Bears the Signature of

Chas. H. Fletcher.

In Use For Over 30 Years.

THE CENTAUR COMPANY, 77 MURRAY STREET, NEW YORK CITY.

MARYLAND NEWS.

For the second time within the last three months there was on Monday last an outbreak at the Maryland School for Boys, when 48 boys broke through the gates with a crowbar and made their escape. At this writing 16 have been captured.

The dedication of the new St. Patrick's Catholic Church, Havre de Grace, took place on Sunday morning, at 11 o'clock. The edifice was blessed by Cardinal Gibbons, after which high mass was celebrated by the pastor, Rev. James P. Fitzgerald.

Daniel P. Eyler, near Woodsboro, Frederick county, who is 77 years of age, last week with an old-fashioned cradle cut three acres of wheat in 4 hours and 10 minutes. Mr. Eyler says that his mother lived to be 99 years of age and had 16 children.

Climbing upon a chair and getting a box of strychnine pills from a sideboard, where they had been left thoughtlessly by a member of the family, Irvin Garlick, the two-year-old son of Mrs. Mable Garlick, of the Seventh district, Cecil county, swallowed several of the pellets before he was discovered. The little fellow died within half an hour.

A large number of students is enrolled in the summer school which began on Saturday last at Braddock Heights under the direction of the Maryland Sunday-School Association. It is the first annual summer school meeting for the instruction of superintendents and teachers of Sunday Schools, and if it proves a success a chautauqua will be established to meet annually at Braddock Heights.

The car of the Washington, Baltimore and Annapolis Electric Railway which left Baltimore at 4.45 last Saturday afternoon caught fire near Academy Junction through the overheating of the resistance coils. The passengers, many of whom were women, were very much alarmed. The fire was extinguished by use of the apparatus with which the cars are provided and the passengers were transferred to another car.

Joseph B. McKeehan, brakeman on the Cumberland Valley railroad, who lived in Hagerstown for a number of years, was crushed to death between cars at Harrisburg Pa., on Saturday night. During the shifting of trains he was caught between two cars and died almost instantly. McKeehan was 38 years old. He was married less than two months ago to Miss Alva Miller, of Dillsburg.

After two years' work the Oldtown Road subway, built by the Baltimore and Ohio Railroad for the city of Cumberland, Allegany county, the Cumberland Electric Railroad and the railroad company, at a cost of more than $30,000, was completed and formally turned over to the city last Saturday. The tunnel is concrete shell, 30 feet wide and of sufficient height to accommodate trolley cars.

Governor Crothers and other members of the Board of Public Works on Monday made the preliminary arrangements for the issue of $1,000,000 of the $5,000,000 of good roads bonds provided for by the last Legislature. Comptroller of the Treasury Hering was authorized to prepare the certificates for the bond issue. Bids will be received up to noon of August 1, and the Board of Public Works will meet in Annapolis on that day to consider them.

Edward Riffle, of near Mount St. Mary's College, Frederick county, was attacked in his orchard, by a rattlesnake which he killed without being struck. The reptile was discovered by one of his children, who cried for assistance when it showed fight. Upon reaching the spot the snake made for Mr. Riffle but he dispatched it. It measured four and a half feet in length, was nearly as thick as a man's arm and had seven rattles and a button.

The Baltimore and Ohio Railroad Company has awarded to W. A. Liller, of Keyser, W. Va., the contract for the construction of a new signal tower at Weverton, three miles west of Brunswick. It will be equipped with a 52-lever interlocking machine for handling switches and signals for all tracks at that point, including the junction of the Washington county branches. All switches will be handled mechanically and high-speed will be electrically operated and will automatically assume the stop position immediately upon the passing of each train.

The hot weather the early part of last week was unusually severe on infants, 47 under two years of age having died in Baltimore, during the week, as was shown by the records of the Health Department. During the previous week only seven babies died in the city from summer complaint. The large mortality among children caused a big increase in the city's death rate compared with the corresponding period of 1907, the figures being as follows: Week of 1908, total deaths from all causes, 233; week of 1907, 173. A total of 178 persons died during the same week of 1906 and 247 in 1905.

Priscilla Brown, colored, for many years a servant in the home of the late Gov. Lloyd Lowndes, was found dead in bed, at her home in Cumberland, by Dr. Sparks, who was called by the neighbors on account of the nonappearace of Mrs. Brown about her home for several days. When the physician and coroner entered the room they found under the bed a little dog, a present from the late Governor Lowndes The animal was watching at the bed of its late mistress and refused to allow anyone to touch the body. Coroner Martz was compelled to get a rope and lasso the dog before the undertaker could take charge of the body.

The First National Bank of Monrovia, Frederick county, has been organized with a capital of $25,000.

GENERAL NEWS.

A tornado struck the town of Clinton, Minn, on Friday afernoon, killed 7 persons and injured 25, some seriously. Twenty houses, a printing office and two churches were blown down.

The christening of the infant son of King Alfonso under the name of Jaime took place in the chapel of the palace on Monday with all the pomp and ceremony of the Spanish Court. Prince Alfonso attended the ceremony in the arms of his governess, and howled lustily thoroughout the proceedings, in contrast to his little brother, who was most quiet.

By unanimous vote, the congregation of Christ Reformed Church, at Middletown, Fred'k. Co., has decided to extend a call to Rev. George Albert Snyder, who for some years has been president of Catawba College, at Newton, N. C., to become its pastor. Rev. Mr. Snyder was for a number of years pastor of Christ Reformed Church at Hagerstown, and left there to accept the presidency of Catawba College, which he recently resigned.

Zion Reformed Church property York, Pa., the oldest Reformed church west of the Susquehanna River, will be put on the market for sale., The church was built in 1750. It still retains its primitive form. In the rear of the church Philip Livingston, one of the signers of the Declaration of Independence, was buried in 1778,. His remains have since been taken to Prospect Hill Cemetery. Upon this site Gen. George Washington attended divine service.

England proposes to show as much of the world as cares to take notice the magnitude of her fleet in the maneuvers in the North Sea, which will begin July 1 and continue until July 22. Here are the vessels that will take part:

Twenty-eight battleships.
Nineteen armored cruisers.
Fifty protected cruisers, etc.
One hundred and eighty torpedo craft.

The North Sea maneuvers are an annual event in England's naval program, but this year the demonstration will be larger than ever.

One man was killed and about 20 passengers were injured at Lofty, on the mountains, 12 miles from Hazleton, Pa., on Saturday, by the wrecking of a Pennsylvania passenger train, which is believed to have been deliberately derailed by the spiking of the tracks. The dead man is the engineer, Aaron Raub, of Pottsville. The Pennsylvania train was composed of a combination car and one day coach and left Pottsville, I'a., for Nescopeck, at 5.35 A. M. The train is used principally by workmen, most of whom are miners.

Plans for a new skyscraper, which will overtop all of New York's lofty buildings and the flagpole of which will pierce the sky at a greater height than the Eiffel Tower in Paris, the highest structure in the world, were filed Monday by architects for the Equitable Life Assurance Society, with the building department. The projected edifice will have 62 stories and will have a height of 909 feet from the curb to the tip of the tower, upon which will be stepped a flagpole 150 feet long. The ball on the flagpole will be 74 feet higher than the 985 foot steel Eiffel Tower.

Europe is in the throes of a meat famine, chiefly due to the shortage in the American supply. In London there has been a decrease of 3,000,000 pounds of meat during the first five months of 1908. Paris and Berlin are in the same plight. Meat contractors to restaurants are nearly ruined. They are paying nearly 50 per cent. more for their meat than they receive. One firm alone is supplying a London hotel with 700 pounds of meat a day and is paying 12 cents more than it is getting. To make matters worse, Argentine stock has "gone wrong." The drouth in many stock-raising districts has been so severe that cattle have died by the thousand. In Berlin beef fillet is selling for 60 cents a pound, rump steak 45 cents. The Paris prices are about the same. London is slightly cheaper.

The Americans in Panama have had cause for heated protests recently, not on account of the Panama elections, but because of an incident which called into action a portion of the Panaman Army. A foreign commercial house in Colon insulted the American flag, using it to wash the windows of the establishment. Wayne O. Adams, of the Canal Zone, as the story goes, witnessed the desecration of the Stars and Stripes and engaged in a hard-fought battle for the possession of one of the flags. He was pursued, accordingto reports, by a section of the army of Panama, consisting of two policemen. As a result of the disrespect shown the flag by the commercial house in question the Canal Zone from one end to the other is hung with boycott signs and the offenders have found less expensive washrags.

It is proposed to establish official barbers at all Indian agencies and reservations. The purpose is to make short hair fashionable among the red men. Lists of eligibles for appointment as barbers will soon be prepared by the Civil Service Commission. It will be the aim of the government to get men who will realize that they are in the wilderness to perform a mission. Some years ago the destinies of the Indian Bureau were in charge of William A. Jones, of Mineral Point, Wis. It was he who ordered the Indians to get their hair cut. This mandate nearly caused a series of uprisings. The Indians were indignant. When Francis E. Leupp took charge of the bureau he abrogated the order. He said civiliation should be taken to the Indians by degrees. He began by introducing soap, a few hundred pounds the first year, increasing as time went by. Then came towels, a few at a time, until now towels are ordered by the mile.

STRANGE HAPPENINGS.

Filling his pipe with loose tobacco from a pocket that contained a small cartridge, Howard Reed, of Richardsmere Md., on Monday received a badly powder-burned eye, the bullet exploding and burying itself in the ceiling.

One of the trolley cars on the Naugatuck run was stampeded on South Main street Waterbury, Conn., on June 28 by a swarm of bees that sought refuge in a big tree and were driven out by boys with stones. They lit on a baldheaded man and he, to save himself, shot out his arms, hitting two women.

A tiny kitten was the innocent cause of the death of Mabel Seiple, 6-year-old daughter of Mr. and Mrs. Ira Seiple, of York, Monday. While playing with her sister on a pile of railroad ties, the little girl noticed the kitten romping about and started after it. When she ran across the ties they began to roll and toppled over, and she was caught and crushed to death. Her sister and the kitten escaped injury.

After living for a year shut up in a room into which she refused to admit a breath of fresh air, Mrs. William Trion, of Fitchburg, Mass., middle aged and wealthy, went to Salisbury, N. C., encased in a huge box with a glass front. For several months Mrs. Trion has been suffering from bronchitis and nervous troubles, and believes that the slightest changes in temperature aggravate her condition. She is going to the South to find a warmer climate. One afternoon last week she entered the box, the doors were closed and she was started South in a baggage car.

A diocesan commission conducted an investigation at Remiremont, France, of an alleged miracle, and after having heard 107 witnessess it affirmed the reality of the supernatural event. During a violent hailstorm in the month of May hailstones were picked up, it is alleged, bearing images of the Virgin on their surface. Contact with the earth had spilt them in half and on the smooth inner surface were the miraculous pictures. Local Catholics consider the phenomena a divine response and rebuke to the action of the municipal council in vetoing a proposed procession in honor of the Virgin. The secretary of the Academy of Sciences attributes the phenomena to photofulgural or vaporographic impressions of certain medals struck in honor of the Virgin.

News was received in Cincinnati, Ohio, on Saturday last, of the death at Silverton, Col., of Joseph C. Butler, millionaire head of the big Butler estate in Cincinnati. Mr. Butler, together with C. J. Christie, former Mayor Fleischmann's representative, and several other prominent Cincinnatians, was en route to Colorado to inspect the mining property and stopped at Chicago to attend the Republican convention. Mr. Butler was a great admirer of President Roosevelt, and when the attempt to stampede the delegates to Roosevelt was made he joined frantically for fully 30 minutes in the cheering. He then left the hall in an utterly exhausted state. Although the trip to Colorado was made, Mr. Butler arrived at the destination in an unconscious condition and never regained consciousness. He was 42 years old, and when he left home was apparently in good health.

AN OLD ADAGE SAYS

"A light purse is a heavy curse" Sickness makes a light purse.

The LIVER is the seat of nine tenths of all disease.

Tutt's Pills

go to the root of the whole matter, thoroughly, quickly safely and restore the action of the LIVER to normal condition.

No. 4408 EQUITY.

In the Circuit Court for Carroll County, in Equity.

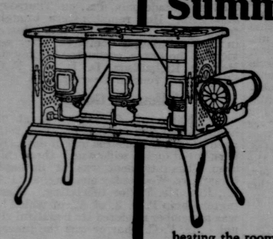

Ernest A. H. Barnes and others, plaintiffs, vs. Julia Buckman and others, defendants.

Ordered by the Circuit Court for Carroll county, sitting as a Court of Equity, this 15th day of June, 1908, that the sale of the real estate mentioned in these proceedings made and reported by Thomas A. Barnes, trustee, appointed by a decree of this Court to make said sale, be ratified and confirmed unless cause to the contrary thereof be shown on or before the 20th day of July, 1908, provided a copy of this order be inserted in some newspaper printed in Carroll county, once a week in each of three successive weeks before the 13th day of July, 1908. The report states the amount of sale to be $350.00.

Have You a Summer Stove?

The stifling air of a close kitchen is changed to comfortable coolness by installing a New Perfection Wick Blue Flame Oil Cook-Stove to do the family cooking.

No kitchen furnishing is so convenient as this stove. Gives a working heat at once, and maintains it until turned out—that too, without overheating the room. If you examine the

NEW PERFECTION
Wick Blue Flame Oil Cook-Stove

you will see why this is so. The heat from the chimney of the "New Perfection" is *concentrated* under the kettle and not dissipated through the room, by radiation. Thus it does the work of the coal range without its discomfort. Ask your dealer about this stove—if not with him, write our nearest agency.

The **Rayo Lamp** is a very handsome piece of housefurnishing and gives a clear, powerful light more agreeable than gas or electricity. Safe everywhere and always. Made of brass finely nickel plated—just the thing for the living-room. If not with your dealer, write our nearest agency.

Standard Oil Company
(Incorporated)

A GREAT OFFER

HORSES
CATTLE
SHEEP
SWINE
POULTRY

are owned by three-fourths of our readers, and every man who owns stock or poultry of any kind would be greatly interested and benefited by reading every week the articles on the care and treatment of stock by Dr. C. D. Smead the famous veterinary writer of THE NEW YORK TRIBUNE FARMER. Dr. Smead's articles appeal to practical men, and no livestock writer in the country gives more information of every day actual value, prolonging the usefulness and saving the lives of valuable animals. These articles, with the other departments—Poultry, Horticultare, Dairy, Little Men and Women, for the Women Folks, Science and Mechanics, Short Stories, instructive and interesting illustrations, keep THE NEW YORK TRIBUNE FARMER at the head of the AGRICULTURAL PRESS.

EVERY AMERICAN SENTINEL SUBSCRIBER WOULD BE BENEFITED BY HAVING THE NEW YORK TRIBUNE FARMER IN HIS HOME.

We no not hesitate to recommend it without qualification. It is not a cheap paper made up of fake advertisements. It is what it claims to be, the best paper of its kind for the farmer and for his wife and children. The subscription price is $1.00 a year.

OUR OFFER:

We will send you the AMERICAN SENTINEL and THE NEW YORK TRIBUNE FARMER, both weeklies, for $1.50

Our old subscribers who pay arrears and $1.50 additional will receive both papers.

If you wish to see a copy of THE NEW YORK TRIBUNE FARMER, write and ask us for it and a sample copy will be mailed to you.

Send all orders to
