WESTMINSTER, - MARYLAND.

Entered at the Postoffice at Westminster, Md., as Second-class matter.

FRIDAY, NOVEMBER 13, 1903.

The SENTINEL'S elephant, which was badly crippled in the scrap with the Democrats last week, is rapidly recovering and will be in good trim to lead the procession in celebrating a Republican national victory next year.

Congress met in extra session on Monday, under the call of President Roosevelt. Hon. Joseph G. Cannon, of Illinois, was elected Speaker of the House without opposition on the Republican side, the Democrats casting their complimentary vote for Hon. John S. Williams. The rules known as the Reed rules were adopted. The minor officers of the Fifty-seventh Congress were re-elected.

A revolution has occurred in Panama, which has declared its independence of the United States of Colombia, and has set up a separate republican government. This country and France have recognized the de facto government of the new republic. The revolution may have an important bearing on the construction of the Isthmian Canal. Panama will probably promptly concede to this country all the rights necessary in the premises, while Colombia has long held up the treaty negotiated for the same purpose.

It is said that one result of the election in Maryland last week will be the passage of a "Jim Crow" law by the Legislature. Such a law would be a great hardship to railroads running through the northern tier of counties, and, if passed, should omit those counties from its provisions. The number of colored people traveling on the regular trains of the Western Maryland Railroad, for instance, is so small that it would cost the company vastly more to provide separate car accommodations for them than it would realize from their fares. Movable divisions might be provided, but they would simply be an inconvenience which the necessities of the case do not warrant.

If half the reports in relation to the bribery of voters in this county at the election last week are true, Carroll is one of the most corrupt counties, politically, in this State. Neither party can be charged with having had a monopoly of the nefarious business, though it is alleged that the Democrats had by far the biggest "bar'l," and drew upon it freely. It is certainly time to call a halt in this matter. Politicians acknowledge that the practice is growing, year by year, and that demands for compensation for voting are constantly increasing and come, often, from well to do citizens. Surely the managers of the opposing parties might come to an agreement by which each would be bound to discontinue it under pain of prosecution. It is an evil which, if not corrected, will eventually destroy this government of the people.

It is said the Democrats are really in earnest in their declared purpose to disfranchise the colored voters of Maryland, but whether they can devise a method by which that end can be accomplished without, at the same time, disfranchising many white voters remains to be seen. The qualifications of voters are prescribed by the constitution of the State and apply equally to white and colored men. No act of the Legislature can take from or add to these qualifications, and if an amendment of the constitution shall be attempted and carried, disfranchising voters on account of race, color or previous condition of servitude, it will be obnoxious to the Fifteenth amendment of the constitution of the United States, which overrides any provision of the constitution of a State. The Democrats are up against a very perplexing proposition in the matter. They are bound by pre-election pledges to make an effort to eliminate the colored voter from the politics of the State, but the obstacles in the way of accomplishing that result appear to be insurmountable, except by making the official ballot so much of a Chinese puzzle that half the white voters will lose the right of suffrage in the process.

Mr. Francis M. Darby, treasurer of the Safe Deposit and Trust Company of Baltimore, died at his home on St. Paul street, that city, on Tuesday afternoon, in his 66th year. Mr. Darby was at one time prominent in Republican politics in this State. He was elected State's Attorney of Washington county in 1863, and was a candidate for the House of Delegates in 1869, for the State Senate in 1871, and for Attorney General in 1879. He was appointed Assistant Treasurer of the United States in Baltimore by President Arthur in 1882 and served four years. He then returned to Hagerstown and resumed the practice of law, but was soon tendered the position of treasurer of the Safe Deposit and Trust Company and filled it till his death. He was a man of high character and superior ability. He leaves a widow, who was his second wife.

William H. Green was the solitary Republican who polled a plurality on the general ticket at the election last week in Baltimore, but he was chosen to the important office of sheriff of the city. His opponent, Eugene E. Grannan, promptly called for a recount of the ballots by the Supervisors of Elections, when his defeat was shown by the official returns, and his request was as promptly granted. The recount, however, simply confirmed Mr. Green's title to the office, his ascertained plurality being 142.

Representatives of the various Knights of Pythias lodges of Baltimore are arranging for the reception and reunion to be held by the order in that city on Thanksgiving Day. A subcommittee of five has been appointed. At Pythian Hall, Gay and Lexington streets, there will be an entertainment free to members of the order and their friends, and at night the three degrees of the order will be conferred at Lyric Hall, when only the members of the order will be admitted.

The trustees of the Chesapeake and Ohio Canal have taken an appeal from the decision of Judge Witzenbacher, in the Circuit Court for Washington county, granting permission to the Western Maryland Railroad to cross the canal at a number of places in building the connecting line between Cherry Run and Cumberland.

An agreement with the Western Maryland Railroad concerning a number of changes to be made in the Western turnpike in building the connecting line between the Potomac Valley and West Virginia Central Railroads, has been ratified by the County Commissioners of Washington county.

Mrs. Caroline K. Fulton, widow of Mr. Charles C. Fulton, formerly proprietor of the Baltimore American, died Monday afternoon as a result of a stroke of paralysis which she suffered about a week previous. She was about 75 years old.

Michael Smith, a farmer who resided about two miles from Reisterstown, died on Friday last from the effects of a blow on the head, with a piece of board, dealt by his wife, Mrs. Edith I. Smith. A coroner's jury, summoned by Justice Frank G. Yingling, of Reisterstown, rendered a verdict that Mrs. Smith acted in self-defence. According to a statement made by Mrs. Smith and corroberated by the four children of the couple, her husband, on the day previous to his death partook freely of hard cider, and went to bed. That when supper was ready she called him, and he refused to come down stairs. Later, however, he came down and began quarreling with her. Mrs. Smith stated that her husband struck her with a flintstone and she ran from the room he following her. That she locked a door against her husband, and he kicked it down, grabbed her by the hair and dragged her around the room. While in this position he kicked her on the head, inflicting an ugly wound on the temple. As State's Attorney Grason was not notified of the occurrence until after the inquest he ordered Mrs. Smith's arrest, and she was taken before the Circuit Court at Towson and required to give bail for the action of the grand jury.

The whole Pacific Coast, from British Columbia to Southern California, and the States of Oregon, Washington, Idaho, Montana, Nevada, Wyoming, Utah and Western Colorado were swept by a storm on Wednesday that has resulted in an almost total prostration of telegraph service over that territory, and in the mountains has all but tied up the railroads in a regular midwinter blockade. The storm was severest on the coast. In the gorges of the Cascade Mountains snow is reported to be four feet deep on the level, and railroad traffic is seriously impeded in consequence.

At the meeting of the State Board of Health in Baltimore, on Wednesday, Secretary Dr. John S. Fulton informed the board that smallpox cases prevailed in two counties of the state—Garrett county, where there was one case; and Allegany, where 14 cases were reported in one house. "The cases are well in hand by the health authorities," said Dr. Fulton, and "no trouble need be feared by the residents who live near the infected district."

On Tuesday evening the Democratic and Republican friends of Mr. D. P. Smelser, the newly elected clerk of the Circuit Court, gave him a great send off. A torchlight parade, headed by the famous 1st Regiment Band, of Westminster, marched through the town. About 300 persons were in line. After the parade all were invited to his residence on "Quality Hill," where short addresses were made by Mr. Geo. O. Brilhart, Dr. Fraser and Rev. A. F. Campbell. Then all were invited to a table on the lawn where refreshments, of cake, sandwiches and cider were served. Among those present were people from Linwood, Union Bridge, Westminster, Uniontown, Medford, Avondale, Wakefield, Marston and other points to the estimated number of 1000 to 1200. It was a purely social function and politics was ignored. At a late hour all departed for their homes after having spent a delightful evening with the next Clerk of the Court for Carroll county.

### Manchester Items.

Our community is getting back to its normal condition after having been jostled and shaken by the whirlwinds of a hot political campaign in which every voter was warmed of his duty and party alliance in the most forcible terms. We had an election on the 3rd inst., in Old Dug Hill, a whole day's election and a whole night's count much to the pleasure and comfort of the judges and clerks. Everybody seems glad that it is over. The victors are jubilant, the independents satisfied, and the defeated are comforting themselves with the saying, "the darkest cloud has a silver lining," and in the vista of the future see 1904 looming up, when the battle in which hope gives promise of success, will be renewed.

Thirty-nine members of Carroll Encampment No. 17, I. O. O. F., in full regalia marched from their hall to the M. E. Church, where the Rev. D. M. Browning, preached a special sermon on Sunday from the words "And Abraham called the name of that place Jehovah-jireh," Gen. 22:14, in which he exemplified the magnanimous hospitality and the abiding faith of the grand old patriarch, much to the edification of the members of the organization present. There was a large congregation present to enjoy the interesting service.

Rev. H. H. Flick held postponed German communion services on Sunday morning which were largely attended. At a previous appointment for these services the day was so disagreeable that but few members from the country were present.

The enthusiastic Democrats of Alesia shook the long corner of Old Dug Hill district from the center to its extreme angles on Wednesday night after they had received the victorious returns. They rolled a large hogshead to a high elevation, half a mile from the village, and put nine sticks of dynamite into it, which they set off with a fuse. The report was tremendous, the concussion was felt for miles around, even into Baltimore county. Many persons thought the powder mill at Rockdale had blown up.

The people of this community were shocked on Thursday morning when the word went round: "Billy Michaels is dead." The announcement was a great surprise as on Wednesday he had been seen passing along the streets to and from his work in his usual good health and cheerfulness. He retired to his room at the Hotel de Stick about 9 o'clock, Wednesday evening, but did not make his appearance on Thursday morning, and as he was an early riser and several persons called to see him, Mr. W. H. Gettier, the proprietor of the hotel, had Dr. J. H. Preston summoned and then forced the bedroom door, when Mr. Michaels was found cold and rigid in death. From the condition of the body it was learned that he must have died soon after retiring, and that death was caused by apoplexy. Deceased was a quiet, unassuming gentlemen. He had been a resident of this place about eight years and was employed by Messrs. Masenheimer & Bergman as a coach-smith. He was also skilled in woodwork. He was a native of Hanover, Pa., where his relatives reside, and where his remains were taken for interment. His age was 55 years.

# Twenty-Year 6 Per Cent.
## COUPON BONDS
OF
## The Savage Mountain Fire Brick Co.,
OF FROSTBURG, ALLEGANY COUNTY, MD.

We call your attention to the Twenty-Year Gold Bonds of the Savage Mountain Fire Brick Company of Frostburg, Allegany County, Md. These Bonds pay

## 6 PER CENT. INTEREST

payable April and October, at the Citizens' National Bank, Frostburg, Md., or at the Westminster Deposit and Trust Company or the First National Bank, Westminster, Md. The Mortgage held by the Westminster Deposit and Trust Co., who are the Trustees, covers all the personal property and real estate of the Company, also the valuable franchise and lease from the Borden Mining Company on the valuable output of the celebrated hard and soft clay that has made the brick so celebrated for the past forty years. This business was established by Mr. L. M. Gorsuch in 1864, and has been a great success as a money-maker, and each year has brought a demand for these celebrated brick far above the output, so that we are frequently behind with our orders upward of forty carloads of the output. The Financial Report of the Company for the past four years can be seen at the office of the Company, Frostburg, Md., or at the Banking House of the Westminster Deposit and Trust Company, Westminster, Md. The issue of the Bonds is for

## Fifty Thousand Dollars,

whereas the net earnings of the Company easily demonstrate the plant to be worth over double that amount besides the valuable franchise, personal property and real estate, all of which is included in the Mortgage. The Bonds will be issued in sums of

## Five Hundred Dollars Each

In order to make these Bonds more secure to investors, the President of the Company, Mr Charles C. Gorsuch, has personally guaranteed the payment of the Bonds. The Bonds can be redeemed any time after one year from issue by the payment of

## $105 On the Hundred.

These Bonds offer an unusual opportunity to investors. We refer to The Citizens' National Bank, Frostburg, Md., The Westminster Deposit and Trust Company and the First National Bank, both of Westminster, Md. Apply to
