WESTMINSTER, - MARYLAND.

W. L. W. SEABROOK, WILLIAM L. SEABROOK, } Editors.

Entered at the Postoffice at Westminster, Md., as Second-class matter.

FRIDAY, FEBRUARY 28, 1908.

The bill introduced in the House of Delegates to amend the registration laws of Maryland, in order that Judge Harry M. Clabaugh of the District of Columbia may participate in elections in this State, should meet with universal approval and will doubtless be passed without opposition. No argument is needed to show why United States Judges, in the District of Columbia, should be included with members of Congress as entitled to vote in their several states.

Early in the present session of the Maryland Legislature it was announced that a bill had been prepared and was about to be introduced for the purpose of increasing the representation of Baltimore City in the Senate and House of Delegates. Since that time we have seen no mention of the subject. Whether the sponsors of the project have thought it better to abandon it, or are waiting a favorable opportunity to introduce and endeavor to push it through the Legislature, remains to be seen. It is a pernicious measure and the Senators and members of the House of Delegates from the counties should be on the lookout for it and bar its passage if that shall be attempted. The SENTINEL gave some reasons several months ago why it should not pass, and there are still more cogent ones in reserve which will be presented if it shall become necessary to do so.

Republican Convention.

The Republican State Central Committee held a meeting in Baltimore on Wednesday for the purpose of naming a date for holding the State convention to elect four delegates and four alternates, at large, to the Republican National convention, which will be held in Chicago, June 16, and to nominate eight candidates for Presidential Electors. It was decided that said State convention shall be held in Baltimore, on Thursday, April 30. The regulations for primaries and county conventions were delegated to the local committees.

The members of the State committee from the Second Congressional district named April 28 as the date and Johnson's Hall, North Avenue and Walbrook Station, as the place for holding the convention to elect two delegates and two alternates from the district to the Chicago convention. They also decided that the convention to nominate a candidate for Congress from the district shall be held at Towson, Wednesday, August 5.

Incidentally the State committee adopted a resolution endorsing the policies of President Roosevelt's Administration and demanding, "as his sucessor, one who can be trusted, without misgivings, to persevere in those policies, and harvest their fruits in the nation's welfare."

The committee adopted a further resolution in which it stated that "any declaration for a presidential candidate would transcend it powers," but in which it was averred that the "recent tribute of certain members of the General Assembly to the eminent merits and public service of Hon. Wm. H. Taft was fully within the scope of their rights as individual Republicans."

Read between the lines it is apparent that the members of the committee, generally, favor the nomination of Judge Taft as the Republican candidate for President, and, in this respect, they are believed to voice the sentiment of a large majority of the Republicans of the State. The resolutions were prepared and submitted to the committee by Congressman Sydney E. Mudd, and were adopted unanimously.

TO THE OFFICIAL GENTLEMEN OF WESTERN MARYLAND COLLEGE:

By acts of the Maryland Legislature the tax-payers of the State have been required to contribute large sums of money to the support of Western Maryland College, and in return for such paying of taxes any few, or all of the tax-payers, have a right to know the total amount of money thus contributed and also the manner, &c., &c., in which the same is being used, and for these purposes the following questions are asked.

Have you already received $150,000 or more from the State of Md.?

Are you now striving to get $50,000 more from the State?

Allowing that ½ of one per cent. of the tax-payers of the State have been benefited with free scholarships for their children, (a big allowance) then in what way have the remaining 99½ per cent. of the tax-payers of the State been benefited by Western Maryland College; the few college students as teachers in the public schools not to be considered, inasmuch as the most practical teachers in the public schools are not of colleges?

Are the demands which you have been making on the tax-payers of the State to continue, and to be interminable at the rate of $12,000 or $13,000 per year?

Please let us have a statement of the total amount of money received from the State up to this time, and the salaries paid to teachers and officials of Western Md. College at the present time?

Believing these interrogatories to be only fair and not impertinent, and not made in any spirit of discourtesy toward any one, you are respectfully requested to answer them in either one of the Westminster newspapers; or by your silence to admit that you have received $150,000 or more from the State of Md.; that you are now trying to get $50,000 more from the State, and that the tax-payers of the State have not been, and are not now receiving any adequate benefit from the college for the large amounts that they have been thus required to pay.

Good Roads

All persons who are interested in good roads, and especially the county commissioners and district road commissioners, are invited to attend an open meeting of the County Grange, at Odd Fellows' Hall, New Windsor, on Saturday, March 7th, at 1 P. M. The meeting will be addressed by Col. W. W. Crosby, chief highway engineer of the State; President R. W. Sylvester, of the Agricultural College; H. J. Patterson, director of the State Experiment Station; Hon. Joseph A. Golden, M. C., of New York; G. W. Gaunt, Esq., lecturer of the National Grange, and others.

MICHAEL E. WALSH,
Lecturer of the County Grange.

The House of Representatives Monday week agreed to a joint resolution extending for two years from March 9, 1908, the provisions of the act appropriating $200,000 for the marking of the graves of the soldiers and sailors of the Confederate Army and Navy who died in Northern prisons and were buried near the prisons where they died. Of the original appropriation there is a surplus of $183,000 available for this purpose.

Among the appointments made by Governor Crothers last week was that of John M. Tucker, of Elkton, to be State Fire Marshal. Miss Linnie N. Shaffer, of Baltimore, was appointed State Librarian to succeed Mrs. Jeffreys, who has held the office continuously since her appointment by Governor Lowndes, twelve years ago.

At the municipal election in Philadelphia Tuesday week the Republican party was successful, as usual, and swept the city by increased majorities. One City party man, former State Senator Bayard Henry, was elected to the Select Council, from the Germantown ward by 216 majority in a total vote of about 9,000.

Mr. Frank A. Munsey, owner of Munsey's and other magazines, the Washington Times and Boston Journal, has purchased the Baltimore Evening News.
