George Dreco (Seal)

YOUR Commissioners Doe further Certify that in pursuance of their said Commission and by Adjournment from the third of October to the Office same Month they met at the house of Frances Egg in order to examine Witnesses to perpetuate the Bounds of two other Tracts of Land mentioned in the said Commission to us Directed the one called Holly Hill the other and that then personally Appeared before us the Subscribers a Certain Thomas Harris Aged 84 years being Sworn on the holy Evangelist Declareth as follows that about thirty years ago as he was Coming Down Bush River in a Boat with Cornelius Harrington that when they Came Against a point of Land where this Deponent now Stands (which is on the river side near a Marsh to the Eastward at the mouth of a Creek or Cove) he this Deponent heard a Gunshot and Saw a Bear fall from a tree and that the

Said

Said Cornelius told this Deponent that there stood a bounded tree of the Land then in Possession of John Parker Tenent to William Hollis father of William the Pltf. and further Saith not

AND That at the same time & place personally Appeared Symon Pearson Aged 78 years who being Sworn on the holy Evangelist Declareth as followeth that about thirty three year Ago being at the Plantation where Fra Egg now lives then in possession of a Certain John Parker the Elder as Tenant under William Hollis father of the present William Hollis that the said John Parker upon sum Occasion went with this Deponent Downe to the River side in the point and there the said Parker shewed this Deponent a bounded Oake but of what sort he remembers not, which he the said Parker told this Depnt was a bounded tree of the Land in the point: the said Depnt remembers near the Spott where the said Oak Stood by his then Observing a small Island in the river called Farrapin Island a little up from the s. place and further Saith not

YOUR Commissioners having Considered as well the two Depositions above written as the Circumstances Agreeing with the Patents of the Land called Holly Hill & the Natural Boundarys thereby Described have therefore bounded an Hickory Tree with twelve Notches on the North side of Small Marsh at the mouth of a Creek or Cove a Distant from the River side about Twelve yards which is to be and remain for the first bounds of Holly Hill and about Twenty perches up along the River being near the place where Symon Pearson proved he was shewed a bounded tree we have bounded an water Oake with twelve Notches about two perches from the Bank of the River which is to be and remain for the first Bounds of the Land called for the first Bounds of Hollis Chance

IN TESTIMONY whereof we have Hereunto Set Our Hands and Seals
