Chamberlain, and whom he always called & owned as his daughter

6 To the Sixth Inty he answers that when she was a young woman she lived with her father in Baltimore County about three miles from said John Cockey Robert Burly Boones house, and when she was about twenty years of age, and was married she removed from her fathers to another place about the same distance from John C. To all that part of said deposition the plaintiff objected to be read to the Jury marked with the following Brackets ("that said John C. R. B. Boone never was married until he married Betsy Hole") and also Betsy Dew & John C. R. B. Boone never were married to her knowledge & belief" it was the general reputation of the neighbourhood that they lived together illicitly" the plaintiff objected that all the evidence of said Bluffford marked in said Brackets and with quotations marked was incompetent evidence to go to the Jury, which objection the Court overruled and permitted the same to be read to the Jury, to which ruling the Plaintiff by his Counsel excepted, and prays the Court to sign and seal his exceptions which is accordingly done this 4th day of April 1866
