Lincoln Memorial.

The Baltimore Sun reports this morning the development of a lively contest as to the form to be taken by the Lincoln memorial. It says that President Roosevelt favors the erection of a memorial west of the Washington Monument and has sent word to Speaker Cannon that if his project providing for the purchase of the ground between the Capitol and the Union Station is ordered by Congress, he will veto the measure. The Pennsylvania delegation and others are working strenuously for the highway from Washington to Gettysburg as the memorial to Mr. Lincoln. The subject was discussed in the Senate yesterday and will be up again today.

Eckenrode, of this city, was the subject of a very enjoyable surprise on Tuesday evening, when quite a number of his friends—ladies and gentlemen—visited his home, Liberty and George streets, in a body. The visitors went prepared with an abundant supply of cakes, fruit, &c., which, with coffee and sandwiches provided by Mrs. Eckenrode, were served during the evening. Games and social conversation were features of the function and the company was favored with some fine piano music by Miss May Stoner, and several atractive vocal selections by Mrs. Gogle. A Birthday Surprise.

A complete surprise was given Mrs. Howard M. Hyle on the evening of the 20th inst., in honor of her birthday, at her home at Stonersville, Md. The many friends and relatives, who gathered at a previously arranged time, were well entertained by Mr. Howard M. Hyle with his new Edison phonograph, which gave all present a beautiful free concert. Different kinds of games were entered into and all seemed to enjoy themselves but yet were glad to hear the welcome announcement, "Now ladies and gentlemen walk out and have some refreshments." Well! to say the least is to say that all did justice to the many nice things set before them is putting it mildly. There was great amusement over one gentleman especially, the contents of his plate seemed to increase rather than diminish until he finally accused others for helping him to such an extent. Those present were: Mr. and Mrs. Howard M. Hyle, Mr. and Mrs. Lewis D. Wantz, Mr. and Mrs. Frank Fuhrman, Mr. and Mrs. Levi Myers, Mr. and Mrs. John Harmon, Mrs. Jacob Starner, Mrs. Zentz, Mrs. Harry Little, Messrs. J. WESTMINSTER FIRE DEPARTMENT

Annual Meeting—Election of Officers—Banquet—&c., of the Westminster Fire Department.

An annually recurring event to which every citizen of Westminster looks forward from year to year with greatest interest is the annual election of officers and banquet of the Westminster Fire Department. No larger gathering, perhaps, has ever assembled in the firemen's beautiful building than came together on Wednesday night, January 20th, 1909. When M. E. Walsh, Esq., the retiring president, called the business meeting to order, the large assembly hall was practically filled with active and honorary members of the department.

After the reading by Mr. Denton Gehr, assistant secretary, of the minutes of the last annual meeting, the report of Chief Frank T. Shaeffer was read, showing that there were 5 fire alarms during the year, to which the members responded promptly; that water was turned on twice; that but slight damage was done except in the case of the burning of Mr. U. L. Reaver's stable.

The report of Mr. James Pearre Wantz, who has served so efficiently for five years as the secretary and treasurer of the department, was of such interest to the entire community that although it has not been customary to publish these reports in the past, it is proper that this public record be made of the facts reported.

The indebtedness of the department on its building has been reduced to $1,850.00. Under an act of the Maryland Legislature, this indebtedness is being reduced year by year by the annual payment of $300 by the Mayor and City Council.

As secretary, Mr. Wantz reported that four active members had resigned during the year and that the average attendance at the business meetings of the department was 36 out of a membership that at times was less than 50, and called attention to the fact that this interest on the part of the members should be not only gratifying to the organization but stimulative of increased interest on the part of our citizens. He further reported the installation of a larger heating plant than the old, by means of which more heat can be obtained at less expense than heretofore necessary; and the grading of the lot in the rear of the building.

Messrs. Chas. B. Hunter, Harry B. Hoffacker and Wm. R. Anders, auditing committee, reported the examination of the report of the treasurer, which was found correct, with proper vouchers.

President Walsh appointed Messrs. Joseph D Brooks and W. L. Seabrook judges and Messrs. W. C. Devilbiss and H. D. Fowble tellers for the election of officers, in which 41 votes were cast, and which resulted in the choice of the following: President, S. C. Stoner; first vice-president, William Weagley; second vice-president, J. Gloyd Diffendal; chief, Frank T. Shaeffer; assistant chief, Paul Case; secretary and treasurer, Harry B. Hoffacker; assistant secretary and treasurer, Denton Gehr; foreman of trucks, J. Harry Cootes; assistant foreman of trucks, Jno. D. Biehl; foreman of reels, Harry K. Shaeffer; assistant foreman of reels, E. O. Diffendal; librarian, William N. Keefer; assistant librarian, Meade Ohler; marshal, John H. Mitten; assistant marshal, John E. Eckenrode; janitor, Luther E. Long.

After the election, the president instructed Marshal John H. Mitten to assume charge of the assembled company and lead the way to the reel hall on the first floor of the building, where two long tables were spread in the handsomely bunting-draped room.

After Rev. W. L. Seabrook had invoked God's blessing, more than two hundred honorary members, active members and guests enjoyed one of the best and most successful suppers ever served by the department. The members of the department, who arranged and served the banquet, were Messrs. W. Frank Thomas, chairman; Meade Ohler, J. Gloyd Diffendal, George F. Eckenrode and C. Carroll Henry, supper committee; Messrs. George F. Eckenrode and J. Gloyd Diffendal, in charge of the kitchen; Messrs. Chas. B. Hunter, Meade Ohler, C. Carroll Henry, William Weagley, and W. Frank Thomas, in charge of the commissary department; Messrs. William Long, Chas. E. Cootes, Harry Cootes, William Utz, Florence Little, Henry Sweigart, Luther Weimert, Ernest Geiman, Arthur J. Arbaugh and E. O. Diffendal.

After the supper many repaired to the beautiful parlors on the second floor, where throughout the evening the First Regiment Band gave a delightful concert, and others returned to the assembly hall, where Mr. Walsh, the retiring president, again called the meeting to order, and said in substance: Before introducing my successor, I wish to express my appreciation of the cooperation which I have received from the members of the department and the hope and belief that my successor will receive the same cordial support. We appreciate the presence of the honorary members tonight at this event, to which all have looked forward with interest and will look backward with pleasure. As a volunteer department, we have always had the support of the community, and no one knows better than its active members how responsive the community has been to every call for cooperation and support. I shall always appreciate the honor that has been mine of having been the presiding officer of this body. It is now my pleasure to introduce my successor in office, Mr. S. C. Stoner.

Mr. Stoner in taking the chair, briefly, but in well chosen and heartfelt words thanked the department for the honor conferred on him and pledged himself to do all in his power to advance its interests. He then called on a number of gentlemen present, who responded, each briefly and earnestly.

Dr. J. Howell Billingslea said that he had been an honorary member of the department for many years and that no expenditure of money gives him greater satisfaction than the payment of his dues; that his interest grows from year to year. Dr. Billingslea made a very timely suggestion, calling attention to the fact that the beautiful parlors of the department are seldom used, when by the introduction of a reading room and of amusements of such tone as would commend themselves to the moral sense of the community, they could profitably be made a meeting place for active and honorary members, where they and their friends could spend many a pleasant and profitable hour, and expressed his willingness to contribute financially to that end.

Mr. Frank Stewart was introduced as an active friend of the firemen of Baltimore, and responded by speaking of his intimate association with the firemen of that city, and said that this was his first appearance at a public function of the Westminster department; expressed his pleasure at having the privilege of honorary membership, and said that the people of Westminster cannot be too proud of such an organization and such a beautiful building.

Mr. Simon P. Weaver said that he could truly echo the sentiment once expressed on a similar occasion by the longtime marshal of the department after having remained long at table and immediately afterward being called upon to speak. He said I am glad to be here, among brave men, honorable men, men upon whom dependence can be placed when the alarm is sounded, men who will do their duty, even at the risk of life; whose presence gives security and quiets the nerves when the bell rings out in the dead of night. After speaking of the efficient service of the Westminster department in the great Baltimore fire, he took occasion to say that, in his personal and official capacity, he would always do all in his power to further the interests of the organization.

Mr. George K. Schaeffer responded with a few words of congratulation and interest.

Rev. W. L. Seabrook said that no civic honor had ever been his, which he prizes so highly as the honor of having been elected and reelected for six successive terms as the second president of the department; called attention to the fact that the department was incorporated in 1879, and is just 30 years old; and spoke of its early history.

Mr. James H. Cassell gave the necessary touch of humor to the occasion, saying that he would have been disappointed if he had not been called upon, and would have spoken anyhow, if only to suggest the adoption of resolutions congratulatory of His Honor, Mayor John B. Saylor, an honorary member of the department unavoidably absent.

Mr. Walsh then resumed the chair and called attention to the movement to inaugurate a fire-alarm system and asked for the views of those present. Among valuable suggestions made was that of Dr. J. Howell Billingslea that some one should be employed to sleep in the building, who could promptly sound the alarm if fire occurs in the night.

Y. M. C. A Interest Increasing.

The interest in the movement to establish a Young Men's Christian Association in this city is steadily growing. During the past week several very generous gifts have been received from nonresidents, and others are "on the string." Among the most generous gifts are those of $250 from Mr. Robert Garrett and $50 from Messrs. England & Bryan. This manifested interest on the part of out-of-town friends of the movement has greatly encouraged the working committees, and a successful conclusion of the campaign is confidently looked for.

A number of ladies, desiring to help forward the good work, have arranged to hold a bazar and food sale on a number of successive Saturday afternoons, beginning with next Saturday, January 23rd, in the building formerly occupied by Mr. A. H. Huber, opposite Odd Fellows' Hall. These ladies will donate their work and fancy and useful articles, sandwiches, cake and other food will be offered for sale. They will also fill any orders that may be left with them.

Mr. George F. Tibbetts, Inter-State Secretary of the Y. M. C. A., was in the city on Saturday last for a conference with the directors of the Westminster Association with respect to the convention which was proposed in a conference with the pastors of the city on the occasion of his former visit. He stated that the State organization was planning for such a convention to be held February 26-28, and was informed that the directors of the Westminster Association at a meeting held sometime ago had passed a resolution promising cooperation on the part of the local organization.

DIED.

SULLIVAN.—In loving remembrance of my dear father, Jesse Sullivan, who died one year ago, January 22nd, 1908.

Day by day we saw
Dear father slowly pine away,
Yet in our hearts we often prayed
That he might longer stay.

Through the sufferings at times he smiled,
The smiles of heavenly bliss;
And when the angels called him home,
He smiled farewell to earth.

Rest on, dear grandfather, thy labor o'er,
Thy willing hands will toil no more;
A faithful grandfather, both true and kind,
A truer grandfather we could not find.

About the Improvements to Our Westminster Store

We have often used the expression, "Nothing Succeeds like Success." When we look at the very small way in which we started business here, and compare our little room with its handful of goods with our present establishment and our two branch stores, at Manchester and Glen Rock, we may be pardoned if we take some pride in this remarkable growth. But we are going to knock the end out of the Westminster building once more and put up an addition that will nearly double our present floor space. The structure we will erect will be a modern three story brick extending to the alley (except a small space reserved for getting in goods etc.,) and it will be furnished and equipped in the most up to date manner.

Some mention of the material needed for this building may be of interest, besides giving an idea of its size.

It will require 4 carloads of stone, 6 carloads of brick, 2 carloads of sand, 2 carloads of lumber besides very much miscellaneous material.

It will have an elevator in the rear for freight, will be thoroughly lighted by plenty of windows, properly placed, and will be roomy, convenient and attractive.

It will enable us to enlarge many departments that are now very much crowded, and to add several new ones that we have long held under consideration, but could not put in for want of space.

In fact it will enable us to serve you better and more satisfactorily in every way.

All of the work on our new building and its furnishings will be done by Westminster mechanics and all the material as far as possible will be purchased here. We believe in patronizing home industries, and as all are our friends we will be very glad to return some of their favors.

We are completing our inventory this week and in next issue we will tell of our REBUILDING SALE in which we will offer many splendid bargains in the departments most affected by these changes.

CONCERNING THE MATHER PRINTING COMPANY

On the third floor of this new building we shall have one of the most modern, up to date and complete printing plants to be found in the State. This is really a department of our business but is conducted under the name of the Mather Printing Company, because so large a part of our business comes from out of town.

It has entirely outgrown its present quarters and this new building will give it much needed relief. Some people have an idea that this department is conducted mainly to take care of our own advertising, but this is a great mistake. While we do take care of all that, to the mutual advantage of ourselves and customers, and while our own work in the course of a year is a very great item, it really does not make up one fiftieth part of our printing business.

Beginning Feb. 1st our Mr. George Mather will give his entire time to our Job Printing business. We also employ constantly eight others, four compositors and three press feeders, and our three job presses seldom lose a minute and often run far into the night, as our neighbors can testify, to keep up with the orders. We merely mention these facts to give an idea of the marvelous growth of this business and to assure you that no job is too large or too small for us to consider.

We are planning for considerable additions and improvements as soon as we get settled in our new room.

We wish to express most earnestly our hearty appreciation of the kind and liberal patronage of our friends that have made this success possible and to assure all that we shall never spare any effort to serve them to the best advantage.

Yours for business.

T. W. MATHER & SONS.
