Coonan dressed the injured leg and hand and Mr. Pouch was able to get about on crutches on Tuesday.

Last night was "Ladies' night" of Washington Camp, P. O. S. of A., Smallwood, and was celebrated by a banquet in the hall at that place. Though many were kept away by the wind storm, a large company of ladies and gentlemen were present, and the occasion was a delightful one. The junior editor of the SENTINEL had the pleasure of being present as an invited guest, and greatly appreciates the courtesy of the members of the order.

Good Friday services will be held tonight, and on Easter Morning the Holy Communion, preceded by sermon and preparatory service, will be celebrated.

Mr. W. S. Fisher, formerly of this city, captain of the Baltimore Motorcycle Club, was a pleasant caller at the SENTINEL office yesterday. Mr. Fisher is an enthusiast and had much to say in praise of his fine new 5-horse power, twin cylinder motorcycle. He is making the trip on his machine, prospecting the roads and making arrangements for an endurance run, to take place some time in May. President French, of the club, has offered two handsome prizes for the best scores of twin and single cylinder machines, in hill climbing and economy.

At the request of Mr. Ephraim B. Repp, of Washington, D. C., we insert the following extract from the Lincoln Farm Almanac: "Crows and blackbirds frequently pull up planted corn. The best preventive is to tar the seed, as follows: Put the seed into a pail and pour on enough warm water to cover it. Add a teaspoonful of coal tar to a peck and stir well. Throw the seed out on a sieve or in a basket to drain, and then stir in a few handfuls of land plaster (gypsum), or air-slaked lime." Mr. Repp says that if this plan is followed by farmers "it may be the means of saving trouble and also save some mother birds from shot and young ones from being starved in their nests."

At the regular monthly meeting of the Westminster fire department, on Wednesday evening, an invitation from Capt. Weigle to parade with Co. H. and the First Regiment Band, on Monday evening next, was accepted. The line will move at about 5 P. M. The story about a fracas between two young men, in the vicinity of Deep Run, published in the Sentinel last week had its sequel yesterday in a trial before Police Justice Shriver, who found both the parties guilty of assault and imposed fines of $10 and cost on Murray Erb and $5 and costs on Wm. Walsh, respectively. The fight occurred on the farm of Mr. Burt Feeser, 2½ miles north of Bachman's Mills. Erb assaulted Walsh with stones as large as a man's fist, but Justice Shriver decided that in defending himself the latter should have ceased punishing his assailant when he had knocked him prostrate. State's Attorney Reifsnider prosecuted both the parties, the cases having been heard together. Guy W. Steele, Esq., appeared for Erb and M. E. Walsh, Esq., for Walsh.

No Arrests in 22 Years.

The Frederick correspondence of the Baltimore Sun, of Monday last, says: "The town of Middleburg, just across the Monocacy river in Carroll county, boasts as a model community. In 22 years there has not been an arrest or need of an officer of the law.

"The town or district does not figure in the court records of the county. The race problem is not there, the population being composed entirely of white people. Beautiful homes, fine cattle and excellent crops are evidences of the industry of the people. They point with pride to the fact that they mind their own business, work hard and are prosperous."

Temperance Rally.

Attention is again called to the temperance rally to be held at the Methodist Protestant Church, this city, on Friday evening, 16th inst., at 7.30 P. M. Mrs. Emma C. Dietrich, of Lockport, N. Y., whose sevices have been secured by the Women's Christian Temperance Union for this occasion, is said to be a strong speaker. There will be special singing under the direction of Mrs. John Bolton, who is training the Loyal Temperance Legion for the exercises of the rally. A practice meeting of the Legion will be held at Carroll Hall on next Saturday afternoon. Mr. James R. Johnston will be present and take part in the exercises.

Two Young Heroines.

On Wednesday afternoon, while Ida, 12 years old, and Hilda, 14 years old, children of Mr. Edward Bowersox, of North Branch, and grandchildren of Mr. E. D. Bowersox, of this city, were hunting for arbutus, the former was bitten by a copperhead snake. As they were hurrying homeward, Ida remembered hearing that the poison of a snake wound could be removed by sucking. She told her sister, and Hilda made the child lie down and applied her lips to the bleeding wound in her thigh. Reaching a saloon, Hilda told Ida to run home, while she went in and had some one telephone for a doctor. Whisky was given to Hilda and she hurried with it to her home, where the women gave it to the wounded child. The physician arrived promptly, and administered the proper remedies and the child is doing well.

State Encampment.

Two important meetings of the Merchants and Manufacturers Association were held on Tuesday and Wednesday nights. The chief business was the formulation of plans to secure the encampment of the Maryland National Guard in July. At the meeting on Tuesday night, Messrs. W. F. Thomas and Guy W. Steele, and Captain Weigle were appointed a committee to investigate several suggested sites, perform other duties, and report on Wednesday night. Upon their report, the above named gentlemen, with Dr. J. W. Hering, Hon. B. F. Crouse, J. Milton Reifsnider, Esq., and Mr. Fred D. Miller, were appointed a committee to wait upon the adjutant general and lay before him Westminster's offer. These gentlemen have performed their duty and the commission will visit this city next Monday to examine the proposed site, and consider the advantages of the location of the camp here and will be received by the above committee.

The chief desideratum in a location for a camp is good water. At no point in the State can be found purer water and plenty of it. Another thing to be desired is freedom from mosquitoes. In this Westminster fills the bill. In fact, Westminster, with its perfect health conditions is an ideal location, and, sentiment laid aside, should be the point selected.

There will be about 2500 men and 200 horses of the guard in camp, and application has been made to the United States Government for a battalion of U. S. Regulars to camp with them.

Thousands of pounds of beef, bread, potatoes, hay, corn, oats, and other provisions will be required daily to supply the needs of such an army of men, and every citizen should be interested in doing everything possible to secure the encampment.

Manual Training Association Meets in Westminster.

The Manual Training Teachers' Association of Maryland held its regular spring meeting in the High School Building, this city, yeterday. A session was held on Wednesday evening for social greetings. Dr. J. W. Hering delivered a very cordial and earnest welcome address to the members of the association, and Mr. L. Forsyth, of Hagerstown, made a fitting response. No other business was transacted.

At yesterday's session various subjects pertinent to the work of manual training in the school were discussed. Prof. Widdison, of Western Maryland College, delivered an address on The Place of Manual Training in the Public School, and Prof. George F. Morelock, principal of the Westminster High School, an address on The Place of Manual Training in High School Work. Papers were read on the following subjects: The Effect of Manual Training on the Trades and Agriculture, by Fred. D. Shamberger, of Baltimore county; The Influence of the Graphic Art upon the Training of Men and Women, by Carroll Edgar, of Elkton; Wood Carving, by H. A. Lawson, of Crisfield; Metal Work, by Owen C. Blades, of Easton; The Relation of Manual Training to Industrial Education, by R. W. Strawbridge, of Havre de Grace.

Officers for the ensuing year were elected as follows: President, Everett A. Hidey, of Westminster; vice-president, H. A. Loraditch, of Oakland; secretary and treasurer, Herbert M. Lippy, of Baltimore; executive committee, Spencer Stull, of Frederick, chairman; Lawrence F. Mayner, of Sparrows Point, and Albert L. Farber, of Cambridge.

The members of the association present, upon an invitation from President Lewis, visited Western Maryland College before leaving for their homes yesterday afternoon.

Baseball Notes.

Spencer, who did such fine work for Westminster last season, is playing with "Bill" Clarke's Albany aggregation who are practicing in Baltimore. On Wednesday Clarke's players divided into two teams, and played a game, which resulted in a score of 5—1. Spencer was on the losing side, but as usual got in his two-bagger, and scored the only run for his team. He was at the bat 4 times, made 2 hits, put out 2, assists 4, no errors.

Western Maryland playing with the handicap of a severe windstorm, on a strange diamond, had the misfortune to be shut out by Dickinson, at Carlisle, Pa., on Wednesday. Score 11—0. Twigg pitched for W. M. C., and in the first three innings kept Dickinson from scoring, but in the fourth they got him for four runs. In the fifth and sixth Dickinson failed to score, but in the sixth six men came over the plate, and in the eighth they made it one more for good measure.

There was a large congregation on Sunday moring at the communion services at Trinity Reformed Church. Dr. Land held the closest attention of his hearers in his interesting sermon, after which 175 or more persons communed and responded well in a collection for benevolence.

At the annual election for mayor and common council of the corporation there was quite a spirited contest. The members of the old board were in nomination, but at the eleventh hour an opposition ticket was put in the field and came mighty near winning; but the old board, with D. L. Dubbs for mayor, was reelected, excepting Charles Hively, who was elected in place of Nimrod Armstrong who declined to serve. But there is quite a contention about the legality of the election as one of the candidates served as judge of the election and many persons contend it will not hold water in a legal contest.

The company of ladies and gentlemen who rendered the comedy drama, "A White Lie," some weeks ago, will repeat the same on Whit-Monday evening in the I. O. O. F. Hall of this place; proceeds for the benefit of Carroll Encampment No. 17, I. O. O. F.

Princess Bonnie.

Everybody is looking forward to Tuesday, April 2, and Thursday, April 22nd, when the young ladies and gentlemen, who so delightfully rendered the comic opera, "The Princess Bonnie," in February, will repeat the entertainment for the benefit of the Fire Department's alarm system, about to be installed. In view of the charming rendition of the opera on the former occasion, the generosity of its participants in repeating it for the benefit of the organization of which all are proud, and the useful purpose for which the proceeds are to be employed, a full house is insured for both nights, and those who desire seats will do well to secure them early. All seats will be reserved, and .50 will be the price of all except those in the galleries, which will be .35. The charts will be placed at the drug stores, where seats may be reserved.

Rehearsals will be held at Odd Fellows' Hall on the evenings of Tuesday, 13th, Thursday, 15th, and Monday, 19th inst., and all who take part are requested to be prompt in attendance.

Y. M. C. A.

The postponed meeting of citizens in the interest of the Young Men's Christian Association, held last Monday evening in Firemen's Hall, was well attended. Dr. W. R. McDaniel, president of the association, presided, and called on Rev. W. L. Seabrook to lead in the opening prayer. Mr. Fred D. Miller, chairman of the Finance Committee, reread the report published in the SENTINEL last week. A full discussion, in which many of those present participated, was had of the subject from every view point, and it was found to be the unanimous opinion that the committee's estimate of $2400 as the annual expense budget for the conduct of the association along the ideal metropolitan lines, upon which that estimate was based, was under, rather than in excess of the amount whch would actually be required. All present concurred in the opinion that it would be unwise and inexpedient to begin the work on such basis and to ask from our citizens so large a sum of money for its annual support.

There were, however, many present, who beli ved that such an association as is needed in Westminster could be conducted efficiently at very much less expense, and although no plans by which this could be done were suggested, a resolution was adopted recommitting the matter to the finance committee, that it might consider the whole subject from this new view point, and after deciding upon the best method under the circumstances, to make new estimates of annual expense budget and report at another citizens' meeting, to be called by the president. The committee held a meeting at the office of Col. S. K. Herr, on Tuesday afternoon and, although its action has not been announced, it is said that a new policy was unanimously and with enthusiasm adopted, and that the committee is very hopeful that the plan which they now have in view, if the carrying it into effect can be arranged for, will, with the sincere and earnest cooperation of those who desire the success of the Young Men's Christian Association in this city, insure that success.

Talking It Over.

The evangelistic meetings came to an end last Friday night with a great rally in the Methodist Protestant Church. Mr. Johnston took as the theme of his final message "The Word of God." Without exception, so far as the writer knows, every one of his hearers regarded his address as the strongest of his efforts in this city, practical, convincing, and sometimes eloquent. Following his address a large number of boys and girls, men and women, told of their own conversion or the conversion of friends during the progress of the meetings. Mr. and Mrs. Bolton sang effectively "The Gospel Railroad" and Mrs. Bolton made a very touching appeal "In the Name of Jesus."

Mr. Johnston left on Saturday morning to keep an engagement in Philadelphia. For the benefit of the many friends whom he won while in this city the liberty is taken of publishing part of a personal, characteristic letter, received by the junior editor on Wednesday:—

3530 N. 8th St., Phila., Pa.
April 6, 1909.

My dear Bro. S.,

Say, "Doctor," I am glad the Lord ever put us together in His work. Well I arrived home about 3.30 P. M. and found wife and home O. K. Of course I had to sit down and tell her all about it. Of course I could only tell a little. I must say old Westminster has an awfully tight grip on me. I felt quite lonesome when I got up the next morning. You know I had got into a habit of dropping in your office every morning but these mornings I can't do it. I was quite tired when I dropped the lines and sat down at home. I found I was a case for Atlantic City or some other seaside resort; but I entered into it again on Sunday and will be at it all the week............My wife read the last report in your paper. I enjoyed it meself............I wish you would send me a copy or two of this week's Sentinel. Some how I like the good paper. It was on the firing line and never retreated. It was a real evangelist itself............I hope to see you soon. I hope to be there on the 16th for the rally. Remember me to Father and the men in the office and those you meet on the the street.

Your real brother,
JAMES R. JOHNSTON.

Good Roads for Carroll County.

The State Roads Commission has decided upon the following routes for the roads in Carroll and Howard counties:

Carroll County—Starting at Sykesville and proceeding by way of Eldersburg, Gamber, Bird Hill, Smallwood and Fenby to Westminster.

From Westminter to Manchester.

From Westminster to Taneytown.

From Westminster toward Frizellburg.

The road from Ridgeville toward Taylorsville for two miles.

From Ridgeville, on the Baltimore turnpike, to the Howard county line.

Howard County—From Ellicott City by the Baltimore and Frederick turnpike to the Carroll county line.

From West Friendship to Sykesville.

From Ridgeville south toward Damascus for two miles.

From Ellicott City, by way of Clarksville, to Snell's bridge.

At the meeting of the commission on Tuesday, surveys were ordered on a number of the proposed routes, and among others on that from Sykesville to Gamber.

GOOD ROADS LEAGUES.

It has been proposed by President Benson of the County Commissioners that good roads leagues be organized in each district of this county, with a central league in this city, not only for the purpose of cooperating with the commission in the matter of the roads already agreed upon, but looking to the increase of the mileage of good roads in the county.

The first league to be organized under this suggestion will be formed for Woolery's district on next Monday evening, when at 7.30 o'clock, in the hall of the Junior Order of American Mechanics, at Gamber, will be held a mass meeing, to which everybody is invited. Addresses will be made by Chief State Engineer Crosby, Hon. B. Frank Crouse and others. One of the chief objects of this meeting will be to call the attention of all who have material for road building, and all a part of whose land may be needed, to the importance of putting the lowest possible price on the same, in order that as many miles of road as possible may be secured for this county. With a certain amount of money available, the mileage will of course depend upon the cost of construction, and that cost will be largely determined by the cost of material.

For the Sentinel.

Communicated.

In looking over "The Sentinel" we notice there was a mistake made in giving Mr. Woods credit of selling Mrs. Mary L. Hering's farm, it should have been E. A. Strout Company through their local representative Mr. Edward W. Case, as it was through them Mr. John A. Strong's attention was first called to the property.
