blame Mr. Buck so much as he did some of his relations that Sally Sedwick and Betsey Freeman had been instrumental in making Mr. Buck treat him as he had done and that he well understood the cause of their hatred towards him because of his marriage and the heir to his estate and that not one of them should ever enjoy one dollar of his estate he then said he was glad that had some one to reap the benefits of his labour, and thus the conversation ended between witness and the said Joshua - To the 7th Interrogatory answers that the dwelling plantation is worth twelve dollars an acre this estimate includes the mill and improvements the land occupied by Joseph Murry a free negro is worth four or five dollars an acre the land described as purchased of Mac.
