it being also on the 14 line of the Resurvey or Drummons James A Paines aged 54 years being summoned and sworn testifies as follows Robert and Henry Clay claims land up to this stone and from seeing the lines with ways from this stone is the reason why I suppose he claims land up to this stone.

J H Clay aged 28 being summoned and sworn testifies as follows my father owns land in the neighborhood of this stone but do not know the lines or the corner Wm Fisher aged 40 being summoned and sworn testifies as follows. I have always seen this stone and always understood it to be a stone between J D Paines H Clays Polly James land and never heard the dispute Testimony is referred to the end of the 14 line of the Resurvey or Drummons

Wm Hobbs aged 62 years being summoned and sworn testifies as follows says. that there was a stone. which I seen standing at the back of the said field in and about the year 1826 and from that to a later period and the stone now standing may be at the spot where the stone was standing or near it Henry Clay aged 18 being summoned and sworn testifies as follows I think I have seen a stone standing about the place in the neighborhood where the stone now stands and thinks it may be close to the present one before Mr Hammond made his survey Wm Fisher aged 42 years being summoned and sworn testifies as follows. I assisted in planting this stone being at the end of the 14 line of the Resurvey or Drummons in 1852 by the direction of J H O'Neal the County Surveyor when the resurvey was made of Hammonds land I have seen a stone lying on the side of the woods near the present stone and was represented to me as a corner stone James Paines aged 54 years being summoned and sworn testifies as follows says there was a corner stone there to come with the neighborhood which has been nearly 18 years ago that was there standing since then I have seen the sand stone lying down.

Samuel Stone aged 38 years being summoned and sworn testifies as follows I assisted in planting this stone by the direction of J H O'Neal the County Surveyor in the year 1852.

Testimony in reference to the end of 30 pes in the 15 line of the Resurvey or Drummons as follows.

Wm Fisher aged 42 being summoned and sworn testifies as follows I assisted in planting this stone south of the tobacco house by the authority of J H O'Neal the County Surveyor I was chain carrier in the Resurvey made by A J Hammond in 1852 in company with Samuel Stone when the survey was made Samuel Stone aged 38 years being summoned and sworn testifies as follows. I was in company with Wm Fisher and assisted in planting this stone south of the tobacco by the authority of J H O'Neal the County Surveyor in the Resurvey of A J Hammond in 1852. J H O'Neal being summoned and sworn testifies as follows. I planted this stone by authority of a special warrant of resurvey granted from the State of Henry and because it is at the end of 30 pes in the 15 line of the Resurvey

or Drummons also the end of the 10 line of the deed from Richard Cole to Evan Dorsey also at the beginning of the deed from Adam Hammond to Henry Clay dated Mar 1st 1842 it being also the end of 30 pes in the 5 line of the original Drummons Wm Hobbs James A Paines Robert and Samuel Fisher being summoned and sworn their testimony was called to the stone standing south of the tobacco house at the end of 30 pes in the 15 line of the beginning or Drummons and were requested to refresh the memories in regard to the stone.

3 Instruction

Testimony in reference to the beginning of Venus proved to Andrew Scott 8 Dec 1848.

Wm Hobbs aged 62 years summoned and sworn testifies as follows I have known that place where the stone now stands as the beginning of Venus for 25 years. At the place where the stone now stands there was a large white oak tree the beginning of a tract of land called Venus.

Adam Denness aged 61 years being summoned and sworn testifies as follows. I know the place where the stone now stands was formerly a large white oak tree the beginning of a tract called Venus Adam Nusbaum aged 53 years being summoned and sworn testifies as follows I have known the place where the stone now stands for 40 years where a large white oak tree formerly stood as the beginning of Venus. Samuel Fisher aged 59 being summoned and sworn testifies as follows I have known the place where the stone now stands for 30 years where a large white oak tree formerly stood as the beginning of Venus.

Testimony in reference to the end 160 pes in the 3d line of Venus and also the beginning of the deed from Richard Cole to Evan Dorsey to 1814. Samuel Fisher aged 59 being summoned and sworn testifies as follows. I did see the stone at the end of 160 pes with the 3d line of Venus for 35 years and also he knew the stone at the end 160 pes in the 3d line of Venus for 35 years ago and also has known it as a corner stone between my father and Evan Dorsey. Adam Nusbaum aged 52 years being summoned and sworn testifies as follows I know this is the beginning of the disputed line between Evan Dorsey and I Fisher and that is in the 3d line of Venus.

Wm Hobbs aged 62 years being summoned and sworn testifies as follows I know this stone to be at the end of the 160 pes in the 3d line of Venus and that it was on the dividing line between Mr Fisher and Susan Hobbs my wife.

Mr Stephen C Testimony in reference to the deed from Richard Cole to Evan Dorsey 1814 as follows.

J H O'Neal aged 20 being summoned and sworn testifies as follows I know this stone to be at the end of 160 pes
