## "THE SOLID SOUTH."

Our esteemed contemporary, the Democratic Advocate, in its editorial last week, under the above caption submits the most potent argument against the proposed disfranchising amendment that has fallen under our notice.

The editorial correctly and fairly outlines the conditions in the South, and truly says "The people of no section of our country know how to deal with the negro race as do the southern people." Its description of the appalling conditions prevailing in the southern states during the reconstruction period are more than temperate, and its conclusion that "the people of the South were compelled as a matter of self protection to rescue their fair land from the spoiler, to enact such laws, coming within the provisions of the federal constitution as would eliminate this ignorant and irresponsible element from the electorate," is just; and its statement that "since this was done in the South, the negro has become more industrious and contented, and the prosperity of the South has revived," is correct.

The conclusion of the editorial in question is, therefore, almost axiomatic, "If the shortsighted and in some instances malicious people of the north, who have never lived with the negro, and who know nothing about him, would KEEP THEIR HANDS OFF THIS QUESTION (Capitals are ours) the southern people would, in a reasonable time, settle it, and in a way that would subserve the highest interests of BOTH THE WHITE AND THE COLORED RACES. THE FACT IS, EXCEPT FOR THE EVERLASTING AGITATION OF THE RADICAL SENTIMENTALISTS, WHO FOR PARTISAN PURPOSES, KEEP THE NEGRO STIRRED UP, THE QUESTON WOULD SETTLE ITSELF." (Again capitals are ours.)

The Democrats of Maryland are well described, though unintentionally, in the words "Radical sentimentalists, who for partisan purposes, keep the negro question stirred up." The whole purpose of the amendment is partisan, and without other reason or excuse. Maryland is not and never has been in any danger of domination by the ignorant of the negro or any other race, and the South is being betrayed in the house of its professed friends.

In the SENTINEL of February 21st, 1908, immediately after the adoption by the legislature of the disfranchising amendment to be submitted to the people at the coming election, appeared the following editorial, which is strictly in harmony with the more recent editorial of the Democratic Advocate quoted above:

"Whatever may be said of the need of legislation in the South to insure the preservation of the "white man's rule," the comparative number of white and colored voters in Maryland shows clearly that there is no possibility of "negro domination" in this State. Yet notwithstanding this fact a more drastic suffrage amendment is proposed than has been adopted in any other Southern Commonwealth, with the openly avowed purpose of disfranchising negroes. The Democrats of the South will find that they have been betrayed in the house of their friends if the proposed amendment shall be adopted, and all that they have gained in limitation of the right of suffrage will be jeopardized. In no case that has come before the Supreme Court of the United States has the question of constitutionality vel non of the constitutional provision or legislative enactment on this subject been squarely met and decided. The decision of every such case on some technical ground has been invariably possible and proper. But the proposed Maryland amendment is so drastic that when it shall be presented to the Supreme Court, the issue must be squarely met and the declaration of the unconstitutionality of the Maryland amendment will establish the precedent by which the laws of other Southern States must fall."

Col. Charles 2. Trail, one of the wealthiest citizens of Frederick, died at his home in Frederick City, on Saturday morning, at the age of 84 years. In addition to a large personal estate he owned 8 farms, aggregating 2,000 acres of the most productive land in Frederick county, besides other valuable realty. Col. Trail was an earnest Republican, but did not take a very active part in politics. During the latter part of the Civil War he represented Frederick county in the State Senate.

LIVED 132 YEARS.

Wm. Parr—England's oldest man—married the third time at 120, worked in the fields till 132 and lived 20 years longer. People should be youthful at 80. James Wright, of Spurlock, Ky., shows how to remain young. "I feel just like a 16-year-old boy," he writes, after taking six bottles of Electric Bitters. For thirty years Kidney trouble made life a burden, but the first bottle of this wonderful medicine convinced me I had found the greatest cure on earth." They're a godsend to weak, sickly rundown or old people. Try them, 50c at all druggists.

HELLO! HELLO!

WON'T SLIGHT A GOOD FRIEND.

"If ever I need a cough medicine again I know what to get," declares Mrs. A. L. Alley, of Beals, Me., "for, after using ten bottles of Dr. King's New Discovery, and seeing its excellent results in my own family and others, I am convinced it is the best medicine made for Coughs, Colds and lung trouble." Every one who tries it feels just that way. Relief is felt at once and its quick cure surprises you. For Bronchitis, Asthma, Hemorrhage, Croup, LaGrippe, Sore Throat, pain in chest or lungs its supreme. 50c and $1.00. Trial bottle free. Guaranteed by all druggists.

KILLS TO STOP THE FIEND.

The worst foe for 12 years of John Deye, of Gladwin, Mich., was a running ulcer. He paid doctors over $400.00 without benefit. Then Bucklen's Arnica Salve killed the ulcer and cured him. THE working capacity of any horse can be practically doubled by feeding FAIRFIELD'S BLOOD TONIC for HORSES regularly. It exterminates worms, builds up the health and saves feed. The farmer that sowed wheat all over his farm and expected to reap a crop of wheat, oats and corn from the same, would be no more foolish than the man who feeds his horse, cow, hog and poultry from the same package of Condition Powder and expects to get results. The intelligent farmer feeds FAIRFIELD'S, because there is a separate preparation for each kind of animal.

The Summer Quarterly is a wonderful pattern book—invaluable to every woman who has a home and children. There are 166 large pages, many pages in tint and color and over 1,500 illustrations of patterns for every need of women, misses and children. It is more valuable, more helpful, than any fashion magazine selling for 35c to 50c a copy. Yet the price of The Quarterly is only 20c, and, in addition, you get any 15c pattern you may select, free of charge.
