PUBLIC LOCAL LAWS

Passed at the January Session 1906.

RELATING TO PUBLIC ROADS.

CHAPTER 365.

An Act, to amend Article 7 of the Code of Public Local Laws, title "Carroll County," sub-title, "Roads," by repealing Sections 134 to 138, inclusive of said Article and the Provisions of Chapter 164 of the Acts of the General Assembly of Maryland, passed at its January Session 1902, and to add new Sections to said Article, providing for a General Road system for Carroll County.

Section 1.—Be it enacted by the General Assembly of Maryland that sections 134, 135, 136, 137 and 138 of Article 7, of the Code of Public Local Laws, title, "Carroll County," sub-title "Roads," and the provisions of Chapter 164 of the Acts of the General Assembly of Maryland, passed at its January Session in the year 1902, be and the same are hereby repealed and that the following new Sections be added to said Article 7, under the sub-title, "Roads," to be designated Sections 134, 135, 136, 137, 138, 138a, 138b, 138c, and 138d, to read as follows:

Section 134.—The County Commissioners of Carroll County shall have general charge of, and control over, all the public highways, roads, bridges, streets and alleys of Carroll County except within the limits of incorporated towns; it shall be their duty to keep the same in repair and reasonably safe for public travel, and to that end they shall exercise a general supervision over them throughout the county, and direct general and special repairs of the respective election districts of the county and all back road taxes as collected shall be paid to the County Commissioners who shall expend the same in the district, from which it is obtained all road machines and appliances heretofore purchased by the districts shall be subject to the control of the County Commissioners, who shall use them in their respective districts as required.

Section 138.—Said County Commissioners shall adopt a uniform system for the repair and maintenance of the public roads of the county, such as their present condition demand and require; they shall thereby provide for the permanent improvement of the main county roads by gradually grading and macadamizing the same, and in order to effectually carry out this requirement they may have surveyed and relocate any of the said roads. All roads should be thirty feet wide and the bed or traveled portion of every road shall be of sufficient width to allow teams to conveniently pass each other. Before making any permanent or special improvement, costing one thousand dollars or over a mile, to any of said main roads, they shall consult with the Highway Commission of Maryland as to the most approved method of making the same, and may employ a road engineer to lay out and superintend the work. They may purchase all machinery, appliances, and material necessary to make said special or permanent improvement, or repairs, and in all cases where any such permanent improvement is made to any of the main county roads, the same shall, except as hereinafter provided, be let out on contract; public bids shall be received for the same after due notice upon such items as they may prescribe. When a bridge costing over five hundred dollars is to be built, a road engineer may be consulted as to kind, character, cost and approved method of building the same, before a bid for its construction is accepted, and in event the bids for making any special or permanent improvement or repair to any of said roads or for building any of said bridges shall be deemed excessive, the County Commissioners shall reject them and call for new bids, or construct the same themselves under the supervision of the road engineer. All expense connected with the building of bridges costing over one hundred dollars and the permanent improvement of or temporary repairs of the main roads herein before provided for shall be paid out of the said general road fund, and if it shall be insufficient, the deficiency shall be made up from the general funds of the county, not otherwise appropriated. In making the annual repairs to the county roads they shall require three-fourths of the amount allotted to each road district to be expended before the 15th of June and the balance before the First of November in each year, and in case of bills coming in from any road district before the levy is collected for the same, they may advance from the general funds of the county enough to meet them, reimbursing the county as the collection from such districts may be made. No bills shall be paid unless sworn to and duly approved by the Road Commissioner for such district.

Section 138 A.—Whenever any doubt exists as to the proper location or width of a county road, or the County Commissioners deem it expedient that the same be re-surveyed, they shall cause the same to be surveyed by the County Surveyor and a description and plat made thereof and recorded and filed among their records. Whenever possible, such description shall be made by reference to the original description of said road, when the same was acquired by grant or condemnation. If such description can be found, but if the same cannot be found, then such description and plat shall be made of said road as actually laid out and used, the existing centre of the road being taken for the centre of the road as surveyed, the width thereof, as re-surveyed, marked and plated by the Surveyor, being in no cases not less than thirty feet; upon a return of said certificate and plat, notice shall be published in at least one newspaper in the county that the same, without objection, will be confirmed at the expiration of twenty days.

Section 138 B.—After the expiration of twenty days from the returns of the Surveyor, the County Commissioners, if no objection be made, or after hearing or considering any objection that may be made, shall proceed to pass judgment thereon, and affirm or reject the same or order it to be amended, in their discretion and may continue over their proceedings to their next meeting, and so from time to time as long as they shall in their judgment think such continuance necessary for the purpose of justice; and the final judgment of said County Commissioners, or the judgment of the Circuit Court, in the event of an appeal by any person interested in relation to such road, and the same, as confirmed by said judgment, shall be recorded among the proceedings of the County Commissioners in a separate book, to be by them provided for that purpose. The returns of such road as established and confirmed by the judgment of the County Commissioners or of the Circuit Court in the event of an appeal, or certified copies of the record thereof shall be taken and received as full and sufficient evidence of the true location of such roads in all Courts of this State.

Section 138 C.—It shall not be lawful for any person in Carroll County to erect buildings, or fence in gardens or burial grounds, obstructing any contemplated county road, when said road has been petitioned for by citizens of Carroll County, until the application has been rejected by the County Commissioners.

Section 138 D.—It shall not be lawful for any person to place any obstruction upon any of the public highways, roads, bridges or alleys of Carroll County, or to interfere with or obstruct the ditches or drains thereof, or encroach upon said highways, road and alleys with fences, buildings or anything else which would intend to interfere with travel thereon; nor shall it be lawful for any person or corporation, its officers, agents or employees, engaged in the business of common carrier to suffer or permit his or its engines, tender or cars, or portion thereof to stand on or obstruct any street or highway in Carroll County where it crosses a railroad for a longer period than five minutes, at any one time or in shutting to obstruct public traffic over a street or highway for a longer period than five minutes at any one time; any person or corporation violating the provisions of this Section, or any of its officers, agents or employees, who have under or subject to his or their control, management or direction any such vehicle, engine, tender or car, which, or any portion of which, is allowed to stand on said street or highway or obstruct traffic longer than the time allowed by this Section, shall be guilty of a misdemeanor, and upon conviction thereof by any Justice of the Peace, exercising criminal jurisdiction in Carroll County, or by the Circuit Court thereof upon indictment, shall be fined in an amount not less than one nor more than one hundred dollars for each offense, and the Corporation shall also be liable for each such violation, to a like penalty. All persons arrested under this section, shall have the right to elect that his case be sent to the Circuit Court for trial by jury.

The fines collected under this Section shall be paid into the general road fund of the county, and it shall be the duty of all Peace officers and all road officials of the county to enforce the provisions of this Act.

Section 2. And be it enacted, That all Local Laws of Carroll County, inconsistent with this Act, be and same are hereby repealed, except such as relate to the payment of a portion of the special road tax to incorporated towns.

Section 3. And be it enacted, That nothing in this Act shall be construed or considered in abridgment of the powers over roads, drains and bridges given by the General Laws of this State, to County Commissioners, except when the same is in express conflict with the provisions of this Act.

Section 4. And be it enacted, That this Act shall take effect from the date of its passage.

The said Police Justice so selected shall be required to try and determine all violations of the criminal laws of the State and ordinances of the City of Westminster which may arise in said Election District Number Seven within the jurisdiction possessed by Justices of the Peace, subject, however, to the same right of election to be tried by jury, notice of which must be clearly given by said justice to the party before beginning trial, and subject to the same right of appeal as now or may hereafter exist under this general law; provided, however, that nothing contained in this act shall deprive the said Police Justice of jurisdiction to try criminal cases which arise in any other district of said county, if the same shall be properly brought before him.

Section 59 B.—The said police justice shall receive as compensation for his services the sum of Three Hundred Dollars per year, or the proportionate part thereof, so loug as he shall continue to act as such police justice in said district; said salary to be paid by the County Commissioners of Carroll County in equal quarterly installments, and shall be in full compensation for all services required of him under this Act; and no Justice of the Peace so selected for Police Justice shall be permitted to charge any fee or receive a gratuity for issuing any warrants, taking any recognizance, making any commitment, granting any release, or for the performance of any duty required by law in criminal cases, except for issuing peace warrants.

Section 59 C.—That if any Justice of the Peace so selected as a Police Justice is unable by reason of sickness, absence, relationship or for any other temporary cause whatever to attend to his duties as such police justice, it shall be the duty of the State's Attorney for said county to designate and require another Justice of the Peace to perform the duties of said Police Justice so sick, absent or otherwise unable to perform the duties of his said office so long as the same may be necessary, or until the resident Judge of the Circuit Court for Carroll County shall select another to perform said duties; and the said State's Attorney shall forthwith certify the selection he may make to the said Judge of the Circuit Court of Carroll County. The justice so required to perform the duties of Police Justice shall receive the same compensation hereby prescribed for the Police Justice, which shall be paid to him by the said County Commissioners, who shall deduct the same from the salary of the Police Justice for whom he was serving.

Section 59 D.—It shall be lawful for any Justice of the Peace for said Election District Number Seven, when the Police Justice is not accessible, to issue a warrant for the arrest of any persons violating any of the laws of this State, or any ordinance of the City of Westminster, but such warrant shall be made returnable before the Police Justice (except in bastardy cases), and not before the justice issuing the same, the said Police Justice authorized to try criminal cases in said Election District Number Seven; (except in bastardy cases), being alone and when said writ is so issued and returned, the said justice so issuing the same shall be allowed the fee therefore fixed by law, which fee shall be taxed in the costs of the case and paid by Carroll County, unless the same be adjudged against the party arrested and paid by him.

Section 59 E.—That whenever any person shall be arrested upon any criminal charge, or for the violation of any law of this State or ordinance of the City of Westminster upon warrant issued by the Police Justice or any other justice of Election District Number Seven (except in bastardy cases), it shall be the duty of the officer making such arrest to take the person so arrested before the Police Justice selected under this Act; and if any arrest is made in Election District Number Seven without warrant, it shall be the duty of the officer or person making such arrest to take the person arrested before the aforesaid Police Justice.

Section 59 F.—That every Justice of the Peace selected under this Act as Police Justice shall file with the County Commissioners of Carroll County, on the first Monday of the months of April, July, October and November of every year an account verified by his oath or affirmation, of all fines, forfeitures and penalties imposed by him under the laws of this State, or under any ordinance of the City of Westminster, which said accounts shall show the names of the parties, the fines and penalties imposed, together with the amount of costs, and to whom the said costs were due; and the said Police Justice shall at the time of filing said account pay over to the said County Commissioners the amount of all fines, penalties, forfeitures, justices and State's witnesses' costs so received by him, except the fines and costs for violation of the ordinances of the City of Westminster, which shall be paid by him to the parties entitled to receive the same. Any failure to file said account as above required shall be cause for removal by the resident Judge of the Circuit Court for said county and the selection of another Justice of the Peace to act as Police Justice in his place; and if said Police Justice shall fail to pay over to said County Commissioners all of said fines, penalties, forfeitures and costs collected by him at the time of or before the filing of said account, he shall be deemed a defaulter, and shall be proceeded against and punished in the manner prescribed by the Code of Public General Laws of this State in relation to "Defaulters."

Section 59 G.—That the Justice of the Peace so selected as Police Justice may be changed from time to time by the resident Judge of the Circuit Court of Carroll County at his discretion, and any other Justice of the Peace of said Seventh Election District may be selected by him to perform the duties of the said Police Justice, in case of his removal, death or resignation from office.

Section 2.—And be it enacted that all acts, general or local, inconsistent herewith (except the provisions of Article 12 of the Code of Public General Laws, title "Bastardy and Fornication"), are hereby repealed in so far as they may conflict with this Act.
