The Deposition of Daniel Jenifer. This Deponent Saith, that in a very short time after John Hanson's Death, which happened in February 1764 or thereabouts the Respondent John Hanson, forbid this Deponent to take the probate of a paper produced to him by William Hagan, as the said deceased's Will upon which this Deponent forbore and in about a Month after, this the said Respondent produced the paper now in Court and Called John Hanson's Will to this Deponent to have his Opinion of it which would be Established at which time the said paper appeared very Clean and this Deponent further Saith, the several papers now produced and Ordered respectively W. A. to L. Inclusive are all of Samuel Hanson's Writing signing to the best of his Knowledge and Belief and for Reason of his Belief Saith, that he hath often seen him Write and is well Acquainted with his hand Writing and hath often seen him Write when he hath been very much disguised with Liquor and at those times the said Hanson prescribed a very Great Likeness and Similitude to his Writing at other times and this Deponent further Saith, that he hath Often seen John Francis Ware Write and is as well Acquainted with his hand Writing and that all that he hath seen of the said Ware's Signing his Name hath been with an (z) instead of (r) and with an (e) Instead of (a) that he Believes the Attestation to and the other parts of the paper marked No 1 described in the Deposition of Jacob Ware now taken are of his hand Writing But this Deponent doth not believe either of the Names S. Hanson or Francis Ware to the paper now Called the Will of John Hanson are of the said Saml Hanson's or of Francis Ware's own proper Signing and this Deponent Saith, that this Deponent first Lived with Mr. Portous in 1740 before which time the said Portous had parted with a White Mare which this Deponent hath Often afterwards seen the said John Hanson and deceased ride on his Business and Use as his own and for which the said John Hanson deceased gave to the said Portous a Blue Gray Horse which to that time the said Hanson and afterwards the said Portous used as a Riding Horse and further this Deponent Saith not.
