MARRIED,

On Tuesday morning, the 21st instant, by the Rev. John P. Donelan, GEORGE W. HILLEARY, Esq., of Marlboro' District, and HARRIET C., daughter of Captain John Gwynn, of Piscataway District.

OBITUARY.

Died, in Upper Marlboro', on Sunday evening, the 19th of August, MARY ANNE E., wife of George W. Wilson, Esq., Editor of the Marlboro' Gazette,—aged 36 years, after a lingering illness.

The *Advocate* pays the following just tribute: "The death of this estimable lady, although foretold by a long continuance of ill-health, has been a source of the most unfeigned sorrow in the community, and the occasion of a heartfelt regret on the part of those who knew her virtues and appreciated her worth. Admirably consistent in all the relations of life, discharging her duties towards all with a sincerity and meekness rarely seen, a devoted Christian and an example to her sex, she has left a void which may be truly lamented. Her last end was that of the righteous, sustained by a genuine religion and sanctified by the ceremonies of her faith; and to those whose part it is to mourn, she has left the rich legacy of her Christian character and the assurance of her translation to the abode of the 'just, made perfect.'"

Died, at his residence, in Nottingham District, P. George's county, on the 16th inst., after a long and painful illness, WILLIAM H. TURTON, Esq., in about the 35th year of his age.

Died, in Washington City, on Tuesday evening the 21st instant, GWINN H. MADDOX, of St. Mary's county, in the 22d year of his age.

Died, near Port Tobacco, on Sunday night last, of pneumonia, Mr. WASHINGTON BATEMAN—aged about 30 years.

BOUNTY LAND

AND PENSION CLAIM AGENCY.—The undersigned, assisted by a gentleman in Washington engaged in one of the Departments and of much experience, will attend to the collection of Pension and Bounty Land Claims under the Act of Congress, passed March 1855, or any former act. All officers, musicians, and privates, whether of regulars, volunteers or militia, who served in any war in which the United States were engaged, are entitled to Land Warrants for 160 acres of land.—Those who have already received, through me or others, their 40 or 80 acre warrants can now get the balance. Widows and minor children are also entitled to 160 acres. No charge made or expense incurred until a warrant is obtained. Claims considered desperate, and rejected by the Department, if referred to me, can be secured, as I have every facility of proving them by the militia rolls in my possession.

The highest cash prices paid for Land Warrants. Apply in person, or by letter directed to

TO THE PUBLIC.

THIS is to inform the people who deal in Alexandria, and even those who have been dealing in other cities, and who wish to purchase the coming Fall or Winter anything in the way of STOVES, to look this way; the arrangements which I have made this Summer enables me to sell at prices which must stop the purchaser from going North.

If you wish to purchase wholesale, I can suit you, if at retail, I can suit you, no matter what kind you may want, its all the same, I am bound to put you through.

The fact is, I intend to sell, and just bring the money and I'll prove it. My stock is the largest and the most complete that has ever been offered in this city, which will be augmented from time to time as the demand may require.

I desire all who may want anything in the way of STOVES to call and examine for themselves, and if I can't satisfy them, why then I'll give it up.

Take notice, every STOVE that I sell and recommend, shall answer the purpose for which I recommend it or it may be returned at my expense.

ST. THOMAS'S PARISH SCHOOL.

The object of this School is to prepare boys for College, by imparting the elementary knowledge requisite to enable them to begin their classical studies with advantage; or to give those who are not intended for the classical studies, a sufficient literary education for any ordinary business of life.

The course of instruction comprises Religion, Reading, Writing, Orthography, English Grammar, Composition, Geography, History, Arithmetic, Algebra, Geometry, Book-keeping, French, Latin, and Greek. The first principles of Latin and Greek will be taught; in all other branches the instruction will be as complete as the pupils will be able to receive.

The terms, for 10 months, for Board and Tuition, with all the extras, (books and medical attendance only excepted,) namely, bed and bedding, washing and mending of linen and clothes, postage, stationery and medicines, $125; a deduction of $10 will be made for those who have their washing and mending of linen done at home, and a deduction of $4 will be made for those who furnish their own bed.

Day scholars pay $20 per annum, or $2 per month.

All accounts must be paid half yearly in advance.

No deduction will be made from a quarter commenced for those who enter into the Institution after the beginning, or leave it before the expiration of the quarter.

The scholastic year commences the 15th of September and terminates the 15th of July.

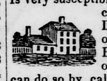
REAL ESTATE FOR SALE.

WISHING to change my location and business, I offer for sale my FARM, known as

SMITH'S POINT,

lying in Charles county, Maryland, on the Potomac River immediately opposite Acquia Creek, the eastern terminus of the Richmond, Fredericksburg and Potomac Railroad. The tract contains, by recent surveys,

486 ACRES.



Is very susceptible of improvement—has on it a comfortable two-story FRAME DWELLING and all necessary out houses, as Servants' Houses, Barns, Stables, &c., &c. Any one wishing to view the premises can do so by calling on the subscriber, and any letters addressed to him through the Nanjemoy P. O., in relation to the Farm, will receive prompt attention.

Terms made accommodating.
au 9—tf S. W. ADAMS.

THE ATTENTION OF FARMERS

IS requested to a new Fertilizer, prepared from the night soil collected from the sinks and privies of New York City, by the Lodi Manufacturing Co., and manufactured without any adulteration whatever, into an inodorous and powerful manure, something like Guano, but less caustic, and less exhausting to the soil.

It is called "Tafeu," from the Chinese word signifying prepared night soil, and is the only article of the kind ever manufactured in this country. It is warranted to be 95 per cent. pure night soil; and from its ease of transportation and application, and the small quantity required to produce the same result as heavier manures, it is the cheapest manure ever offered for sale. For Grass in the fall, Winter Grain, or for Garden Vegetables, it has no equal. From 300 to 600 lbs. per acre is all the dressing required for the poorest soils. A fair trial in competition with other manures is respectfully asked. Packed in bbls. of 240 lbs. or bags of 125 lbs. Price $35 per ton, 1 3-4 cts. per lb.—delivered free of cartage on board of Vessels or Railroads in the City of New York.

RHODES'

FEVER AND AGUE CURE,

FOR the Prevention and Cure of Intermittent and Remittent Fevers, Fever and Ague, Chills and Fever, Dumb Ague, General Debility, Night Sweats, and all other forms of disease which have a common origin in Malaria or Miasma.

This is a NATURAL ANTIDOTE which will entirely protect any resident or traveller even in the most sickly or swampy localities, from any Ague or Bilious disease whatever, or any injury from constantly inhaling Malaria or Miasma.

It will instantly check the Ague in persons who have suffered for any length of time, from one day to twenty years, so that they need never have another chill, by continuing its use according to directions. The patient at once begins to recover appetite and strength, and continues until a permanent and radical cure is effected.

One or two bottles will answer for ordinary cases, some may require more. Directions printed in German, French and Spanish, accompany each bottle. Price One Dollar. Liberal discounts made to the trade.

JAS. A. RHODES, Providence, R. I.

EVIDENCE OF SAFETY.

New-York, June 11, 1855.

"I have made a chemical examination of 'Rhodes' Fever and Ague Cure,' or 'Antidote to Malaria,' and have tested it for Arsenic, Mercury, Quinine, and Strychnine, but have not found a particle of either in it, nor have I found any substance in its composition that would prove injurious to the constitution.

James B. Chilton, M. D., Chemist."

EVIDENCE OF MERIT.

"Lewisburg, Union Co., Pa., May 2, 1855.

Mr. J. A. Rhodes—Dear Sir: The box of medicine you sent me was duly received on the 11th of April. I have sold about one half of it, and so far the people who have used it are satisfied that it has cured them. It has certainly stopped the Ague in every one who has used it, and six of the cases were of long standing. My sister, who has had it for five or six years back, and could never get it stopped, except by Quinine, and that only as long as she would take it, is now, I think, entirely cured by your remedy. C. R. McGinly."

CAUTION TO AGUE SUFFERERS.

Take no more Arsenic, Tonics, Mercury, Quinine, Febrifuges, Strychnine, or Anti-Periodics of any kind. The well known inefficiency of these noxious poisons proves them to be the offspring either of false medical principles, or of mercenary quacks. The only remedy in existence that is both sure and harmless is RHODES' FEVER AND AGUE CURE.

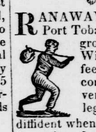
$100 REWARD.



RANAWAY from the subscriber, living near Port Tobacco, on the 26th of May last, Negro Man, WILLIAM BUTLER.—William is about 30 years of age, five feet ten inches tall, of a dark copper complexion; when standing, stoops very much in his shoulders, and his legs bend back at the knee joint; very diffident when spoken to, but prompt and shrewd in reply. I will give fifty dollars if taken in Charles county, and one hundred dollars if taken in any other portion of the State or in Alexandria or the District of Columbia, and secured so that I get him again.
BARNES COMPTON.

CARRIAGES.

THE subscriber has now on hand the largest and best assortment of CARRIAGES ever offered in this city (Washington)—all of his own manufacture. From the experience and advantages that he possesses, he thinks that he can supply on better terms than any other person engaged in the business. His Carriages are not gotten up in a hurry merely for sale, but are made from seasoned timber and then allowed to stand several months before finishing, the wheels and bodies especially. This no doubt gives the purchaser an advantage of from 10 to 30 per cent over those built especially to order, and consequently made in a hurry. Having a regular and steady custom every Carriage is built so that he feels no fear in selling them to his best friends and customers. He offers Carriages of every description for sale at the most reasonable and moderate prices. He invites the attention of his friends and the public to an examination of his stock and materials.
