J. Rippard.

So far as the interests of the public are concerned there is no change whatever in the conduct of the office, and we solicit the continued patronage of subscribers and advertisers, assuring them that they will receive as in the past, faithful and efficient service.

The receipts of corn at the canning factories in this city, this week, have been without precedent in quantity. An almost constant blockade of wagons has been kept up and though run to their full capacity, day and night, the factories have scarcely been able to handle all that came to them. That Senor P. Lamothe, of Matanzas, Cuba, who once spent some time in this city and was well known to many of the citizens, still retains a kindly interest in place and people, has been frequently manifested by acts of courtesy towards his old acquaintances. The tank slipped and its weight threw Mr. Stansbury against Col. Herr, and both fell, the colonel striking his face and arm on the edge of a trough, badly cutting and lacerating his nose and tearing the skin from his arm. Mr. Stansbury had two ribs fractured and was otherwise slightly injured. Col. Herr is attended by Dr. D. F. Shipley and has improved so satisfactorily that it is thought no trace of a scar will be caused by the injury. The enterprise has not only the hearty endorsement of the school officials of the State, but will have their active assistance in making it a valuable adjunct to the cause of education in the State. Dr. Simpson, superintendent of Carroll county, was chairman of the committee of school commissioners which, in connection with Dr. Stephens, the State superintendent, inaugurated the project. Mr. Tongue submitted a proposition to the committee which was accepted and he will publish the magazine as stated.

Preparations are being pushed as rapidly as possible for the opening of the new department store about to be established at the Babylon Building, this city, by the Babylon and Lippy Company, of which mention was made in these columns several weeks ago, and we are informed the company will be ready for business in about ten days. The Knights of Pythias Meeting.

The members of Charity Lodge No. 58, Knights of Pythias, of this city, may well be pardoned for exulting in the success of the meeting of the Third District of the order, held here on Wednesday. In some respects it exceeded in interest any gathering of any of the fraternal orders ever held in this city. The district, as heretofore stated, embraces all the lodges in Baltimore, Carroll, Frederick and Montgomery counties, seventeen in number, and nearly all the lodges were represented in the meeting by regularly accredited delegates, while many knights were present as visitors.

The morning session, from 10 to 12 o'clock, was given up to the reception of grand officers and district lodge representatives. The program at the afternoon session, which was called to order by District Deputy Theodore A. Kauffman, of this city, was changed to some extent by the absence of Grand Chancellor Reno S. Harp, of Frederick, and Past Chancellor Olin Bryan, of Baltimore, who were expected to deliver addresses. The address of welcome was delivered at this session by Knight Benj. F. Crouse, and speeches were made by Knight Dr. J. W. Hering, of this city; Grand Keeper of Records and Seal James Whitehouse, Grand Master at Arms John F. Thomas, of Baltimore, and others.

At the evening session degrees were conferred upon fifty-six new members, a far greater number than ever heretofore received into any order here at one time. These additions increase the membership of Charity Lodge to about two hundred. The proceedings were, of course, secret and can only be mentioned in a general way.

After the evening's session was closed a banquet was given in Odd Fellows' Hall, at which 250 to 300 knights were present. Dr. J. W. Hering was toastmaster and, in addition to the grand officers already mentioned, Grand Chancellor Harp and Grand Outer Guard A. P. Marsh, of Frederick, were in attendance, Mr. Harp having arrived by an afternoon train. He delivered the principal speech at the banquet. Many other knights also responded to toasts on the occasion, which was a very happy one for all the participants.

The committees of Charity Lodge for the meeting were as follows:

Another Railroad Project.

Westminster correspondence of the Baltimore Sunday *American* says:

"A project is on foot to extend the Bachman's Valley Railroad from its southern terminus at Ebbvale to this city. This road is operated by the Mason and Dixon Mining Company of Shrewsbury, York county, Pa., which is engaged extensively in iron ore mining in the vicinity of Ebbvale and Melrose, in this county.

"The road connects with the B. and H. Division of the Western Maryland Railroad at a point nearly equidistant from Hanover, Pa., and Hampstead, and near the Mason and Dixon Line. It is about six miles long. It will require a line 8 or 10 miles in length to connect it with this city. A. D. Collins, Dr. C. H. Gerry, W. F. Meyers, John Wolz, W. G. Allen and W. H. Meyers, representing the Shrewsbury company, have examined the route for the proposed extension, and have already secured the right of way in a number of cases and also options on mining rights along the route.

"The contracts require the completion of the line within the period of two years. Otherwise they will lapse and become null and void. The country through which the proposed extension is to be located is fertile and productive as farming land and abounds in deposits of iron ore."

This is a revival of an old project which was under consideration thirty or more years ago when a survey was made between Ebbvale and this city. It was then stated that a comparatively straight line, with easy grades, was located. Whether the iron mining interests referred to are sufficient to justify the construction of the road may be problematical, but it can be readily seen that it would greatly lessen the haul of anthracite coal, lumber &c., to this and other towns along the Western Maryland in this county, if operated by that road.

Mr. A. U. Reynolds, of Rock Hill, Harford county, was here on Wednesday last and met the mayor and council with a number of representative citizens to explain to them the merits of acetyline as a lighting medium for the family and street. After several hours of explanation and exchange of opinions it was decided by the mayor and council to grant him a franchise to use the streets to lay main pipes &c., for the lighting of the town and such residences as he may secure. He represents a firm in Canandaigua, New York, which manufactures the machines. The firm will operate the plant for a certain period and then sell to the town or form a stock company, if desired. It claims that a half foot burner, giving a 25 candle light, will cost ⅜ of a cent per hour. It is expected that as soon as arrangements can be made and ground leased for the building that work will be commenced. The machine Mr. R. uses is one in which carbide falls into water and forms a cool gas that can be used for lighting and cooking, while with a new invention by Mr. Reynolds himself it can be used for heating. Nine years ago carbide was $1.00 a pound. Now it is bought for 3⅞c per lb. It is made from finely ground limestone fused with a large per cent of oxygen into a solid mass, then broken, when it becomes a commercial article sold by the ton. Many suburban residences in Baltimore county are successfully using it.

DIED.

STONER: In sad but loving remembrance of our darling, George Edgar, who departed this life one year ago to-day, Sept. 8th, 1904.

"Gone but not forgotten."

No more his cheerful smiles we see,
Nor hear his welcome voice,
That always in our troubled hours
Would make our hearts rejoice.
Some may think we soon forgot him,
And our wounded hearts are healed,
But they little know the sorrow
That is in our hearts concealed.

By his parents, Mr. and Mrs. Jas. M. Stoner.

Dear George you are not dead to us,
But as a bright star unseen,
We hold that you are ever near,
Though death intrudes between.

Nobly at his post he stood,
Our brother fond and true,
Loved by all his friends so well,
And kind to all he knew,

By his sisters and brothers,
May, Grace, James, Clarence and William.

In loving remembrance of our dear mother, Amelia E. Sullivan, who departed this life four years ago, September 5th, 1901.

"Gone but not forgotten."

The midnight stars are beaming
Upon our dear mother's grave
Where sleepeth without dreaming
The dear one we could not save.

In the graveyard softly sleeping,
Where the flowers gently wave,
Lies the one we loved so dearly
In her lonely silent grave.

Farewell, mother, may your slumber
Be as gentle as your love,
And when God shall call us homeward
May we meet you in heaven above.

By her children.

"Gone but not forgotten."

She will never be forgotten,
Never shall her memory fade;
Sweetest thoughts shall ever linger
Round the grave where she is laid.

Past her suffering, past her pain,
Cease to weep for all is vain,
Calm the trouble on her breast
For she who suffered is at rest.

By her husband.
