Weant, Esq., of the committee on resolutions.

About a year ago, two Indiana circuit judges declared that the granting of saloon licenses by the State is unconstitutional because such licenses authorize an immoral traffic. It was stated at that time that it was the desire to have this decision contested in the federal courts, but the saloon men never took an appeal. The "Interior" is authority for the statement that an organization of Indianapolis business men, who were behind the original proceedings in which judgments adverse to the saloon were given, are determined to secure an opinion from the Supreme Court of the United States on the subject, and to that end are arranging new cases to be brought against saloons in the District of Columbia, and will employ the most eminent counsel.

The commencement of the Woman's College, Frederick, will take place at 10.30 A. M., Wednesday, 10th inst. The Catochn Clarion states that a surveying corps of the U. S. Geological Survey recently placed a benchmark on the Thurmont National Bank building, giving the elevation above sea level at that place as 523 feet. This, the Clarion says, is 73 feet higher than Emmitsburg, which is 450 feet. The elevation of Mt. St. Mary's College is 720 feet. The elevation of Westminster has not been given by the Geological Survey, but by railroad survey is 725 feet in the centre of the track on Main street, the lowest point in the town. The highest elevation in the city limits is above 900 feet.

GOOD ROADS MEETING.

Key-Note—The Greatest Good To The Greatest Number—Resolution Of Merchants And Manufacturers Association Received With Favor.

The intense interest of the people of this county in the location of the road improvement to be undertaken by the State Roads Commission was manifest in the large concourse of representative men from this city and all parts of the county, which filled Odd Fellows' Hall, last Saturday afternoon.

The meeting was called to order by Mr. Fred D. Miller, at the request of the president of the Merchants and Manufacturers Association, who was unavoidable absent. Upon motion of Mr. Miller, Dr. J. W. Hering, State Comptroller, was made chairman, and W. L. Seabrook, junior editor of the AMERICAN SENTINEL, secretary.

Dr. Hering, in taking the chair, spoke of the importance of this movement for good roads, and of the earnest desire of Governor Crothers that the people of every section of the State shall be accommodated as far as possible and that the roads to be built shall be constructed in the best possible manner. He further said that he had informed the Governor of the holding of this meeting and that he had expressed great satifaction at the interest manifested, and that the Commission would visit Westmister on June 23rd.

The chairman then called upon Mr. Miller to state the general purpose of the meeting. Mr. Miller responded by reading the resolution adopted by the Merchants and Manufacturers Association of Westminster, as follows:

"Resolved, That it is the sense of the Merchants and Manufacturers Association of Westminster, Md., that the State Roads Commission should take into consideration the unimproved roads leading into Westminster in the distribution of the State appropriation of $5,000,000 for good roads, because Westminster is the county seat, centrally located in the county."

Mr. Miller said that the action of this Association was not prompted by any selfish motive or spirit; that its desire was to promote the greatest good to the greatest number, in the interest of the whole county, and that the organization which he represented believed that that good could be best attained by the improvement of the unimproved roads leading into Westminster, taking each road for a number of miles to be agreed upon, rather than by having one through road built across the country.

Dr. J. Howell Billingslea stated that there seems to be some misapprehension as to the purpose of the Legislature and the policy of the Roads Commission in line therewith; that that purpose contemplates a system of through roads in the State.

Mr. Jesse P. King, of Mt. Airy, president of the Good Road League, said that the organization which he represented was among the pioneers in the good road movement, and was most influential in spreading the sentiment which led to the action of the Legislature. Mr. King spoke strongly in advocacy of a road from Olney, through Mt. Airy and Warfieldsburg, to Westminster.

Mr. E. O. Garner advocated a through road from Westminster to Taneytown and Emmittsburg as a direct route from Baltimore to Hagerstown.

Joseph D. Brooks, Esq., said that if a through road was to be the one road for the county it should begin at Brookville and run by way of Hood's Mill, on the Washington road to Westminster, and thence to Tanetyown and Emmittsburg, and declared that this is the only logical route for such a through road; that in building connecting links between the present turnpikes, it would be necessary to construct not more than 46 miles of road in order to give continuous roads from both Washington and Baltimore to Cumberland.

Mr. Lester Patterson thought that if a through road were projected, connection with Baltimore should be always kept in view, and suggested a route by way of Sykesville, Eldersburg and Gamber, to Westminster and on to Taneytown.

Mr. James Haines, of Taneytown, emphasized the importance of a road to that point.

Dr. S. Simpson laid stress upon the need of concerted, unselfish action to secure that which might be agreed upon as for the best interest of the county.

Mr. George R. Gehr said that he did not like to disagree with those who advocated the through road idea and the route from Olney to Westminster. That it was not the purpose of the legislature to build boulevards. That if the District of Columbia wanted a boulevard to the battlefield of Gettysburg, then the District should build it. That the Merchants and Manufacturers Association had struck the key note for the county when it declared for the greatest good to the greatest number.

Mr. Frank Lewis, of Mt. Airy, said that he wished to correct a wrong impression; that it had been understood that there would be a through road from Washington to Gettysburg, either by Mt. Airy and Westminster, or by way of Rockville and Frederick, and naturally the citizens of Mt. Airy wanted it in their direction. He further pointed out the fact that the proposed Olney to Westminster route passed through Mt. Airy, Franklin, New Windsor and Westminster districts.

A gentleman whose name is not ascertained spoke of the need of improvement of the much traveled and important road between Westminster and New Windsor.

Messrs. L. M. Bushey, of Freedom district, and Mr. John E. Masenhimer presented the importance of the roads in the sections which they represented.

Mr. Elias G. Shipley who favored good roads emphasized the need of good road supervisors for the county roads; spoke strongly of the need of good roads radiating from the county seat, and said that if one through road from Washington is to be built it should be on the bed of the Washington road.

Chas. E. Fink, Esq., had not thought out the subject fully before coming to the meeting, and therefore came with mind open to receive impressions. He said further that it was not a correct interpretation of the law to say that it was intended only for the building of through roads; that this idea is all right for sections like the Eastern Shore and such sections as have no through roads to Baltimore, but this is not the case with Carroll county. That here there is need of roads to radiate from the county seat as the spokes of a wheel from the hub.

Mr. George Reigle spoke of the importance of the roads in his section.

Dr. Charles Billingslea made a motion that the suggestion of the Merchants and Manufacturers Association be referred to a committee to be appointed by the chairman of this meeting. After consideration of the motion a number of suggestions, made by M. E. Walsh, Esq., and others, were accepted by Dr. Billingslea and it was finally put and carried in the following form: Resolved, That Dr. J. W. Hering, chairman of this meeting shall appoint a committee to which is referred the suggestion of the Merchants and Manufacturers Association; that Dr. Hering shall be ex-officio chairman of this committee, which shall be composed of three members from each district of the county; and that this committee shall meet in the Court House, at Westminster, on Monday, June 15th, at 10 o'clock A. M.

Dr. Hering requested those present from the various districts to mail to him not later than Monday, June 2nd, names of persons in their respective districts that from the list of names thus received he might immediately appoint the committee.

The following is the committee as appointed:

Dr. J. W. Hering, Chairman Ex-Officio authorized by the Citizens Meeting.

Democratic County Convention.

The county convention of the Carroll Democrats, to elect delegates to their State and Second Congressional district conventions, was held at Odd Fellows' Hall, this city, on Monday. It was called to order by the county chairman, Mr. B. F. Crouse, and the venerable ex-Judge L. P. Slinghuff, of New Windsor, was elected chairman, and Mr. E. Lee Erb, of Union Bridge, secretary. On motion of Mr. George A. Shower, of Manchester, a committee, composed of one from each district, was appointed on credentials and permanent organization, as follows:

Taneytown—James B. Reaver.
Uniontown—Burrier L. Cookson.
Myers'—Charles H. Knipple.
Woolerys'—Wm. L. Richards.
Freedom—J. O. Devries.
Manchester—Jacob Rupp.
Westminster—Thos. K. Shaw.
Hampstead—George R. Rupp.
Franklin—George F. Byers.
Middleburg—J. W. Eyler.
New Windsor—D. P. Smelser.
Union Bridge—E. Lee Erb.
Mt. Airy—C. W. Selby.

The committee reported all the districts represented by properly accredited delegates and recommended that the temporary officers be made permanent. The report was adopted and the credentials filed with the secretary.

The convention then proceeded to ballot for delegates to the State convention and the names of Messrs. Daniel J. Hesson, of Taneytown; B. F. Crouse, of Westminster; George A. Shower, of Manchester; Johnzie E. Beasman, of Freedom; Frank I. Lewis, of Mt. Airy, and F. G. Merceron, of Freedom, were placed in nomination. Mr. Merceron stated that he was elected a delegate from Freedom district upon his announcement that he was in favor of the nomination of Bryan for the Presidency and that he desired to be sent as a delegate to the State convention as a Bryan man; that Senator Beasman was not mentioned at the primary as an aspirant for election to the State convention and he knew nothing of the Senator's desire on the subject until he came to Westminster. He urged that it was bad policy to ignore the expressed wishes of the people, as had been so often done to the detriment of the party in the past. He made a strong appeal for his own election, but without avail. Evidently the slate had been agreed upon before the convention met and could not be broken. Messrs. Hesson, Crouse and Shower received the full 65 votes cast, Senator Beasman received 60, Mr. Lewis 45 and Mr. Merceron 25.

It has since transpired that the Freedom district primary passed a resolution in favor of the nomination of Bryan.

The delegates to the congressional conventon were elected by acclamation and were: Messrs. Henry S. Musselman, of Manchester; Edward O. Weant, Guy W. Steele, of Westminster; Peter Buchman, of Hampstead, and Charles D. Spurrier, of Union Bridge.
