of an act of Assembly of the State aforesaid entitled "an act for marking and bounding Lands" We the Subscribers appointed Commissioners as aforesaid and authorized and empowered to mark and bound the land above mentioned do Certify that we caused a Advertisement to be set up at the Door of the Court House of the County aforesaid and at such other publick places as we Judge most effectual, thirty days at the least before our meeting on said Land notifying the time and intention of our meeting. We also Certify that Edward N. Hambleton John Bennett, John Stevens, Junior and Jabez Caldwell, met on the land aforesaid for the purpose aforesaid September 30th 1816. that being the day by them appointed to meet and each of them respectively Qualified also Samuel Jackson, the Sworn Surveyor of Talbot County, being appointed on the occasion was Qualified under the law for marking and bounding Lands passed January 26th 1787. which Qualifications are entered, on the Commission hereto annexed adj. to Octo. 31st 1816. And it is admitted by the parties Concerned that the Commissioners met again pursuant to their adjournment on the premises: and so met and adjourned from time to time, with the Surveyor, and Chain Carriers, whom they appointed and Qualified and proceeded in surveying the Land mentioned in the said Commission and in Summoning and examining sundry Witnesses, and in taking their Depositions, and in Considering the Subject matter of the said Commission, until the Sixth day of November in the year Eighteen hundred and nineteen, when they determined upon the manner of fixing the Location of the land and concluded their Certificate in the following words and figures. that is to say. —

The Commissioners Edward N. Hambleton John Bennett, John Stevens Junr. and Jabez Caldwell also Samuel Jackson Surveyor and William Seymour with Hubbard Chain Carriers met 6 November 1819. according to adjournment. — The Surveyor, on viewing and measuring lines designated the land of the N. W. Line of Hier Dier Lloyd where by order of the Commissioners a large Stone engraved **NW HDL** 1819. was fixed in the Ground as a Boundary at the Termination of the N. W. Line of Hier Dier Lloyd according to their adjudication and award. and in order to give entire satisfaction to the Parties present, the Commissioners ordered the lines of the sale of Part Hier Dier Lloyd from William Goldsborough to Samuel Chamberlaine to be run again Begining as expressed in the Deed on a March near the head of Broos Creek and in the North East Course that begins at the mouth of said Creek for the land of M. Vincent Lowe, and runing by and with the said Creek the Same Lines as before run to intersect the N. 49° 15' W. Line as determined by the Commissioners for the original N. W. line of Hier Dier Lloyd. Whereas the Petitioner in his humble requests to the Court set forth that he was seized in Fee of Part of a tract of Land called Hier Dier Lloyd and Whereas the Commissioners on Examining the Deed of Sale, from William Cambs and wife to William Goldsborough dated 1740 (under whom the Petitioner Claims by Descent) discovered that the same deed expresses to run "to the N. W. Line of Hier Dier Lloyd" "then N. W. to the Division between William Cambs and Vincent Lowe" — and therefore concluded that it was absolutely necessary the N. W. line of the original Tract of Hier Dier Lloyd should be truly ascertained and accurately run; and in order to have it surveyed with the greatest accuracy to do equal Justice to the Parties interested, the Commissioners to give full Satisfaction traced the Lines four different times from Doctor Dickinsons Landing. — Begining at a Spot proved and agreed to by the parties present and in which spot the Commissioners by mutual Consent fixed a Stone for a Boundary at the Begining of the Tract of Land called Crossedore, and the Begining of the N. N. W. line of Hier Dier Lloyd and taking all the Testimony, Circumstances and explanations, under their most minute considerations they unanimously agreed to run the two lines of Hier Dier Lloyd in Question with a Correction of 4° 15' for Variation on each line. that is to say N. N. W. Corrected 4° 15' for variation from the stone Boundary first planted at Doctor Dickinson's Landing 503 perches, then N. W. Corrected 4° 15' for Variation 1240 perches to the Cone leading to Damon Causey of the Waters of Tuckahoe Creek where and at the termination thereof the Commissioners as before mentioned planted a large stone for a boundary engraved **NW HDL** 1819. which they publickly declared was set by them as a boundary at the end of the N. W. Line of Hier Dier Lloyd according to their adjudication and award: Lastly we the Commissioners do hereby Certify that in obedience to the authority Vested in us by the Commission hereto annexed we caused the Land mentioned in said Commission to be correctly surveyed marked in the respective lines and bounded at the termination thereof according to our adjudication of the true location thereof considering the testimony circumstances, and Explanations in manner following that is to say — Begining at a large Stone engraved **G.G. N. 1.** on the South side thereof now set in the Ground as a Boundary by order of the Commissioners in the place where it is proved formerly stood the original begining of said Gumberry Goldsborough's Land part of Hier Dier Lloyd, being a small Red Oak on the South Side of the mouth of Broos Creek, marked with twelve notches, 4 on the 1 and 2 agreeable to Deed expressed, and opposite two small Islands bearing about South west and running from thence by and with Choptank River and Island Creek, according to the original Deed and a late survey to the mouth of Chesnut Cove, and running with Chesnut Cove till it intersects a Line drawn through said Cove S. 45° W. from the extremity of a Point between two small Creeks at the head of said Chesnut Cove, then N. 45° E. Forty eight perches to the said Extremity of said point where we have now set a Stone marked **G.G.2.** as a Boundary, then running with the Division lines between the said Goldsborough and the late James Delahay N. 25° E. 37 perches to a Stone Boundary marked **G.G.3.** alledged to be fixed in the place of a white Oak Boundary marked with eight Notches called for in the first sale of Part of Hier Dier Lloyd from William Cambs and wife to William Goldsborough, and mentioned in another sale of another Part of said Land from said Cambs to said Goldsborough as the Begining Boundary standing near the head of Chesnut Cove, then running N. 64° 30' E. 127 Perches to the North west line of Hier Dier Lloyd as Expressed in the original Deed from William Cambs and wife to William Goldsborough — that is to say — to the Line run N. 49° 15' W. which we the Commissioners aforesaid determined the said N. W. Line of Hier Dier Lloyd according to our adjudication shall run — and in which said determined line, and at the end of the line last run making an intersection we fixed a Stone for a boundary marked **G.G.4.** then running by and with the same awarded Line N. 49° 15' W. 174 Perches, to the end of the fifth Line of the Deed of Sale from William Goldsborough to Samuel Chamberlaine for Part of said Hier Dier Lloyd whereon and at which intersection, we have fixed a Stone for a Boundary marked **G.G.5.** then running South 68° West with the line of said Deed reversed fifty eight perches and nine tenths of a perch, at the end of which Line we fixed a Stone for a Boundary marked **G.G.6.** in the direction of an old Fence acknowledged to be the Division — then running and binding with the Waters of Broos Creek on the West side of the Northmost Branch of said Creek South 53° W. 49 Perches — being the 6th Line of said Deed reversed, then S. 63° W. untill it intersects a Line of the second Sale from William Cambs and wife to William Goldsborough — then by and with the lines metes and Bounds of the two Deeds of sale aforesaid from William Cambs and wife to William Goldsborough Conclusively to the Begining containing 326 acres of Land more or less according to the Plot here to annexed, as Witness our Hands and Seals the twenty first day of March Anno Domini Eighteen Hundred and twenty. Edwd. N. Hambleton (Seal) J. Bennett (Seal) John Stevens Junior (Seal) Jab. Caldwell (Seal)

And the said Commissioners together with the said Certificate of their proceedings returned a Plot of their Survey made by the Surveyor under their direction which is annexed to this Transcript. Which said Return of the said Commissioners was then and there received by the Judges of the said County Court and ordered to lie in the office until the Session of the Court to be held on the second Monday of November, then next following and afterwards to wit, at a County Court of the said State held for the County aforesaid at Easton aforesaid on the said second Monday of November in the Year Eighteen Hundred and twenty, before the Judges thereof a Certain Harriet Martin of the said County Gentlewoman, by Nicholas Hammond, Esquire, her attorney appeared in Open Court and presented to the Judges a Caveat against the proceedings of the said
