans with especial force. The plans of the Democratic leaders to curtail the rights of the people make the Republicans, in a peculiar manner, the guardians of those rights, and impose a duty which no Republican should shrink.

With full registration and a united party—united not only on candidates for the General Assembly, but for the whole ticket—the Democratic leaders, who are scheming to usurp perpetual power, can be overthrown and the people's rights maintained.

The officers of registration will sit the first time next Tuesday week, September 29th. Then will be the time to register, or obtain transfers. See advertisement in the second column, first page of the SENTINEL this week, for places at which the sittings will be held; and don't fail to register or be transferred, as the case may be.

It is reliably reported that the Turks have destroyed the town of Kastoria, in the vilayet of Monastir, and put the inhabitants, numbering 10,000, to death. Yet the European Powers still fail to interfere to prevent these horrible butcheries.

Democratic Nominations.

The Democratic State convention, which met in Baltimore on Wednesday night, nominated the following candidates for Governor, Comptroller of the Treasury and Attorney General:

For Governor—Edwin Warfield, of Howard county.

For Comptroller—Dr. Gordon T. Atkinson, of Somerset county.

For Attorney-General—Wm. Shepard Bryan, of Baltimore city.

Iowa, Minnesota and Wisconsin were visited by a heavy rain storm, on Thursday of last week, which did extensive damage to grain and flax in shock.

NOT GENUINE DEMOCRACY.

Taking into consideration the accepted definition of the word "democracy," the party in Maryland which claims to be democratic is utterly misnamed. Democracy means "government by the people; a system of government in which the sovereign power of the State is vested in the people as a whole, and is exercised directly by them or their elected agents." Genuine democracy knows no class distinctions in government; it recognizes the equal rights of all citizens.

Judged by this standard Maryland democracy is not genuine, for the reason that it has already introduced class distinctions in regard to the right of suffrage. It has passed laws by which many good and worthy citizens have been practically disfranchised, and if successful in electing the next Governor and a majority in both Houses of the General Assembly will enact further laws intended to render the exercise of the privilige of the ballot more difficult still. The party leaders do not attempt to conceal this purpose; but they do seek to mollify such members of the party as have suffered or may suffer disfranchisement, by the pretext that the intention is to so apply the law as to shut out colored people only from the right to vote.

That this pretext is utterly fallacious may be gathered by a comparison of the number of male citizens over 21 years of age, with the number of votes cast in some of the Southern States at the Presidential election in 1900. In Mississippi, for instance, the male population of voting age is about 350,000, but in 1900 the total vote cast was only about 57,000, or less than one-fourth of those qualified by age to exercise the right of suffrage. Many more white people were disfranchised than the number who were able to cast their ballots. The situation in Louisiana was almost as bad as that indicated by the returns in Mississippi.

Under the existing law in Maryland, passed at the notorious extra session called by Gov. John Walter Smith, it is probable that a greater proportion of whites than of colored voters was disfranchised. Mississippi, Louisiana and other Southern States, in order to exclude colored voters from the exercise of the elective franchise, deliberately disfranchised more than half of their white voters. The purposes of the Democratic leaders in Maryland cannot be carried into effect without a similar result approximately.

Now, the question arises with every Democrat in Maryland who already finds it difficult to cast his ballot with any assurance that it will be counted, whether he will aid his party to bar him out of the elective franchise entirely, by voting to give it the power to enact such laws as have had that effect in Mississippi and Louisiana. Every vote cast for Democratic candidates for the Senate and House of Delegates, at the election in November, will be a vote to disfranchise many white voters. Presumably no Republican will aid in this nefarious scheme by voting for a Democratic candidate for either branch of the Legislature; but there are hundreds of Democrats in this county, who, by casting their ballots for the candidates of their own party, will be voting to deny themselves the privilege of voting at future elections.

Genuine Democracy does not seek to deprive any citizens of a Republic of the right to express his preference for an agent or officer to represent him in the government of which he is a member, hence no real Democrat can be representing his own views in voting a Democratic ticket in Maryland. The Democracy which seeks to curtail the rights and privileges of citizens is spurious and should suffer defeat at the hands of the people. True Maryland Democrats should endeavor to reform their own party and restore it to a genuine Democratic basis, by voting against its candidates at the election in November.

Judge Albert Ritchie, of the Supreme Bench of Baltimore, died at Narragansett Pier, R. I., on Monday, of appendicitis. He was spending his vacation at the place when attacked by the disease. Judge Ritchie was about 69 years old. He was a native of Frederick, a son of the late Dr. Albert Ritchie and a brother of the late Judge John Ritchie of the Court of Appeals.

The store of Mr. John A. Belt, of Gaithersburg, Montgomery county, was destroyed by fire on Monday, causing a loss of $10,000 or $12,000. Mr. Belt was in this city when the fire occurred, having come here to enter his son as a student at Western Maryland College. He had a heavy insurance on the property destroyed.

CHARLES C. GORSUCH, President. JOHN T. BROWN, Secretary and Treasurer.

N. I. GORSUCH SON Co.

INCORPORATED.

Please bear in mind that we are doing business at the same place, where for 20 years it has been our effort to please our patrons. Many of the older men, with whom we did business have been succeeded on the farm by their sons and tenants. It is to them we appeal. If you don't know us come and get acquainted with us. We propose to do the same reliable business that was conducted by our predecessor. We handle the same well known

Brands of Fertilizer

that they handled, made better than ever and especially adapted to our land. Give us a trial this fall. Exchange some

Rye Straw for Fertilizer.

You Will Find None Better as to Quality or Condition and Lowest Prices.

WHEAT! WHEAT!!

Don't forget us when you sell your Wheat. We can use 500 bushels a day. It takes quantities of wheat in our mill and we must have it; prices guaranteed. We also have

Fresh Ground Mill Feed,

our own make. Why buy Western Feed when you can get home-made feed, which all admit is much better, and you can get for the same price as the Western feed.

We want all the

RYE STRAW

that is grown within a radius of 12 miles from Westminster. Give us a call whenever you have any produce to sell.

Yours Respectfully,

N. I. GORSUCH SON Co.,

WESTMINSTER, Md.
