to be divided by certain meates and bounds as mentioned in the said Will as for the said Will relation being thereto
had may more at large appear, and likewise with liberty in the same Warrant of including
one other Tract called Discovery of which they are likewise seized in fee containing 56 acres
originally on or about the year 1732 granted unto Philip Fiddeman the father of the said
Richard Fiddeman, which said Philip conveyed part thereof unto Robert Rolle aforesaid and to
add the vacant land to them contiguous and likewise to return seperate Certificates of each
of their parts agreeable to the division mentioned in the last will and testament aforesaid according
to their seperate pretentions, as may appear. These may therefore humbly certify that I
Reiden Bozman Deputy Surveyor of Talbot County under the Honble James Harris
Esq. his Lordship's Surveyor General for the Eastern side of Chesapeake Bay in the County
aforesaid, have Surveyed for the said Richard Fiddeman part of the aforesaid seven tracts
of land according to the said Richard's pretentions as afs. (first) Beginning at a Marked
Post fixt in the ground marked with twelve Notches standing near the head of a Creek called
the 2d Creek which said Creek issues out of the North side of Choptank River which said Post stands
in the place where the beginning boundary of the afs. tract of land called Lancashire formerly stood
and runs thence from the said Post South thirty one degrees thirty minutes East fifty seven
perches to the place where the 2d bounded tree of the said Lancashire stood, then South South
West three hundred and twenty perches North West fifty perches North North East twenty
eight perches South fifty degrees thirty minutes East twenty perches, North forty three degrees
thirty minutes East twelve perches, North sixty degrees fifteen minutes West, thirty eight
perches North twenty four degrees thirty minutes East, twenty four perches, North seven
degrees East sixteen perches North Eighty seven degrees thirty minutes East forty perches
South fifty five degrees East seven perches, then North East twenty three perches, North
twenty one degrees West sixteen perches North fifty seven degrees thirty minutes, West thirty
two perches North North East One hundred seventy four perches to the beginning containing
seventy eight acres of land but find a deficiency of twenty two acres occasioned by the
North North East running into the Water. Secondly, beginning at the aforesaid
Marked post being the beginning boundary of the aforesaid tract of land called Addition
and runs from thence North North East twenty five perches then West North West
three hundred and twenty perches then South South West twenty five perches, East
South East three hundred and twenty perches to the first beginning containing forty nine
acres, where of there is a deficiency of one acre occasioned by the first course of said land running
into an elder survey called Cambridge. Thirdly. Beginning at afs. bounded post being
also the beginning boundary of a Tract of land called Fiddemans Chance and runs thence
South thirty one degrees thirty minutes East twenty five perches, then East South East eighty
perches South South West twenty five perches, East fifty perches to the place where it is sup-
posed the 2d bounded tree of the said land stood, then South two hundred and seventy nine perches
then West fifty perches, then North two hundred and seventy nine perches, then West fifty
perches, then North two hundred seventy nine perches, then North forty six degrees, West
one hundred and nine perches to the beginning containing fifty acres of land but find a
deficiency of fifty acres partly occasioned by running into three elder surveys viz.
Withington, Elliotts Folly and Cambridge, also the inequality of the Courses. Fourthly
Beginning at the head of a small Cove or drain issuing out of the afores.d 2d Creek which
said Cove runs by the dwelling house of Daniel Shermon at the head of which Cove or drain
the said stood the beginning bounded tree of the afs. tract of land called Fortune & running
from thence South east seventy perches South sixty two degrees thirty minutes East
seventeen perches North seventy two degrees thirty minutes East, six perches, North
thirty one degrees thirty minutes East, twenty perches, North sixty one degrees thirty
minutes East thirty four ... North thirty nine degrees East twenty four perches North
twenty five degrees thirty minutes East fourteen perches, then North eighty eight degrees
thirty minutes East fourteen perches to the first bounded tree of the afs. tract of land called
the Addition two hundred seventy six perches then South seventy six perches East by
South one hundred and twenty seven perches then North fifty perches, then with a straight
line to the first beginning containing one hundred & six acres where of there is a deficiency
of twelve acres, occasioned by the courses running into each other. —

Fifthly. Beginning at the second bounded tree of the afs.d tract of land called Discovery runs from thence
South South West, two hundred twenty nine perches, East by North one hundred forty four perches the
West fifty perches then with a straight line to the beginning, containing fifty six acres of land. (Sixthly)
Beginning at the aforesaid second bounded tree of Chance being the beginning boundary of the aforesaid
tract of land called Hazard & runs from thence South two hundred seventy nine perches with the afore
said tract of land called Fiddemans Chance then East South East eighteen perches, then North North
East one hundred forty five perches East twenty two perches North seventeen perches North West fifty
perches North East fifty five perches, North West one hundred and thirty eight perches South South West
forty perches then East fifteen perches, to the first boundary containing seventy two acres of land where
of there is a deficiency of one hundred twenty eight acres partly occasioned by the inequality of the
courses, as also running into an Elder survey called Elliotts Folly. (Seventhly) Beginning at a marked
post standing on the West side of the afs.d second Creek being the beginning boundary of the aforesaid tract
of land called Withington & runs from thence South by West one hundred perches, then East by North
three hundred and twenty perches, then North by East one hundred perches, then with a straight line to
the first beginning one hundred and sixty seven acres of land but find a deficiency of thirty three acres
occasioned by running into an elder survey called Lancashire, also another tract called Cooper Swamp
being elder. Lastly reducing the afs.d Richard Fiddemans part into one entire tract according to the
last will and testament of the afs.d Richard Fiddeman & with my outlines adding what vacant
land I could find to the said Richard Fiddeman's part contiguous - and have called it by the name of
Fiddemans Discovery. Beginning at the aforesaid marked post fixed in the ground and marked with
twelve notches standing at the head of the 2d Creek afs.d issuing out of the North side of Choptank river
which said post stands in place where the beginning tree of the aforesaid tract of land Lancashire for
merly stood & runs thence South South West forty three perches, South fifty three degrees West fifty one
perches, South thirty degrees West forty six perches South twenty degrees East sixteen perches, South nine
degrees thirty minutes West twenty two perches South thirty one degrees East fourteen perches, then South
fifty seven degrees thirty minutes East thirty eight perches South twenty one degrees East thirty perches
to a Marked Oak being one of the division boundarys between the afs.d Richard Fiddeman and the afore
said Robert Rolle then East seventeen perches to a Marked post another division boundary between
the said Fiddeman and said Rolle, then South East by East two hundred and six perches, being the divi
sion line mentioned in the last Will and testament afs.d then North North East One hundred and four
perches, East twenty two perches, North seventeen perches North West fifty perches North East fifty
five perches North West fifteen perches, South West One hundred eighty two perches, North West seventy
five perches North East one hundred eighty two perches North West forty seven perches, South South West
fifty perches, North West one hundred sixty five perches, West North West, three hundred perches, then South
South West twenty five perches East South East forty four perches South seventy six perches East by
South one hundred and fourteen perches, South fifteen degrees West twenty perches, South East seventy
perches South sixty two degrees thirty minutes East, seventeen perches North seventy two degrees thirty
minutes East six perches, North thirty one degrees thirty minutes East twenty perches, then North six
ty one degrees thirty minutes East thirty four perches, then North thirty nine degrees East twenty
four perches, then North twenty five degrees thirty minutes East fourteen perches then with a
straight line to the beginning containing and now laid out for four hundred and eight acres of
land to be held of the Manor of Pattison, where of there is fifty eight acres of vacant land added,
without any improvements on the afs.d vacancy. Pr. Reid.n Bozman Dep.t Surv.r Tal.t Coty
