Her seven children she brought up in the fear and admonition of the Lord. She suffered greatly in her last illness, but was always patient and uncomplaining. * * She was conscious to the last, always recognizing her friends and thanking her children for their tender care. She had begun to reap in this world the results of a well spent life in the devotion of her children who gave her every care and comfort that lay in their power."

Brilliant Meteors.

Persons who were on the streets of this city about 10 o'clock, or a few minutes later last Saturday night, were witnesses of the passage of one of the most brilliant meteors ever seen in this locality. It is described as having been something like a prolonged flash of lightning and the light it emitted was almost blinding to those who gazed directly upon it, and so diffused that ordinary newspaper print could have been read by it for a few seconds. The aerolite passed north of this city and seemed to be near the earth toward which it curved as it disappeared in the distance. Its flight was from west to east.

About the same hour something like a shower of meteors occurred at Baltimore and in that vicinity, a lengthy description of which appeared in The Sun of Sunday. These aerolites were moving in different directions. One of them fell on the Belair market, but must have been only a gaseous substance as it left no mark. Another fell at Govanstown and, according to an account in the Sunday American, still another at Cockeysville. This last one may have been the one seen from this city. Some of these meteoric manifestations were seen at Reisterstown, in Howard county and elsewhere in this State.

Investigating Cause of Death.

Wild rumors were in circulation in this city on Monday night that a young woman had been found murdered somewhere in this county, but nothing definite could be learned concerning this story. Tuesday morning it developed that it grew out of an inquiry into the death of Miss Ella Baker, daughter of Mr. Henry Baker, of Wakefield. Miss Baker died at the home of Mr. Clarence Ensor, across the line in Frederick county, about three miles from New Windsor, on Sunday, September 22d, after an illness of 24 hours.

She had attended Robbins' Circus in this city on Friday, September 20, in company with a young man, and was apparently in perfect health. The next day she went to the home of Mr. Ensor, where she was taken violently ill and died.

On the Wednesday following funeral services were held in the Pipe Creek Methodist Protestant Church, near Medford, after which the remains were taken to Uniontown for interment. Subsequently rumors of foul play became circulated, and on Monday, at the instance of State's Attorney Guy W. Steele, the body was exhumed and brought to the undertaking establishment of Mr. James M. Stoner, in this city, where an autopsy was made Monday night by Drs. Henry M. Fitzhugh and Chas. R. Foutz. The result of the post mortem, however, has not become known, as both the physicians decline to give any information in relation to it. But it was learned from another source that some portion of the body was sent to Baltimore for analysis.

The young woman was 19 years old. She was a pretty and attractive girl and was quite popular among the young people of her acquaintance. The authorities are reticent concerning the investigation and decline to state whether any suspicion attaches to any individual in the case. No arrests have been made.

Interesting Letter from an Old Carroll Countian.

Mr. Ira B. Lawyer, of South Pasadena, Cal., in writing to remit the subscription price of the SENTINEL for another year in advance, adds some very interesting personal reminiscenses and gives some items of California news well worth reading. Mr. Lawyer, who was born and grew to mature manhood in this county, is a remarkable man physically, being in his 82nd year, and, as will be apparent from his letter, is still mentally vigorous. He has been a subscriber for the SENTINEL for the past half a century. Following is his letter:

SOUTH PASADENA, CAL.

To the Editor of the "AMERICAN SENTINEL:"

I have read with interest recent copies of the AMERICAN SENTINEL, in which Mr. Jno. Bernstein and Mr. C. F. Myers boast of having seen and eaten with representatives of five generations. With your permission, I would like to say that I can go them one better.

I spent last summer in Maryland and Pennsylvania, and while there saw and ate with representatives of six generations, beginning with my grandfather, Casper Lawyer, (1); my father, John Lawyer, (2); his daughter, Mrs. Amos Bowman, of Silver Run, (3); her daughter, Mrs. Levi Motter, of Littlestown, Pa., (4); her daughter, Mrs. Chas. Crouse, (5); Mrs. Crouse's children (6).

After my visit to old Maryland, I have returned to this land of sunshine and flowers and feel as though I had renewed my youth and might live to see one more generation.

I have just returned from a short vacation down at San Diego, in the extreme southwestern part of Uncle Sam's domain. On the trip we passed through a ranch of 14,000 acres, (they call a farm out here a ranch), on which they claim to have 12,000 acres in lima beans. At San Diego, ground has just been broken for a new railroad to Yuma, Arizona, which will give an outlet long wished for.

Now that the AMERICAN SENTINEL is under a new management, I hope it will long continue and prosper. I read nearly all the correspondence, especially my cousin's, from Manchester, and that from Bachman's Mills, my birthplace. There on the 14th day of May, 1826, I was born in the upper story of the old spring house, that is still standing. The most of my relatives live at Silver Run, Union Mills, Pleasant Valley and Hanover, Pa., and nearly all of them take the SENTINEL, and I am sure will be pleased to see my letter.

I have received an invitation from the Maryland Home Coming Association, requesting my presence during home coming week, Oct. 13-19. I am sorry that circumstances will not allow me to go this year, but I hope that I may live to do so at some future time.

Yours respectfully,
IRA B. LAWYER.

She is in the same room in the hospital occupied by Miss Arie Little, and both young ladies are coming along very nicely.

A Century of Married Life.

From the Christian Advocate.

Editor The Christian Advocate: In this day when we hear of so many divorce suits and unhappy marriages, it is the exception rather than the rule for husband and wife to live happily together for fifty years. But two golden weddings within one year in the same family is rare. The child that has the pleasure of attending the fiftieth anniversary of the parents of both father and mother has a heritage that cannot be bought with gold.

The Rev. P. H. Rawlins and companion received, together with their two sons and their families, on December 12, 1905, at their home in Seaford, Del., the congratulations of many of their friends. The blessings that come when the teachings of Christ govern the home was felt by all present. The evening was spent in song and friendly conversation. Refreshments were then served, and the oldest granddaughter recited the poem written by the oldest grandson of Sterling and Sarah Lamis in September, 1868, "The Golden Wedding." The reception is a pleasant memory to all who attended. The Rev. P. H. Rawlins entered Wilmington Conference in the spring of 1869, and his entire life has been spent in that Conference.

A parallel to this was held on June 16, 1906, at the home of Prof. F. R. Buell and wife, father and mother of the once known Buell family singers, at 4715 Marvin Street, Philadelphia, Pa. They, too, have had the teachings of Christ as a guide to their feet. This home, too, has been blest with the presence of God. Their six children, together with their families, gathered at the parental home. Fifty years before they were married in the historical Stone Chapel in Carroll county, Md. Professor Buell spent many years of his life in Westminster, Md., teaching. He was the founder of the Western Maryland College, located at that place. From 1873 to 1880 he traveled with his three daughters and oldest son, giving concerts in the interest of churches in many places in the Eastern States. On their anniversary day their voices were again joined in song, and congratulations were received from a number of friends. Their youngest grandson was baptized by the Rev. G. B. Burns, pastor of Union Methodist Episcopal Church. The mother of this grandson, who is the youngest daughter of Prof. Buell, was baptized twenty-five years ago at the golden wedding of the parents of her mother, the late Abner and Fannie Baile, of New Windsor, Md.

The link that connects these two golden weddings was the marriage of the second son of the Rev. P. H. Rawlins and the third daughter of Prof. F. R. Buell. They, with their three daughters, took part in both anniversaries.

Yours truly,
WILBUR F. RAWLINS.

Gamber Items.

On Saturday afternoon, Oct. 5, at 2 o'clock, the funeral of Dr. Silas N. Gorsuch took place at Mt. Pleasant M. E. Church. Services were conducted by the Rev. S. F. Cassen, assisted by Rev. J. Tolly Marsh, both members of Mechanicsville Council No. 78, of which Dr. Gorsuch was a charter member and was always alive to the best interests of the council, with a heart full of gratitude and brotherly love. The funeral was largely attended, there having been from 1000 to 1200 persons present, hundreds of whom were bathed in tears on account of the loss of a friend; one who had administered to their needs so many times in hours of suffering, and spoken a kind, cheering word; one who never complained of it being too late at night, too dark, too cold, or too stormy to go to administer to suffering humanity.

After the funeral services the cortege proceeded to Providence M. P. Cemetery. The procession was headed by Washington Camp No 20, P. O. S. of A., of Gist, and Mechanicsville Council No. 78, Jr. O. U. A. M., of Gamber, the orders marching to the place of interment, where both administered the last rites to their beloved brother and true friend. His remains were placed beside his beloved daughter Addie. Dr. Gorsuch was born and raised within a mile of Gamber and spent most of his life with his friends here, having only spent about ten years of his time in the State of New Jersey. From the time he returned, about twenty-seven years ago, he practiced his profession with wonderful success. He was considered one of the most skilled physicians of the day. He was an ardent Republican and was sent many times to the conventions as delegate from his district.

We feel we have lost one of our best citizens, one whose place is hard to fill. We trust the Lord in his infinite mercy may raise up another who may serve this community as faithfully as Dr. Gorsuch. His bereaved widow, son and daughter have our heartfelt sympathies.

The frequent showers have greatly retarded the farmers' progress with farm labor and the work goes slowly on. Only a few are done cutting off corn and seeding. Those who have large crops of corn to cut and many acres of grain to sow are still hustling to finish, which may not be accomplished before the 20th inst. Wormseed harvesters are about through cutting and stacking, some few have been distilling their herb and are realizing fair yields. The corn crop is fine and the yield per acre will be large this year. Many are not done getting out their potatoes yet, the season has been too wet for deep ground work. Clover seed cutting and apple picking have consumed much time this fall. The crops were good and many a fine kettle of apple butter has been made here, during the last two weeks, and many a bushel of clover seed will be realized. Our forests and grass fields are green as in May, but at this writing the air feels frostlike.
