April Term 1868

Stephen Parlett Boone's father. The former died six or seven years after the death of Stephen Parlett Boone. I am 55 years of age. Ann Disney 61 or 62 years I was born in 1809. My father lived on a lot or the parcel of land devised to Richard Boone in the Will of Thomas Boone. I heard John Cockey Robert Burly Boone call Stephen his son. He has taken me to the family grave yard, and showed me the graves of his father and mother and his wife. He pointed out the place where he wanted to be buried saying there between my mother and wife — meaning by his wife Stephen's mother who was buried there. On cross examination the witness further testified. Many other people where buried in the grave yard. My Mother Stephen Parlett Boones Mother, was named Elizabeth. Her maiden surname was Dew. She was first married to a person named Parlett, whose christian name I think was William. The said Parlett and my grandmother had a son named William Parlett who lived on a farm on Charles Street Avenue — about four miles from Baltimore, died 10 or 12 or more years ago, leaving several children

Aaron Disney, one of the before of the plaintiff also called on the part of the plaintiff, testified I knew John C. R. B. Boone. He died in 1824 I was born in 1798 I know Stephen Parlett Boone. I have seen them together on the road with a wagon and the old man called him his son Stephen. I never took particular notice how they acted towards each other, they called one another father and son. Stephen lived one half or three quarters of a mile from the old mans. My wife is about 60 years of age, fifty — eight fifty nine and sixty. I was married in November 1824 John Boone died in February 1824 John used to go to Stephen's house to see the family. Mary is next to William and is 56 or 57 or more years old. She was —

April Term 1868

married 4 or 5 years after I was. William was next Samuel next to William, Catherine next. She married somewhere about 1836 or 1837. I dont know her age. John was next, who died 15 or 16 years ago. He left two children. After John — Cockey Boone's death Uriah Brown took possession of the property and rented it out. Stephen Boones children lived on that part of the Boone land which was left to Richard — Boone in the will of Thomas Boone. The land which Uriah Boone rented out was that part which John Cockey Robert Burly Boone had lived on. He rented it to Nathan Stevenson, Adam Vickey and others. Eleanor Burke also lived on part of Richard Boones land, the land left to Richard in Thomas Boone's will. The subject of this suit is part of that part of Thomas Boones land which by his will he gave to John C. R. B. Boone.

On cross examination this witness further testified as — follows. I know Uriah Brown rented it out because I lived on part of it and rented it from a man who rented it from him. I paid rent for it. John Boones house was on the land devised to him by his fathers will and not on Richards part. There were lines marking the divisions between the three parcels described in Thomas Boones will, but the divisions were not at that time distinguished by fences. I should not call Brown a friend of the Boone family. He was acting for Mrs Elizabeth Boone Betsy — Hale — and pretended to be guardian for her children. In 1835 Hill bought the other property and Stephens family — lived there till that time. The three tracts were seperated but not fenced. Stephens family cut wood on all parts I suppose where it was most convenient. I believe that I was the first person to live on old John Boones land after his death, what I know of the renting by Brown to Stevenson who rented to me is hearsay. Brown had the sway of that
