FRIDAY, MAY 4, 1906.

The Republican government of France is exhibiting unexpected strength. It had been feared that through the action of striking laborers and designing anarchists a revolution might be inaugurated at a series of labor demonstrations in the principal cities of the country on Tuesday, 1st inst. The fear was apparently groundless, though the threatened revolution may only have been prevented by the prompt action of the government, in sending troops to the principal centers of the trouble. Riot and disorder prevailed to a considerable extent, but the soldiers relentlessly suppressed any more dangerous demonstrations. The government of France has become a government "of the people, by the people and for the people," and, apparently, the people will not be permitted to overthrow it, paradoxical as that statement may seem.

COAL MINERS' STRIKE IMPENDING.

In contemplation of the impending general strike of the miners in the anthracite coal region of Pennsylvania Governor Pennypacker has issued a proclamation to the effect that the State will insist on the enforcement of law and order during the continuance of the unemployed condition of the workmen.

This action of the Governor was probably prompted by an outbreak at Mt. Carmel, Pa., on Monday. Pending the final result of conferences between representatives of the miners and the operators many of the former are already idle and primed for mischief. At the Sayre colliery, near Mt. Carmel, numbers of men were employed in driving tunnels and the United Mine Workers endeavored to induce them to stop work. This the men refused to do, and, on Sunday night, were stoned by a crowd. A call for troops to preserve the peace followed. Upon their arrival at Mt. Carmel they were attacked with stones and clubs. For a time the troops acted with forbearance towards their assailants, but the order to fire was finally given and obeyed, with the result that four of the mine workers were fatally shot and sixteen wounded. The rioters were mostly foreigners—Hungarians, Poles &c.

Law-abiding citizens must realize that Governor Pennypacker is right in assuming that there must be no violations of law. The men who want to strike have a perfect right to do so, but they go far beyond any legal right or privilege when they undertake to coerce others to abandon work. A strike of the Mine Workers Union, at this time, is a very foolish proceeding. Conditions are such that it is reasonable to suspect the leaders of the miners of collusion with the operators. It certainly must be a losing game for the miners. The operators have millions of tons of coal already mined and stored. The demand for coal during the summer months is, to some extent, limited, or, at least, not a necessity, and that demand can be supplied for some time to come without further mining operations. The strikers may be idle for months and by the time the exigencies of the people shall demand an additional supply of coal may be willing to return to work on any terms. They may be even conceded some of their demands upon the operators, as the latter will thus have a plea for increasing the price of coal to consumers. Thus the miners and the consumers will have become the victims of the rapacity of the operators. Under the circumstances it is not a matter of wonder that a cry is made every now and then in favor of Government ownership of mines and Railroads.

MORMONS WANT POLYGAMY.

In an address at Kansas City, Mo., on Sunday evening, Miss Edith Hughes, of Burton, Kan., who for 12 years worked under the missionary society of the Presbyterian Church, and has been a missionary among the Mormons in Utah, said:

> "The great object for which the Mormon Church is striving is political power. A constitutional amendment against polygamy is the only thing feared by the Mormons. They know that they cannot circumvent the National Government, and that if polygamy is left to State control they can preach it and practice it ultimately with legislative sanction by the election of 'safe' men to office.
>
> "When they can control 12 States the Mormons can defeat a constitutional amendment. Their plan is to get enough Mormon voters to move to the States which they have marked for control.
>
> "The menace of Mormonism to the country is increased by the fact that the Mormon church is the best organized institution in the world with the exception of the German Army."

Before the admission of Utah as a State the SENTINEL repeatedly pointed out that the only certain preventative of polygamy in the United States must be found in an amendment to the National Constitution prohibiting it. Such an amendment should be promptly submitted to the States for adoption, and it should confer upon Congress the power to provide penalties sufficiently severe to insure its observance. The occasional exclusion of a polygamist from a seat in the House of Representatives or Senate is a very ineffective remedy against the practice of the foul system. Let it be torn up by the roots and utterly destroyed by an effective constitutional amendment.

Violent Storm in Virginia.

A telegram received at Norfolk, Va., from Branchville in that State, says that that section was visited Sunday afternoon by the most severe hail and thunder storm ever experienced there. The storm lasted about 45 minutes, with large hail.

It was so severe that almost every small animal caught in it was killed. Almost all the small chickens, ducks and geese in the town and two horses were killed. All the gardens were completely destroyed.

Housetops were beaten in and even the sheet iron roof of the Seaboard Air Line's warehouse was completely ruined by the heavy hailstones. Nearly all the windows in the place were smashed.

General Manager Robertson, of the Western Maryland Railroad, states that a through passenger service between Baltimore and Cumberland will be established between June 10 and 17. Mr. Robertson says that the change in the time cards for the summer will be made about that period, and that there will be a train each way every day, with stops at the main points along the line.

The fortieth annual session of the Convention of the Eastern District of the Lutheran Synod of Missouri will be held May 9-15 at St. Paul's Lutheran Church, Saratoga street and Fremont avenue, Baltimore.

THE DRYDOCK DEWEY.

The people of this county are watching with unusual interest the progress of the great floating drydock Dewey, on its way to Cavite, in the Philippine Islands. It has passed safely through the Suez Canal and arrived safely at Suez on the eighth anniversary of Dewey's victory over the Spanish fleet in Manila Bay.

The trip through the canal was made in a remarkably quick time, in fact, two days ahead of time. It was calculated that it would take six days for the Dewey and her convoy to make the passage, but she made the trip in four days, and as far as known without damage or accident to the dock or the canal. The news of the arrival of the Dewey at Suez was most welcome at the Navy Department, for as long as she was in the canal there was liability of damage to the waterway and to the dock itself. By the terms of the contract for the passage of the dock this government was bound to repair and pay for any damage done the canal. Besides it cost nearly $30,000 in tolls for the passage of the dock and her convoy. In arriving at Suez the dock has completed about one-third of its long trip. It has yet about 12,000 miles to go before reaching the Philippines, having gone about 6,000 miles already. The dock has been over four months in going one-third of its journey, but it is expected the rest of the trip will be made in better time. But it is hardly expected that the big dock will reach Manila much before next December, as it was calculated it would take a year to make the journey.

Another Explosion at Rockdale Powder Mills.

Explosions at Rockdale Powder Mills, near Hoffmanville, in Baltimore county, have come to be nothing unusual, several such events having occurred during the last few years. The last was about 1 o'clock last Friday afternoon. In an account of the occurrence given by the Baltimore *American* it is stated that "the surrounding country was shaken, and the shock was so great that several of the windows in the Mount Tabor Methodist Episcopal Church, which is about an eighth of a mile distant, were shattered. Belt's store, in Hoffmanville, was also badly shaken, and for a time the residents were in a terrified state, as the explosion was felt and heard for many miles distant. * * * * It was at first thought that several lives had been lost, but this is supposed to have been only a rumor. Immediately after the explosion fire spread to the adjoining woods, and it was feared for a time that the company's main powder magazine would be destroyed by the blaze. Mr. William I. Koller, secretary of the company, said yesterday that the loss would not exceed $300, as the plant was not in operation at the time."

Commissioners Under Oyster Law.

The Board of Public Works of this State, composed of the Governor, Comptroller and Treasurer, yesterday elected the following gentlemen to compose the Board of Shellfish Commissioners, created by the Haman Oyster law passed at the recent session of the Legislature:

Mr. Walter J. Mitchell, Dem., of Charles county.

Mr. Benjamin K. Green, Dem., of Somerset county.

Dr. Caswell Grave, Rep., of Baltimore.

Mr. Mitchell was elected president of the board.

At the same time Commander T. C. B. Howard, of the Oyster Police Navy, was re-elected for a term of two years.

The Western Maryland Railroad Company has awarded a contract for 700 steel coal cars to the Pressed Steel Car Company of Pittsburg. The order is larger than the Company first expected to give, the original number having been 500, but the great increase in the amount of coal hauled from West Virginia to tidewater during the past year caused the Company to increase it. The contract represents an outlay of $750,000.00. The cars will be of 100,000 pounds capacity each, and will be modern in every particular. They will be fitted with the Farlow draft gear, which is made by a local company. The cars are to be delivered about the latter part of the year.

The Republican congressional convention of the Fifth District of Maryland, which met at Hyattsville on Tuesday, renominated Hon. Sidney E. Mudd without opposition. Mr. Mudd is now serving his sixth term in the House of Representatives and this is the eighth time he has received the Republican nomination in the Fifth District, he having suffered a single defeat in the seven campaigns in which he has been a candidate.

Mrs. Katie M. Miller, of Catoctin Furnace, who sued the Western Maryland R. R. Co., for loss of her husband in the ill fated wreck of June 17, 1905, has lost her case, which was tried before Judge Dobler in the Circuit Court of Baltimore city, the verdict having been in favor of the Railroad Company on instructions to the jury by the court.

From Careful estimates, based upon the best information obtainable, it is now calculated that the actual property loss in San Francisco, by the recent earthquake and fire, closely approximates $350,000,000. From insurance and other sources the amount available for rebuilding will be in the neighborhood of $200,000,000.

A statement has been issued by the Aetna Fire Insurance Company of Hartford, Conn., on its liabilities resulting from the San Francisco fire, and the net loss to the company is estimated at $2,700,000. The total amount of insurance carried by the company in the burned city was $4,400,000.

Dr. Robert A. Ravenscroft, surveyor of the port, at Baltimore, has been named by the President to succeed himself. Internal Revenue Collector Phillips Lee Goldsborough was asked to renew his bond, which is equivalent to reappointment.

Extensive preparations are being made by the Grand Army of the Republic of this State for Memorial Day, May 30. A detail of the members will be assigned to each cemetery and flags will be placed at the head of each grave.

The municipal election at Bluefield, Va., on Tuesday, resulted in a sweeping victory for the Republican ticket, headed by Mayor E. E. Carter. Mr. Carter has already served two terms as mayor.

Coroner Walsh, of San Francisco, says that "when the debris is cleared away there will be at least a thousand additions to the death roll. I would not be surprised if the number reached 1,500."

In a speech at Frederick, a few days ago, Admiral W. Scott Schley announced his intention to make his legal residence in Baltimore

Prof. Ephraim L. Boblitz has been reappointed superintendent of the public schools for Frederick county.

In loving remembrance of Peyton H. Conaway, who died April 26th, 1906.

In the graveyard softly sleeping,
Where the flowers gently wave,
Lies the one I love so dearly
In his lonely, silent grave.

Dearest Peyton thou hast left us,
We thy loss most deeply feel,
But 'tis God that has bereaved us,
He can all our sorrows heal.

10

By his mother and father.
Mr. and Mrs. J. H. Conaway.

In loving remembrance of Peyton H. Conaway, who died April 26, 1906, and his wife, Addie Pauline Conaway, who died March 2, 1888.

Dear papa thy gentle voice is hushed,
Thy warm heart is still,
And on thy sweet and gentle form,
Is resting death's cold chill.

Heaven retaineth now my treasures,
Earth the lonely caskets keep,
And the sunbeams love to linger
Where papa and mama sleep.

17

Eighteen years has passed away
Since mama and I were forced to part,
But time and space can not efface
Her memory from my heart.

There's a beautiful region above the skies
And I long to reach its shore,
For I know I shall find papa and mama there
The loved ones gone before.

By their daughter, Effie E. Conaway.

IN MEMORIAM.

In Taylorsville, Md., April 19th, 1906, Mrs. Julia A. Ingels, aged 79 years, 4 months and 14 days.

We ought not to weep for mother dear,
We know how she did suffer here,
You know that she endured much pain,
And that our loss is her great gain.

Through all her sickness at times she smiled
The smile of heavenly birth,
And when the angels called her home
She smiled farewell to earth.

Home was a pleasure when she was there,
But now how sad is the vacant chair,
Pain and sufferings all are o'er
She rests with Jesus forevermore.

By her loving daughters,
Elizabeth and Mary.

IN MEMORIAM.

In Taylorsville, Md., April 19, 1906, Mrs. Julia A. Ingels, aged 79 years, 4 months and 14 days.

Farewell dear mother, a sad farewell,
Thy loss to me no tongue can tell;
And when on earth we'll breathe no more
We'll meet you on the heavenly shore.

Farewell dear mother, sweet be thy rest,
Weary with years and worn with pain;
Farewell till in some happy place
We shall behold thy face again.

'Tis ours to miss thee all our years
And tender memories of thee keep,
Thine in the Lord to rest, for so
He giveth his beloved sleep.

No words will ever be as sweet
As the words she used to say,
No day will ever be as sad
As the one she passed away.

Years may pass and others forget
Our darling mother who died.
An ever-spirit form will seem
To linger by our side.

Though suffering she breathed not a murmur
For the Comforter stood by her side.
And whispered, "Fear not I am with thee
And with me thou shalt ever abide."

Farewell dear mother, may your slumber
Be as gentle as your love,
And when God shall call us homeward
May we meet you in heaven above.

By her daughter Maggie.

Why Not Cure Your Cough or Cold?

WESTMINSTER, April 10th, 1890.

MR. JOS. B. BOYLE:

Dear Sir:—For many years I have suffered intensely, on taking cold, from a very troublesome cough, for which I have used a number of various remedies, and obtained but TEMPORARY RELIEF. During the past Spring I was again troubled with the same cough, and through a friend was induced to try YOUR Pectoral Syrup, which not only gave almost INSTANT RELIEF, but a PERMANENT CURE. It gives me great pleasure to say that I believe it to be the best remedy I ever used for the purpose for which it is recommended. Hoping that any person afflicted as I was may be fortunate enough to give it a trial, I am, Truly yours,

EDWARD LYNCH.
