FRIDAY, JUNE 29, 1906.

The speakers at the Democratic convention in this city on Wednesday boasted of the harmony indicated by the unamimity with which delegates had been elected and came together to renominate Mr. Talbott for Congress. It can be truthfully remarked, however, that this is not an evidence of perfect Democratic harmony in the Second Congressional District. It only indicates the harmony of the organization, which was permitted to have its own sweet way, without opposition from the many disgruntled and disgusted Democrats who do not subscribe to the tyranical rule of the party bosses.

The beautiful harmony at Wednesday's Democratic lovefeast in Odd Fellows' Hall, this city, was rudely broken at a later hour by a scrap between prominent Carroll county Democrats, which tinged the surroundings with human gore. It was very sad indeed that the sunshine of peace was thus overshadowed by the clouds of personal strife. But when the provoking cause of dissension ceased, no doubt "the clouds rolled by" and the "scrap" will not be marked by the permanent alienation of the contestants. It must be remarked, however, that public officials, charged with the performance of important duties, should set a better example to the people. Many persons of less note have been arrested, tried and punished for similar offences in this city.

The Republicans of the Second Congressional District of Maryland have cause to congratulate themselves upon the straightforward utterance of the Democratic convention, held in this city on Wednesday, upon the tariff question. This is a question upon which, in reality, there is no middle ground. It is either tariff protection or free trade; but the Democratic party has frequently endeavored to straddle the issue. Not so the Second District convention. It speaks squarely for a tariff for revenue only, which means, practically, free trade, without any discrimination whatever, in the imposition of tariff duties, in favor of the products of American labor, skilled or otherwise. This country has had sad experiences of the effect of such a tariff, repeatedly, in times gone by. Some of these experiences were of too recent a date not to be remembered by the great body of the American people and the Republicans can ask for no better issue in the interests of their party than that so enthusiastically raised at Wednesday's convention.

There are some strange inconsistencies in the doings of politicians—especially Democratic politicians. Contrast, for instance, the resolution of the Democratic congressional convention, held in this city on Wednesday, eulogizing the life of the late Senator Gorman and giving him the place of leadership of his party in State and Nation, with the resolution denouncing a protective tariff and declaring for a tariff for revenue only. Mr. Gorman's record as a Senator, on the tariff subject, speaks for itself. It was he who emasculated the Wilson tariff-for-revenue-only bill, in 1894, and restored a number of specially protective features to the measure before it became a law, and was known as the Gorman-Wilson bill. It was not a secret that he leaned to the side of protection and used his great influence in the Senate to prevent the passage of a free trade measure. Yet a Democratic convention well nigh deifies him and then coolly denounces his tariff theory as "the most fruitful source of all corruption and monopoly." Inconsistency! Thy name is American Democracy.

RAILROAD ASSESSMENTS.

The County Commissioners of this county have recently had the matter of assessments of railroad property in this county under consideration and have materially increased the assessment on the trackage of the Pennsylvania road, running through the northwestern section of the county. Heretofore that has been on a basis of $2,700 per mile, but is now increased to $5,000, to equal the rate assessed on the Western Maryland. The commissioners, we are informed, considered this rate for the latter road equitable and decided not to increase it. We are not prepared to dispute their judgment in the matter, although the commissioners of Washington county recently added $1,000 per mile of the road, making the rate in that county $6,000 per mile on about 40 miles of trackage. Presumably the trackage in Washington is not more valuable than in Carroll, but there may be considerations that make $5,000 per mile a fair rate here. At any rate the matter deserves mature consideration.

As the rate now stands the assessment on the Pennsylvania Railroad trackage is $33,400, in Taneytown district, $15,300 in Middleburg district, and $7,550 in Myers' district, with $14,000 on rolling stock, making the total assessed value of the property in this county $70,250.

The assessment on the Western Maryland Railroad by districts, is as follows:

Woolery's,	$38,145.
Manchester,	47,025.
Westminster,	55,085.
Hampstead,	25,750.
Middleburg,	36,985.
New Windsor,	32,995.
Union Bridge,	60,740.
Rolling Stock,	85,000.
Total,	$371,725.

The Baltimore and Ohio Railroad pays no tax on its trackage in the county. Presumably that is exempt from taxation under the charter of the road, though some of the trackage of the company in Frederick county is assessed and taxed. The company owns land in Mt. Airy district which is assessed at about $8,000.

Rev. Dr. W. S. Edwards, of Baltimore, a former presiding elder of West Baltimore District, Baltimore Conference, M. E. Church, and well known in this county, was knocked down by an automobile, at the corner of St. Paul and Twenty-fifth streets, Baltimore, on Tuesday and had one of his legs broken. He is said to be improving, but as he is advanced in years his recovery will necessarily be tedious.

Mr. John H. Rouzer, of Thurmont, died on Thursday of last week, of cancer, aged 70 years. He leaves a widow and three sons.

"Dr." Theodore White was convicted in the United States Court, in Baltimore, last week, of using the mails for unlawful purposes, and sentenced to three years imprisonment in the Maryland Penitentiary and to pay a fine of $1500. White was a professed healer of diseases by mental processes and had many credulous patients from whom he received large sums of money. He used the mails to send out circulars and letters assuring people of his marvelous powers, and made a strenuous defence upon his trial to prove their possession. Some prominent witnesses, including a clergyman or two, testified in his behalf; but the prosecution established a fair case of fraud. White's title of "Dr." was assumed, not conferred upon him by any medical institution. No doubt was left upon the public mind that he was simply playing upon the credulity of people afflicted with disease for the purpose of filling his coffers with money. His punishment is mild in comparison with the enormity of his offence.

DEMOCRATIC CONGRESSIONAL CONVENTION.

The convention of the Democrats of the Second Congressional District of Maryland met in Odd Fellows' Hall, this city, on Wednesday, shortly after the noon hour, and promptly proceeded to ratify the bosses' choice of a candidate for the House of Representatives. Not much time was wasted in preliminaries. B. F. Crouse, Esq., as a member of the State Central Committee, called the convention to order, and in doing so spoke of the remarkable harmony which was apparent in the convention and which had marked the proceedings antecedent to its assembling. He named the following as temporary officers of the convention and they were subsequently made permanent by the adoption of the report of a committee on organization appointed upon motion of Guy W. Steele, Esq., of this city:

President.—J. Thos. C. Hopkins, of Harford county.

Vice-Presidents.—Norman James, of Baltimore county; Dr. J. Rinehart, of Carroll county; Thomas F. Cadwallader, of Harford county; Francis A. Sanderson, of the Fifteenth Ward of Baltimore.

Secretary.—R. A. Banning, of the Sixteenth ward of Baltimore.

On taking the chair Mr. Hopkins said the convention had been called to nominate Hon. J. Fred. C. Talbott and suggested that it proceed at once to perform that duty.

A committee on resolutions which had been appointed upon motion of Guy W. Steele, Esq., reported the following, which were adopted without dissent.

Whereas, The recent death of the Honorable Arthur P. Gorman, our esteemed Senior Senator, the leader of the Democratic party in State and Nation, has caused the sincerest sorrow among his innumerable friends.

Be It Resolved, By the Democrats of the Second Congressional District, in convention assembled, that the deepest regret at his untimely end be expressed in the resolutions and that our sincerest sympathy be extended to his bereaved family.

Resolved, That a copy of these resolutions be sent to his family.

Resolved, That we, the Democrats of the Second Congressional District, in convention assembled, endorse the able, regular and businesslike attention to congressional duties by the Honorable J. Fred. C. Talbott, the present member of the House of Representatives from the Second congressional district of Maryland.

Resolved, that we believe that a protective tariff is the most fruitful source of all corruption and monopoly and that in common with the Democracy of the county we believe in a tariff for revenue only, which is based upon the Jeffersonian principle of equal rights to all and special privileges to none.

Hon. Carville D. Benson, of Baltimore county, placed the name of Mr. Talbott in nomination in a highly eulogistic speech and the nomination was seconded by Messrs. Guy W. Steele, of Carroll; Michael Fahey, of Harford, and Robert C. Jones, of Baltimore City. Mr. Steele also highly eulogized Mr. Talbott and said his election would blaze the way for Democratic success at the national election two years hence, and the elevation of William Jennings Bryan to the Presidency.

A viva voce vote was then taken, and immediately after, upon the suggestion of a delegate, the nomination was made unanimous. Following this came a motion that the secretary cast the ballot for the convention, which he did, and his act was ratified by a rising vote.

The following committee was appointed to notify Mr. Talbott of his nomination: Dr. W. T. G. Whiteford, of Baltimore county; Thomas F. Cadwallader, of Harford; A. Q. Wilson, of Carroll, and Messrs. Thomas C. Locke and Robert C. Jones, of Baltimore city, the chairman of the convention being ex-officio chairman of the committee.

Church Reunions at Pen-Mar.

The annual reunion of the Presbyterians of the Cumberland Valley, Maryland, Virginia and West Virginia will be held at Pen-Mar on Thursday, July 12th. The Reunion Chorus composed of ladies and gentlemen chosen from the choruses of Harrisburg, Pa., Presbyterian Churches, will have charge of the music and the principal address will be delivered by Rev. Dr. Charles F. Wishart, of Allegheny, a distinguished pulpit orator.

The seventeenth annual Reformed reunion of the churches in Southern Pennsylvania, Maryland, the two Virginias and District of Columbia will be held at Pen-Mar on Thursday, July 19. Among the speakers who have been secured to deliver addresses are Hon. George Kunkle, of Harrisburg, Pa., and Rev. T. J. Hacker, of Roanoke, Va. The committee in charge is arranging a souvenir program which will contain the order of services and the hymns and tunes for the occasion.

On Thursday, July 26, the twentieth annual reunion of the Lutheran churches of Maryland, Pennsylvania, Virginia and West Virginia will be held at Pen-Mar. Rev. Dr. George W. Enders, of York, Pa., will preside at the exercises. The program will include the following addresses: "Luther in the Family," Rev. Dr. Charles Steck, of Frederick, Md.; "Luther in Politics," Rev. J. S. Simon, of Hagerstown; "Luther in the University," Rev. Dr. William H. Dunbar, of Baltimore; "Luther in the Pulpit," Rev. Elias D. Weigle, of Mechanicsburg, Pa. A chorus of vocalists from York, Pa., will furnish the music.

The will of Miss Georgianna Miller, of Harrisonville, Baltimore county, was admitted to probate by the Orphans' Court at Towson Tuesday. After providing for the payment of all debts, including $18 for a headstone for her grave, she leaves all her property to her nephew, Mr. John A. Fryfogle, who is named as executor without bond.

Senator Whyte has had a bill passed to incorporate the Washington and Western Maryland Railroad. The bill had previously passed the House of Representatives, but was held up in the Senate by the late Senator Gorman.

Teachers at Ocean City.

The Maryland State Teachers' Association met at Ocean City on Tuesday and will adjourn, after the election of officers for the ensuing year, tonight. Dr. S. Simpson, superintendent of the schools of this county, is the present president and presides over the sessions of the association with skill and dignity. In his address at the opening of the convention he said among other things:

"In recent years has any dominant idea so tinged educative effort as to impair its efficiency? If so, what is the nature of such bias? In the opinion of your speaker, it is the spirit of autocracy and commercialism; the idea that the living is better than the life; that chieftainship is better than character; that power is better than purity; that wealth is better than wisdom, although very high authority has affirmed that wisdom is the principal thing.

"The most pressing duty of educators today is the duty binding upon the makers of curricula and the leaders of scholastic thought to sound the note of warning and to hold up a higher criterion in dominating incentive. We must revise, correct and reverse the inducing motive and create a new condition of cause and sequence. Incentive under which mankind everywhere will be taught that the life is better than the living; that character is better than chieftainship; that purity is better than power, and that wisdom is better than wealth.

"This idea, this higher motive that should be brought to the front, is the moral element. The more inspiring incentive that should outweigh all other and less worthy motives is the ethics of duty and obligation.

"This higher purpose as our aim and standard will bring in its train all things else conducive to usefulness and power. Not only will it teach our boys and girls to be successful and efficient doers of things, but it will lead to that purity of life and rectitude of conduct essential to entrance in the sanctum sanctorum above. The only way to meet successfully an age of graft, an age of corruption, an age of insatiate lust for power, is to train up in the public schools an army of boys and girls of incorruptible integrity of character.

The Baltimore morning papers of Wednesday published an excellent halftone likeness of Dr. Simpson.

Among the other Carroll county representatives at the convention are: Prof. George F. Morelock, principal of Westminster Hsgh School; Mr. John O. Devries, of the Carroll County School Board, and his wife; Mr. George H. Caple, assistant superintendent, and wife; Mr. Jacob H. Blocher, president of the school board; Miss Ida Lockard, Mr. Earle Simpson, of this city; Mr. J. Emory Houseman, of Finksburg.

Mr. Herbert M. Lippy, formerly of Silver Run, with his bride, is present from Howard county, and, it is said, "his associates had a quiet smile over the fact that he registered boldly his own name before it dawned upon him that the pretty wife henceforth has a place in the signature on such occasions."

The Western Maryland Railroad.

The Western Maryland Railroad Company has purchased from Mrs. Groff the water right of the Eureka Flour Mills, at Owings Mills, now operated by Mr. G. C. Legg. The company has also purchased Mr. Legg's unexpired lease and will close the mill, which is one of the landmarks of that locality.

The new right of way of the railroad company includes the mill race leading to the flour mills. Mr. W. D. Groff, of Baltimore, will convert the mill into a farmers' supply house.

In order to eliminate several bad curves and the grade crossing at Owings Mills, the railroad company has purchased a number of houses and lots in the village, including the only store and supply house in the place. A new location for the depot will be secured.

Another star goes on the azure field of Old Glory on the Fourth of July, 1907, pursuant to the law which authorizes this increase on the birthday of the nation immediately following the admission of a state. That star—the forty-sixth—will represent Oklahoma—"land of pleasing landscape." Officials of the War and Navy Departments are ready to arrange for the addition of the new star on Fourth of July this year; but it is not likely that all the formalities incident to admission can be completed by that time.

Mr. William B. Ridgely, Comptroller of the Currency, has mailed to the national banks throughout the country copies of the law recently passed by Congress enabling these banks to increase loans to individual customers. The law was approved by the President on June 22, and the Comptroller lost no time in notifying national bank officers of its provisions. A loan may be made to one person equal to 10 per. cent. of the capital stock and the surplus, but the limit is 30 per cent. of the capital.

The upper part of Baltimore county was visited by another heavy thunder storm on Saturday afternoon, and in some sections considerable hail fell. At Gorsuch Mills and New Market the stones were as large as hen eggs, and much damage was done to vegetation and growing crops. The residence of Mrs. Sarah McGinnis, at Shane, was struck by lightning and badly damaged. Fire started in a wardrobe and burned some some clothing before the neighbors arrived and put it out.

A "Farmers Summer School," for men and women, is to be held in August at the Maryland Agricultural College, at College Park, and the farmers of Maryland will be given an opportunity for systematic study and training, and the benefit of the experience of the instructors at the college. It will be under the management of Prof. William L. Amoss, director of Farmers' Institutes for the state.

The Fraternal Order of Eagles, of Maryland, will hold its first convention, at the Maryland Theatre, Baltimore, on the 10th of July, and will have a big jollification at Electric Park on the following day. Aeries from all over the State will be represented at the convention and demonstration and a great time is anticipated. The aerie of this city will be among the number.

The factory of the Carriage and Toy Company, N. E. corner Calvert and Saratoga streets, Baltimore, was destroyed by fire on Wednesday morning. Baltimore papers allege that the fire department was eight minutes before beginning effective work on the flames after the alarm was sounded though there are several engine houses nearby. This does not speak very well for the efficiency of Baltimore firemen.

Health Commissioner Bosley, of Baltimore, sounds a note of warning to those who mean to indulge in celebrating the "Glorious Fourth," by exploding firecrackers and firing pistols. Wounds made by such causes have, for some unexplained reason, a tendency to produce tetanus or lockjaw, and many deaths have resulted therefrom.

Mr. Ephraim A. Trimmer, a well known merchant, of Hanover, Pa., former justice of the peace and schoolteacher, died at that place on Monday, aged 73 years. He was the only surviving member of the first York county teachers' institute, organized in 1854.

Mrs. Elizabeth Dunbar died at Grand Haven, Mich., on Tuesday night, at the age of 108 years. She was a native of Ireland.

Light-Weight Canned Goods.

Maryland is said to be represented in an exhibit of canned and preserved goods, before the Speaker's desk in the House of Representatives at Washington, by a good many samples of light-weight packages, but the only adulterated articles in the lot are from Baltimore City. Carroll, Dorchester and Harford counties show packages short in weight, the net of Harford 2 lb. cans of tomatoes being 1 lb. 3 ozs.; Dorchester 3 lb. cans of tomatoes, 2 lbs. 7 ozs., and of Carroll 2 lb. cans of corn, 1 3-10 lbs. This is not a very serious matter, however, as there is evidently no purpose on the part of the packers to defraud. The two-pound cans have ordinarily a standard size and are well filled. Purchasers do not consider themselves defrauded because the weight is not full. They are much more concerned about getting pure goods and the county packs, in that respect, are not questioned. The pure food bill now before Congress, however, provides that, if the weight be exhibited on the package, anything short of it will be a violation of the law and subject the producers to prosecution and punishment, if the goods be transported outside of the State for sale.
