FRIDAY, JULY 6, 1906.

While Congress was busy devising measures for the relief of the people from the oppressions of the monopolies, the Administration of President Roosevelt has not been slack in searching out grounds for remedial legislation, as well as in applying the correctives existing by law. Mr. Garfield's official expose of Standard Oil methods is likely to land some of the important officials of that organization in the prisons which are the proper habitat of such rogues. The investigation into the conditions of the meat packing houses will also lead, indeed are really leading, to their purification and the adoption of such cleanly methods as should be observed in establishments of that character.

Monopolists should take warning and "stand from under." The people are being aroused and are "after them." Several members of a Toledo, O., ice combination have been sentenced to imprisonment and are fighting desperately to prevent their sentences from being carried into effect. Their legal defenders have, under the stimulus of fat fees, so far forgotten the respect due to the court which imposed the sentences, as to perpetrate a strong breach of etiquet, and so have been adjudged guilty of contempt and may also be required to pay heavy fines or undergo imprisonment for their temerity. And now thirteen members of an ice monopoly in Philadelphia have been indicted and are to be tried for an unlawful combination in restraint of trade in the State of Pennsylvania. And so the good work goes on. The people are behind it and demand the infliction of the punishment due to the guilty.

FIRST SESSION, FIFTY-NINTH CONGRESS.

The first session of the Fifty-ninth Congress, which ended at 10 o'clock last Saturday night, was one of the most important in the history of our National Legislature. Much of the session was devoted to the consideration and passage of measures to relieve the people of the country from the exactions of trusts and monopolies, and the most prejudiced partisan Democrat must admit the passage of salutary laws designed to effect that purpose. Among these laws are the railroad rate bill, the pure food bill and the radical meet inspection bill. But the work of the session was not confined alone to the passage of bills to correct abuses. Among the most important proceedings was the investigation of the relations between the railroads, coal mines and oil companies—especially the Standard Oil Company. This investigation disclosed a condition which placed consumers and private operators at the mercy of the most villainous organization, in the way of monopoly, on the face of the earth, and led to the adoption of the railroad rate bill.

Other important measures adopted, outside of the legislation for the restriction of monopolies, were the Statehood bill, providing for the admission of Oklahoma and Indian Territory as a State, and of Arizona and New Mexico also, the latter upon the condition that it shall be agreed to by the citizens of those Territories; the bill providing for a lock and dam Panama canal; the bill for the protection of the big sequoia trees in California; the bill for the preservation of the scenic beauties of Niagara; the bill authorizing the construction of the largest battleship afloat, and others scarcely less important.

Most of the measures referred to had the sanction of the President and were ardently pressed by him upon Congress, and they will have far reaching results.

OUT OF COMMISSION.

A sharp and bitter primary contest between Hon. George A. Pearre and Lloyd Lowndes, son of the late Governor Lowndes, in Allegany county, ended on Saturday last with a complete victory for Mr. Pearre. Mr. Pearre is the present Republican member of Congress from the Sixth district of this State and his renomination was antagonized by Mr. Lowndes, who had the backing of a number of prominent Allegany county Republicans. Among those who most bitterly opposed Mr. Pearre was Ex-Senator George L. Wellington, a circumstance which probably militated strongly in his favor. Remembering Mr. Wellington's extreme hostility to Governor Llowndes, in that gentleman's second gubernational contest, it has been a matter of surprise to many of the Governor's friends that his son consented to fraternize, politically, with his bitter enemy. It is probable that he made a fatal mistake in doing so. Mr. Wellington is thoroughly discredited as a party man. He has permitted his personal animosities to outweigh his party fealty. This is not only true of his opposition to the re-election of Governor Lowndes after the latter's unanimous renomination, but he has exhibited the same spirit on other occasions, leading to the inference that with him it has been either rule or ruin.

The manifestation of this spirit has put the Ex-Senator out of commission as a party leader and the cause of any Republican aspirant to political honors in this State will be heavily handicapped from the start by Mr. Wellington's support. "'Tis true, 'tis pity, but pity 'tis, 'tis true."

"Ex-Senator Wellington is a gifted orator and at one time rendered great service to the Republican cause in Maryland by his powerful and convincing speeches, as well as by his great capability as a campaign manager. But his lapses from fidelity to Republican interests in trying crises will not be forgotten and he can best serve a friend in a primary contest by silence. If he shall ever regain his old place as a party leader it must be by faithfully supporting Republican nominees who may be to him persona non grata. He will have the opportunity by the nomination of Mr. Pearre for a fifth term in the United States House of Representatives, which was made unanimously by the Republican convention of the sixth district, at Frederick, on Tuesday.

The Fourth and Fifth Regiments, I. M. N. G., will visit the encampment of U. S. troops at Mt. Gretna, Pa., some time during its progress. The camp will begin August 1st and continue two months. Regiments from other States will also visit the encampment each remaining a week.

On May 31 last there were 986,200 persons drawing pensions from the Government on account of service in the wars, a net decrease to the roll during the month of May of 1,606. The number of Civil War pensioners on the rolls at the end of the month was 667,727, a net loss over the previous month of 1,947. The total number of deaths of Civil War pensioners during May was 2,490. The entire loss to the roll during the month was 4,279, as follows: By death, 3,899; remarriage, 90; minors by legal limitation, 119; failure to claim, 105; for other causes, 66.

A special train from Plymouth, England, carrying American tourists on the London Southwestern Railroad, was wrecked on Sunday night and between twenty and thirty of the passengers were killed and many injured. Most of the victims were Americans, who had landed from the steamer New York, at Plymouth, only a few hours before. The train, it is said, was running at the rate of 70 miles an hour.

Mrs. Sarah L. Bishop Crouse, widow of the late Wm. Francis Crouse, died at her home in Littlestown last Tuesday afternoon week at 1.20 o'clock, aged 72 years. She had been confined to her room for the past seven months, suffering with organic heart disease, resulting in general dropsy.

Washington county has produced the largest crop of raspberries in the history of the county. In one day 46 pickers on the farm of Isaac Long, at Downsville, picked 44 bushels of the fruit.

The Western Maryland Railroad Company has ordered 25 large consolidated freight engines from the Baldwin Locomotive Works, deliveries to begin December 1.

A TRAGIC FINISH.

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth McIver, of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by a neglected cold; but Dr. King's New Discovery saved my life." Guaranteed best cough and cold cure, at all drug stores. 50c and $1.00. Trial bottle free.

Harmony Grove M. P. Church, near Gist, will hold a picnic in the grove adjoining the church, commencing at 5 o'clock, Saturday, July 14th, for the benefit of the church.

ONLY 82 YEARS OLD.

"I am only 82 years old and don't expect even when I get to be real old to feel that way as long as I can get Electric Bitters," says Mrs. E. H. Brunson, of Dublin, Ga. Surely there's nothing else keeps the old as young and makes the weak as strong as this grand tonic medicine. Dyspepsia, torpid liver, inflamed kidneys or chronic constipation are unknown after taking Electric Bitters a reasonable time. Guaranteed by all druggists. Price 50c.

The Sunday School of Jerusalem (Bachman's) Church will hold a festival in Mr. George Warehime's grove, near the church, Saturday evening, 14th inst.

The annual picnic of the school will be held Saturday, September 8th, all day and evening, in the same grove. The Alesia Band will furnish the music and there will be recitations, dialogues, addresses, &c.

TWENTY YEAR BATTLE.

"I was loser in a twenty year battle with chronic piles and malignant sores, until I tried Bucklen's Arnica Salve; which turned the tide, by curing both, till not a trace remains," writes A. M. Bruce, of Farmville, Va. Best for old Ulcers, Cuts, Burns and Wounds. 25c at all druggists.
