The Next Campaign.

As the presidential campaign is over, interest once more begins to center in another campaign of equal, or greater, importance, viz.: the effort of humanity to wipe out consumption. Since the close of the International Congress on Tuberculosis in Washington last month, the issue of tuberculosis in the United States is almost everywhere now recognized as a political problem. It is a problem in which city officials, county officials, state law-makers and executives, and the judges in all classes of courts are beginning to recognize their responsibility.

Maryland was behind no other state in the United States in its showing at the Congress. Ten cash prizes, medals, and dipolomas were won by the State's public and private activities. The Maryland Association for the Prevention and Relief of Tuberculosis was given a silver medal for having the largest membership in proportion to population of any voluntary association in the United States. With the exception of the Swedish Association for the Prevention of Tuberculosis, it has the largest membership in this relation in the world. An active campaign is now being made to increase its membership. During the four years of its existence, the Association has drawn almost entirely upon Baltimore City for its membership and financial support. It will now seek to extend its activity into every county of the State, and secure there as many members as possible. County branches have already been formed in Anne Arundel, Dorchester, Washington and Frederick counties, and arrangements are being perfected to organize in Montgomery and Allegany counties. The large membership of the Association makes it a very potent force in securing remedial legislation at Annapolis, in Baltimore City, and from the boards of county commissioners in the counties.

The educational work of the association is being pushed with vigor. The traveling exhibit has just finished a tour of the county fairs, where it has been seen by thousands of Maryland people, and it will continue its itinerary during the winter.

PRESIDENT CALLS FOR THANKSGIVING

Points Out Nation's Steady Growth and Urges Americans to Give Thanks for Blessings.

The President has issued the annual Thanksgiving proclamation, as follows:—

"Once again the season is at hand when, according to the ancient custom of our people, it becomes the duty of the President to appoint a day of prayer and of thanksgiving to God.

"Year by year this nation grows in strength and worldly power. During the century and a quarter that has elapsed since our entry into the circle of independent people we have grown and prospered in material things to a degree never known before, and not now known in any other country. The thirteen colonies, which struggled along the sea coast of the Atlantic and were hemmed in but a few miles west of tidewater by the Indian-haunted wilderness, have been transformed into the mightiest republic which the world has ever seen. Its domains stretch across the continent from one to the other of the two greatest oceans, and it exercises dominion alike in the Arctic and tropic realms. The growth in wealth and population has surpassed even the growth in territory. Nowhere else in the world is the average of individual comfort and material well-being as high as in our fortunate land.

"For the very reason that in material well-being we have thus abounded, we owe it to the Almighty to show equal progress in moral and spiritual things. With a nation, as with the individuals who make up a nation, material well-being is an indispensable foundation. But the foundation avails nothing by itself. That life is wasted, and worse than wasted, which is spent in piling, heap upon heap, those things which minister merely to the pleasure of the body and to the power that rests only on wealth.

"Upon material well-being as a foundation must be raised the structure of the lofty life of the spirit, if this nation is properly to fulfill its great mission and to accomplish all that we so ardently hope and desire. The things of the body are good; the things of the intellect better; but best of all are the things of the soul; for, in the nation as in the individual, in the long run it is character that counts. Let us therefore as a people set our faces resolutely against evil, and with broad charity, with kindness and good will toward all men, but with unflinching determination to smite down wrong, strive with all the strength that is given us for righteousness in public and in private life.

"Now, therefore, I, Theodore Roosevelt, President of the United Sttates, do set apart Thursday, the 26th day of November next, as a day of general thanksigving and prayer, and on that day I recommend that the people shall cease from their daily work, and, in their homes or in their churches, meet devoutly to thank the Almighty for the many and great blessings they have received in the past, and to pray that they may be given strength so to order their lives as to deserve a continuation of these blessings in the future."

DEFERRED LOCALS.

Melrose Items.

Noah S. Zepp returned home on Wednesday of week before last after five weeks at the University of Maryland Hospital, where he underwent an operation for hernia. He speaks only praise of the surgeons, nurses and all connected with the hospital. Everybody did the utmost to make him comfortable and perfectly satisfied in every way.

This week our printer is sending "Mission Worker" to about 25 different foreign countries.

Two weeks ago we reported a beet that weighed 8 pounds, asking "who can beat it?" Since then Mrs. Henry Dice, near Manchester, weighed the largest one of her beets, and it tipped the scales at 10½ pounds. We want to know of anyone who can beat this.

Mother Zepp was well remembered on her 75th birthday by friends far and near. She received a large basketful of good things to eat, from Black Rock, Pa., a large layer cake with the figures 75 on it, from Melrose, a cake of chocolate from her afflicted son, who arrived home from the hospital on her birthday, and many other little remembrances.

Dr. John F. Peerman, a prominent physician of Lebanon, Pa., and Miss Maria Catmony, of the same place, visited, Mr. Theo. R. Strevig and family last Monday week, making the trip in the doctor's automobile.

The public schools have a good attendance. The children are doing well under the supervision of the teachers who are: Wentz's, Mr. Walter Folk; Kreidler's, Mr. C. J. Sauble; Ebbvale, Mr. Theo. Myers; Bachman's, Mr. Bertram Strevig; Tracey's, Mr. Horatio T. Wentz, and Mt. Ventus, Mr. E. W. Burgoon.

Mrs. Laura Starner was surprised and pleased by being remembered on her 44th birthday with beautiful souvenir cards from friends and relatives in Baltimore, Rabenstine's Store, Krideler's neighborhood, Union Mills, Melrose, Sherman's Church, Westminster and Brodbecks, in all by 61 persons.

Patapsco Items.

Mr. Wm. Richards is building a large tool house on his Green Valley farm; Messrs. G. W. Pickett & Son contractors. Mr. Wm. Davidson has had the exterior and interior of his residence repainted by Mr. Ward, of Reese. Mr. Andrew Drechsler is having a new dwelling house built on his farm, occupied by his son-in-law, Mr. Harry Close, on the turnpike. Mr. Lang, of Houcksville, is the contractor. Messrs. G. W Pickett & Son have built a large corn-crib for Mr. Atlee W. Wampler on his farm. They have also remodeled some of Mr. Oliver Uhler's outbuildings. Mr. Wm. Long has had his new warehouse at Carrollton Station painted.

The members of Carrollton Circuit, Church of God, and the people of this locality generally are well pleased with the return of Rev. V. K. Betts for another year. He and his family have many friends here.

Mr. David Abbott, of this place, has been confined to his house for over a year with a complication of diseases. His wife, in helping him to bed one day recently, had two of her ribs broken in some way. Both of them are nearing 74 years of age.

Mr. Wesley Shaffer was driving his young mare on the old Indian road, about 1½ miles west of this place, some weeks ago, when the animal became frightened and ran away. Mr. Shaffer and a friend who was riding with him were thrown out of the buggy but escaped injury. The mare passed through this place with the running gear of the buggy and ran about three miles, when she fell and broke her right fore leg. She had to be killed.

Mohawk Tribe No. 156, I. O. R. M., continues to grow and adds new members every Thursday evening. The tribe will hold an oyster supper in its hall, Friday and Saturday evenings, November 13th and 14th.

Manchester Items.

We had a very interesting letter from Mr. Ira B. Lawer a few days ago in which he says they had quite a surprise in South Pasadena the night before in having a rain shower that was a damage to hay makers and bean raisers, as they do not have rain in September and did not have that much in September for thirty years. They do have rain sometimes in August, but their rainy season is from Oct. to April. In speaking of his vacation he thinks he will go to Mt. Wilson, in sight of his home but 10 miles away, and then 8 miles to its summit where Uncle Sam & Carnegie are building an observatory. The lens of the telescope is now in transit from France and is 5 feet in diameter. He wonders whether we Eastern people think the above named chaps will be able to pay for it.

Bachman's Valley Items.

Corn husking is near a close and some persons have already finished hauling fodder, good weather was the best help.

Rev. J. W. Housman was present at the U. B. Church on Sunday week and delivered his first sermon to the members who appreciated his good words. His subject was "Follow Me." We wish him success at all times and also send our best wishes to Rev. Francis, who has taken another charge.

Several persons are ill in our community owing to the change of weather.

All persons having news for this paper please advise your correspondent by Tuesday evening so that same may reach the printing office in time for publication.

WEAK KIDNEYS MAKE WEAK BODIES.

Kidney Diseases Cause Half the Common Aches and Ills of Westminster People.

As one weak link weakens a chain, so weak kindneys weaken the whole body and hasten the final breaking down.

Overwork, strains, colds and other causes injure the kidneys, and when their activity is lessened the whole body suffers from the excess of urie poison circulated in the blood.

Aches and pains and languor and urinary ills come, and there is an ever-increasing tendency towards diabetes and fatal Bright's disease. There is no real help for the sufferer except kidney help.

Doan's Kidney pills act directly on the kidneys and cure every kidney ill. Westminster cures are the proof.

John Stem, living on Main St., Westminster, Md., says: "I have used Doan's Kidney Pills and can vouch for their merits. A few months ago my brother procured a box at Chas. W. Moores' drug store and they did him so much good that I decided to give them a trial. My trouble came from an injury received at least ten years ago. My back was very weak and I suffered severely from pains through my loins which greatly handicapped me in doing my work. I tried many remedies but received little relief until I decided to try Doan's Kidney Pills and began using them. They gave me relief from the first and I can recommend them as a reliable remedy for kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

A FACT ABOUT THE "BLUES"

What is known as the "Blues" is seldom occasioned by actual existing external conditions, but in the great majority of cases by a disordered LIVER.

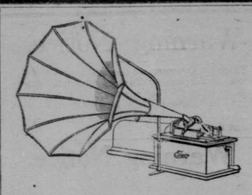

THIS IS A FACT which may be demonstrated by trying a course of

Tutt's Pills

They control and regulate the LIVER. They bring hope and bouyancy to the mind. They bring health and elasticity to the body.
