MARYLAND NEWS.

At the University of Maryland Commencement exercises the degree of LL. D. was conferred upon Chief Judge Andrew Hunter Boyd of the Court of Appeals.

A barn on the farm of Mrs. L. V. Mohler, near Frederck, was destroyed by fire early Tuesday morning. Dogs barking awakened the family in time to save some farming implements, but a binder, a lot of harness, hay etc., was burned. Loss about $1500, partially covered by insurance.

The old historic flagpole, placed on the First National Bank building, Cumberland, in 1861, by Robert Shriver, the present president of the bank, though he was warned that there was danger in doing so, was shattered by lightning on Tuesday afternoon, and the pavement below covered with its splinters.

Miss Minnie Wastler, daughter of T. A. Wastler, of Cascade, while walking along the road near her home, came upon five large copperhead snakes lying across the road. Arming herself with stones, she killed one of the reptiles and injured two. The others escaped in a pile of rocks. A day or two later her brother killed the remaining four.

The Salisbury Home for the Aged was accepted by the State, with appropriate exercises, on Tuesday. The home was started in a small way six years ago, John Benjamin Parsons, of Philadelphia, a native of Salisbury, giving the funds for that purpose. Last year the legislature made an appropriation of $7,500 for the building of a new home. This is the first institution of its kind accepted by theState.

The trial of William S. Myer, charged with larceny and embezzlement of post office funds, while assistant cashier of the Baltimore postoffice, has been set for next Wednesday, June 9th. There are 14 counts in the indictment, arranged in pairs, one for larceny and one for embezzlement. The total alleged in the indictment, made up of various sums alleged to have been misappropriated at various times between Oct. 15th, 1907 and May 10th, 1909 is $2,241.17, but the alleged shortage is only $955, the balance having been made good from time to time.

The Rising Sun correspondent of the Baltimore Sun tells a strange story. He says that without the aid of tools and without knowedge of the combination and even blindfolded, Tobias Hudson, of Jacktown, can open any safe, irrespective of make, simply by turning the combination knob. A safe-opening test was held in the office of Attorney Calvin Harrington, the combination changed and the safe covered with a blanket, exposing only the knob—the numbers being hidden. Hudson opened the safe in less than a minute. Again changing the combination the bystanders blindfolded him, when he opened the safe in 80 seconds. Upon several recent occasions he has proved his prowess by the opening of safes the combination of which had been lost.

GENERAL NEWS.

The Illinois legislature has passed a bill declaring void apartment leases which exclude children.

It is claimed that Dr. T. Leary, of Tufts Medical College, Boston, Mass., has discovered an anti-toxine for blood-poisoning. The press despatches announce its successful use in a case that had been given up as hopeless at the Brockton City Hospital.

The Yukon-Alaska Exposition at Seattle was opened on Tuesday by President Taft, who, by touching a solid gold key ornamented with nuggets from Alaska, transmitted the electric spark that started the machinery at the Exposition ground.

Mrs. Rogers, widow of Rev. D. Minor Rogers, American Missionary killed at Adana, has returned to her home, New Britain, Conn. She estimates the number killed in the massacre at 39,000, and attributes the cause of the outbreak to both Turks and Armenians.

Mrs. Rebecca Burns, who claimed that when a child, she saw George Washington, died at Bellefontaine, Ohio, on Sunday, at the age of 115 years. She attributed her longevity to eating onions twice each day. For scores of years she made onions, which she had grown in her own garden, the principal part of her diet.

An imposing shaft of granite, erected by Congress in memory of the regulars who fell at the battle of Gettysburg, was unveiled on Monday by Miss Helen H. Taft, daughter of the President, who delivered the address. The crowds on the battle-field are said to have been the largest ever gathered at Gettysburg on Decoration Day. The Western Maryland Railroad officials estimate that that road alone handled about 14,000 people.

Private John James Bartlett, of Battery B, Fifth U. S. Field Artillery, who died at Fort Sheridan, before death filled out a slip of paper making Miss Helen Gould his sole beneficiary, characterizing her as "the friend of all soldiers." The paymaster at Washington has forwarded to Miss Gould the soldier's six month's pay and his death benefit which amounted to a little more than one hundred dollars. Miss Gould will apply the bequest, by which she is deeply touched, to the improvement of the condition of enlisted men.

A tornado, on Saturday night last, wrecked the town of Zephyr, Texas. Fifty houses were demolished, a business block burned, 40 people killed and 50 injured. On the same night Key West, Oklahoma, was wrecked, and 10 people killed. Depew, Oklahoma, was demolished and 5 killed. The residence section of Langdon, N. D., was destroyed at the same time, and four killed and 20 injured.

The biological survey of the Department of Agriculture, at Washington, has issued a statement prepared by experts, declaring that it costs the American people $100,000,000 in grain alone to feed rats. The report estimates that if a single pair of rats and their progeny were to breed without interruption and without losses for three years they would increase to more than 20,000,000. An active campaign to rid the country of the pest is strongy urged.

Protect your chicks from Gapes, Pip, Roup, Cholera and all poultry diseases by the regular use of Fairfield's Blood Tonic for Poultry Only. It fortifies the system against all kinds of contagious diseases and hastens growth and development. Sold under written Guarantee by the W. H. Davis Co., Westminster, and Geo. W. Yeiser, Union Mills.

Your horse digests his feed more easily when you mix a tablespoonful of Fairfield's Blood Tonic and Regulator for Horses Only with his regular ration. It adds years to his life, and increases his usefelness by keeping him in perfect health. Sold under written Guarantee by the W. H. Davis Co., Westminster, and Geo. W. Yeiser, Union Mills.

STRANGE HAPPENINGS.

Louisa Boyer, of Wilmington, Del., 101 years old, takes a walk every day, goes to church on Sunday, does her housework, and is cutting a third set of teeth, several of which have broken through the gums. "Auntie" Boyer was born in Caroline county, Md., in 1808.

Dug out of fire ruins and opened, a safe which had passed through a blaze in South Manchester, Conn., was found to contain, among other things, a live mouse, which scampered away upon the opening of the safe. The mouse had accidentally been locked in the safe before the House & Hale fire.

In Mason Valley, Nev., so runs a newspaper yarn, the seven-year-old daughter of Andrew Ingman picked up from a closet floor a "rat" belonging to an older sister. A snake concealed in the "rat" bit her on the wrist. The snake dropped to the floor. The family dog attacked it and was fatally bitten. The child was made seriously ill.

Mrs. Bridget Donahue, of Bloomfield, N. J., returning from church found herself locked out of her home and could not find the key. She tried to climb in at a window, but, being a very large woman, stuck fast. Her cries brought a letter-carrier to her assistance, but he could not budge her. Another man was called and the two pushed her in headforemst. When extricated she was completely exhausted.

There are some first class "blind readers" in the postal service. Recently a letter was mailed at Abbeyville, Ga., addressed "Sky of Tufts." The postmaster sent the letter to Medford, Mass., where Tufts College is located. The local postmaster knew that "Sky" is the nickname of one of the students, Irving Tolles, and the young man got his letter.

The St. Louis Globe Democrat says that at Mattoon, Ill., the other day, a small tornado struck the farming country six miles southwest, and destroyed the buildings on four farms. A flock of geese swimming on a small pond on the farm of E. M. Thomas at Saxson were picked up, all their feathers picked clean, and the geese deposited in a haymow window.

"Horse sense" is the wisdom manifested by the stock owner that feeds his horses Fairfield's Blood Tonic and Regulator for Horses Only. Compounded for the horse alone it insures perfect digestion, pure blood, removes worms and increases vitality. Sold under written Guarantee by the W. H. Davis Co., Westminster, and Geo. W. Yeiser, Union Mills.

A Statement to the Public.

In the great fight for the people of Philadelphia against the Rapid Transit Company for increasing car fares in Philadelphia, 20 per cent, recently, "The Philadelphia Press" made the following announcement in its columns, and which should be of general interest everywhere:

"The Press" wants the people of Philadelphia to know that when the agreement between the City of Philadelphia and the Rapid Transit Company was made, two years ago, "The Press" approved it, believing it to be in the best interests of the citizens of the city. As a part of that agreement it was specified there should be no change in rates of fare without the consent of both parties. The Rapid Transit Company has broken this agreement by increasing the fare without the consent of Councils. We regard this as a breach of faith, and the imposition of an unwarranted burden upon the public, and we have advocated the interests of the people as against this increased fare.

As a result of our advocacy of public rights imperiled by corporate greed, and of our refusal, under dictation, to abandon this advocacy, we have already lost a large advertiser. Whilst we regret this action on the part of this particular advertiser in attempting to punish us for acting upon our sense of duty, we have been prepared to meet such a contingency. A newspaper with a sense of duty so weak as to permit its self-interest to pervert it is not fit to exist. Our advocacy of public rights will be continued despite any financial losses which may result to us therefrom.

C. C. Brown, of Chestertown, Md., tried for 14 years to raise ducks, but they always died at the "feathering age." Last year he used Fairfield's Blood Tonic for Poultry Only and raised every duck but one that hatched out. Any poultry raiser will secure equally as good results. Sold under written Guarantee by the W. H. Davis Co., Westminster, and Geo. W. Yeiser, Union Mills.

ONE WEAK SPOT.

Most Westminster People Have a Weak Part and Too Often It's the Back.

Everyone has a weak spot.
Too often it's a bad back.
Twinges follow every sudden twist.
Dull aching keeps up, day and night.
Tells you the kidneys need help—
For backache is really kidney ache.
A kidney cure is what you need.
Doan's Kidney Pills cure sick kidneys.
Cure backache and urinary ills.
Westminster people recommend the remedy.

Chas. H. Campbell, Main St., Westminster, Md., says: "I used Doan's Kidney Pills with highly satisfactory results for a case of kidney complaint, that had bothered me for at least ten years. My back was always weak and I became tired easily but the most annoying symptom was a dull, dragging pain through my kidneys. My general health was much run down and I was steadily growing worse when I saw Doan's Kidney Pills advertised and procured a box at Chas. W. Moore's drug store. They strengthened my back and gave me immediate relief. I have great faith in Doan's Kidney Pills and take pleasure in recommending them to any one suffering from kidney complaint."

For sale by all dealers. Price 50 cents.

Ex-President Roosevelt advocates the use of modern business methods on the farm. This means the regular use of the Farifield's Blood Tonics. A separate preparation for each kind of animal is the most modern and successful method of increasing profits. Sold under written Guarantee by the W. H. Davis Co., Westminster, and Geo. W. Yeiser, Union Mills.

FAIRFIELD'S FEED BLOOD TONICS

A SEPARATE PREPARATION FOR HORSE, COW, HOG AND POULTRY

GREATEST KNOWN BLOOD PURIFIERS

THE working capacity of any horse can be practically doubled by feeding FAIRFIELD'S BLOOD TONIC for HORSES regularly. It exterminates worms, builds up the health and saves feed. The farmer that sowed wheat all over his farm and expected to reap a crop of wheat, oats and corn from the same, would be no more foolish than the man who feeds his horse, cow, hog and poultry from the same package of Condition Powder and expects to get results. The intelligent farmer feeds FAIRFIELD'S, because there is a separate preparation for each kind of animal.

The Fairfield Preparations are sold under written guarantee by
