answered this deponant believes they were the last certificates to be returned for Mr Bladen for work done prior to that time and believes there was no more work done by Col Cresap for Mr Bladen after that time during the time of his being deputy Surveyor and being further interrogated whether on the Conversation this deponant had at that time with Mr Bladen he apprehended that Governor Bladen complained that Col Cresap kept any certificates in his hands which Mr Bladen Excepted to be returned after those this deponant had delivered into the office the day before or whether Mr Bladens complaint against Col Cresap was not from Col Cresaps not returning those last certificates sooner answer this deponant does not remember that Mr Bladen asked whether there was any more certificates left behind he does not remember that Mr Bladen asked the quantity of Land those certificates contained or how many certificates this Deponant brought and this deponant believes that Mr Bladen was angry with Col Cresap because he did not return the whole of his certificates before he was out of the Government. And being further Interrogated if he brought any Letter from Col. Cresap for William Bladen and whether he delivered it answered he believed he did and delivered the same to Mr Bladen which was the occasion of this deponants waiting on Mr Bladen when the preceding Conversation passed between them and being further Interrogated as it appears by the Records of the Land office that warrants issued to Mr Bladen as per record appears for 7000 acres

did you Execute those warrants or what part of them did you Execute Answer I never saw any warrants nor know not what quantity of Land I surveyed for Mr Bladen and being further Interrogated did you Ever return any certificates into the Land office for Mr Bladen and what number of acres did those certificates amount to answer I Returned a parcel of certificates for Mr Bladen into the Land office but know not the number of certificates nor the quantity of Land they contained and being further Interrogated did you frequently bring certificates from Col Cresap for others as well as Mr Bladen and whether sealed up and directed or in an open packet and whether you usually took a List of the certificates returned by you into the Land office answer I Received certificates several times from Col Cresap for others as well as Mr Bladen to be returned into the Land office I always received the certificates in bundles wrapped up in paper unsealed when I delivered them to the Land Office I always took receipts which I believe contained a List of the certificates returned and which receipts I gave to Col Cresap. and being further Interrogated whether Mr Bladen on your delivering the letter to him from Col Cresap made any Complaint or signified in any manner to you that his certificates of surveys made prior to the surveys of which you returned the certificates the day before were not returned before that time into the Land office answer I do not remember that he did I believe he did not and being further Interrogated whether at any time after you returned your notes of the first works you did for Mr Bladen did Col Cresap complain or signify that there was not good Lands enough run out to satisfy Mr Bladens warrants Answer I never heard them complain or signify that there was not good Lands enough run out to satisfy Mr Bladens warrants nor did I ever hear him
