AMERICAN SENTINEL.

WESTMINSTER, - MARYLAND.

W. L. W. SEABROOK, WILLIAM L. SEABROOK, } Editors.

Entered at the Postoffice at Westminster, Md., as Second-class matter.

FRIDAY, MAY 22, 1908.

Let US Have This Road.

No more important subject can be presented editorially in this issue than that suggested in the following letter from the president of the Good Road League of Carroll, Frederick, Howard and Montgomery counties.

The letter will be published in both the SENTINEL and Advocate and should be read by every citizen of the county.

We would call especial attention to the suggestion that meetings be held in the interest of the proposed road. In matters of this kind there should be no delay. A few of our citizens should get together and call a meeting to be held in Westminster at an early date.

Mt. Airy, Md., May, 1908.

Dear Sir:—The State Road Commission which was authorized by the last General Assembly to lay out and construct a system of State Roads or Pikes, have organized and gotten in working shape.

We have made formal application to this Commission to include in this system of state roads, the road running from Olney, in Montgomery county, to Westminster, in Carroll county, via Laytonsville, Etchinson, Damascus, Mt. Airy, Taylorsville and Warfieldsburg, a distance of about 38 miles.

We will cite a few reasons why we claim that this project would be of more public service than any like improvement in this section of the state:

1st. By connecting with the Washington pike at Olney and the Hanover pike at Westminster it would make a continuous improved road from Washington nearly to the Gettysburg battlefield, running across the state through those sections of Montgomery and Carroll counties that are most remote from the railroads.

2nd. By connecting with the Gaithersburg—Laytonsville-Shoemaker pike at Laytonsville it would connect with an improved road the three most important shipping points of their respective sections, via.:—Gaithersburg on the Metropolitan branch; Mt. Airy on the Main line; and Westminster on the Western Maryland R. R., through a territory that is depending almost wholly upon one or the other of these points for their market supplies and over a route now in most general use.

3rd. This road serves the best needs of the cross state travel, from the north to Washington; from the south to Pennsylvania points; from a remote corner of Carroll county to the county seat at Westminster; from a remote corner of Montgomery county to the county seat at Rockville; as well as the extremely large tonnage of farm products that annually finds its way to or from these shipping points, connected by this proposed improvement; and last, if not least, the large amount of market supplies from the dairy, poultry yards and farms of Montgomery, Howard, Carroll and Frederick counties, that is hauled weekly over this route to Washington.

4th. This route has no difficult engineering schemes. The entire road from Olney to Westminster is a high and dry one, through a fertile country abounding in farm scenery that is hard to surpass, and escaping the high waters or marshy stretches of the Seneca, Bennett's Creek and Monocacy on the west and of the Patuxent and Patapsco on the east; in fact there is no water on this road larger than an ordinary spring branch.

5th. In summing up the whole situation it is doubtful whether there will be a road improvement of the same cost in the state that will be of more value to widely diversified interests, such as foreign and local pleasure or business travel and heavy hauling as this improvement would be.

Immediate action is very necessary as the State Road Commission has expressed the intention of improving those roads that the people want most, and it is up to those interested to let the Commission know we want this improvement.

Do you not think it a good plan to hold meetings at several points along the route, say: Warfieldsburg, Taylorsville, Damascus and Laytonsville in order to crystalize the sentiment and get together.

We urge an early reply in which you are requested to give us your idea.

Respectfully yours,
JESSE P. KING,
President Good Road League.

The General Conference of the Methodist Episcopal Church, in session in Baltimore, has been engaged for two or three days in balloting for eight new bishops, but up to last night only two of the eight had been chosen. These are Rev. Dr. W. F. Anderson, secretary of the Board of Education, Freedman's Aid and Sunday School, and Rev. Dr. John L. Nuelson, of Nast Theological Seminary, Berea, Ohio. Three ballots were taken yesterday without election.

Many who have been observing the rain fall closely report that the heaviest fall since 1889 occurred here on Tuesday night and Wednesday of this week. The cornfields and roads were badly washed, all the lowlands were submergd and many cellars flooded.

Mrs. Annie Stoner and Miss Mabel Myers left on Monday for an extended trip to Baltimore, St. Michaels, and other points of interest. They expect to be away ten days or more.

After all it looks like much of the corn will be planted late.

Mr. John Beard and wife, of New Windsor, took supper with Mr. George Babylon and wife last Thursday. Mr. Babylon appears to be improving slightly.

Rev. Charles D. Bonsack, of Washington, D. C., preached here on Sunday night to a large audience.

Miss Maria Carbaugh, near Fairview, was taken sick while on a visit to Mrs. Ollie Few here this week.

The C. E. Society will convene on Sunday night after an interval of no service for several months. We hope the people of this vicinity will manifest an interest in the work by coming out and taking an active part.

The grange at this place will hold an ice cream and strawberry festival in the hall here on Saturday night, June 13, for the benefit of the club.

Last Monday Master Wilbur Sullivan, in company with some other boys, mounted the running part of a vehicle on which there was a long board and started down a hill. In making a turn he fell off and was run over. He was badly bruised about the foot and was carried home where he has been ever since. He is mending.

Mr. Levi Maus and wife entertained a company last Friday night, at their home, in honor of Dr. Benson and wife. Ice cream, bananas, cake, lemonade, etc., were served.

Owing to rain only a small audience came out to hear Rev. C. E. McCullough on Wednesday night. He expressed his gratitude for having the privilege of looking into so many familiar faces again. In his able manner he delivered a most eloquent as well as instructive sermon, in which he pictured humanity in its pursuit of happiness. His text was, "Blessed are they that mourn, for they shall be comforted."

While Mr. Benton Myerly was in the woods near his home last Thursday he was attracted by a peculiar rattling noise. In looking around he discovered it was a snake. Having an axe in his hand he went a short distance and secured a club. When he returned the snake rattled again and he killed it. Its length was three feet and a half.

The high waters must have driven the painters from Wakefield as they are at home looking for clear weather. So are the farmers.

For the Sentinel.

In the evening at 8 o'clock, he will address the young people of the Epworth League and Christian Endeavor Societies, topic "A Gospel for Grown-Up and Old Folks." A special musical program has been arranged for both services, and the evening service in particular is expected to bring out a large concourse, the congregations of St. Paul's Reformed and Methodist Protestant Churches uniting with that of Centenary Church. Bishop Vincent is well known not only because of the high office held in the Methodist Episcopal Church, but from his intimate connection with the "Chatauqua" Movement, and Young People's work in the churches.

It will be the first time Bishop Vincent has addressed a Westminster audience.

The following special musical program will be rendered on Sunday, at the morning services, anthem, "Father, O Hear Us," by Palmer; solo, "O Love that will not let me go." M. P. General Conference.

The Press notices of the organization of the Methodist Protestant General Conference, at Pittsburg, Pa., May 15th, say that "a remarkable tribute" was paid Rev. T. H. Lewis, D. D., president of Western Maryland College, when he was unanimously chosen president of that body.

Two candidates were placed in nomination—Dr. Lewis and Rev. Dr. George Shaffer, pastor of the Bellevue Church, Pittsburg. Just before the vote was taken Dr. Shaffer rose and said: "I want to withdraw my name in favor of Dr. Lewis, and I want to say further that Dr. Lewis is the ideal man for the presidency of this great body." Promptly a motion was made and carried choosing Dr. Lewis president by acclamation.

Dr. Lewis is the fourth president of the General Conference to be chosen from Maryland in the past 20 years, and the third from this county. He succeeds Rev. F. T. Tagg, D. D., editor of the Methodist Protestant, a native of this county. Dr. J. W. Hering, of this city was the third.

IN MANY WAYS

most all teeth are indebted to the rapid strides of dental science. To keep in touch with scientific dentistry and later methods of applying it requires aptitude, practice and skill. Dentistry up to date is assured to those who patronize me. Charges are not higher but lower. They are lower on account of improved methods adopted. One trial will convince. Bridge and Crown Work at reduced prices. Teeth filled with Gold, Silver and Amalgam. Full sets of Teeth made. Broken plates repaired and made good as new. Painless extracting. Charges always moderate.
