It is rain, rain, rain, that is handicapping the farmer and mechanic. Vegetation needs attention. While the grass is pushing forward, grain is falling and flattening as if rolled at many places.

The Children's services at the Lutheran church on Sunday were largely attended. The drill and class exercise was well given while the singing and orchestra music added much to the interest and pleasure of the occasion.

On Sunday afternoon the members of Pocahontas Tribe No. 157, I. O. R. M., held memorial services and decorated the graves of six members of the order who a number of years ago passed to the happy hunting grounds. The exercises were held under the grand old oak where a stand was erected and trimmed in the national colors and flags. Dr. J. T. Littleton, grand chief of records, and Mr. Haas, chief of records of the Hanover Tribe, addressed the members and the large company of persons present. The Alesia Band furnished the music.

On Sunday afternoon, the 13th, the members of Daniel and Jacob Lodge No. 23, I. O. O. F., will hold their memorial services. The Alesia Band will be in attendance.

The members of Lebanon Lodge No. 175, A. F. and A. M., held a social on Friday evening after their regular meeting, at which about 70 persons enjoyed the pleasures of the occasion and were banquetted. Ice cream, strawberries, cake and coffee were enjoyed by all.

Mr. John Sandrock, blacksmith at Maple Grove, came to the office of Dr. J. H. Sherman last week suffering with an injured eye. He was cutting a bolt with a cold chisel that broke and seven small sharp pieces of the steel embedded themseves in the ball of the eye, one long sharp piece near the sight. He suffered terribly before all were removed but at this writing he is able to do his work as usual.

On Saturday last while Dr. Sherman and Wm. Haines were driving near Maple Grove they found a pocketbook lying in the road. When examined it was found to contain $31 and a deposit slip which showed it to be the property of Mr. J. W. F. Burgoon, a rural carrier, who had driven the road several hours before on his return trip, but did not miss it until he got home. He had no idea where he had lost it until later in the evening it was returned to him by Dr. S.

On Sunday evening, while Mr. Emory Berwager was leading his fine driver along the alley, in play she kicked and struck him on the right arm rupturing a blood vessel and bruising the arm very badly. Dr. Harry Preston rendered the medical service and he is doing well, but unable to attend to his tonsorial duties.

Some 10 or 12 members of the M. F. D. attended the Firemen's convention at Cambridge this week, and enjoyed a fine time.

At the semi annual election of Daniel and Jacob Lodge No. 23, I. O. O. F., on Saturday evening last, H. B. Burgoon was elected N. G.; W. A. Burgoon, V. G.; H. F. Leese, rec. sec'ty.

GENERAL NEWS.

President Taft is to be invited to the meeting of the New England Fat Men's Association, to be held at Portland, Maine, August 14.

Gen. John S. Kountz, the "drummer boy of Missionary Ridge," and past commander-in-chief of the G. A. R., died in Toledo, Ohio, on Monday.

The new NorthGerman Lloyd Steamer, George Washington, is sailing on her maiden voyage to New York. The German owners of the great ship have paid no mean tribute to the memory of the "Father of his Country," in giving her his name. She is 722 feet long, 78 feet wide, with a depth of 54 feet from the awning deck, and 80 feet from the saloon deck. Her tonnage is 27,000 and her engines 20,000 horse-power.

Miss Mary Beatrice Martin, learning recently that Frank N. Robinson, to whom she was engaged to be married, was ill and likely to die, at Monrovia, Cal., chartered a special train and raced across the continent to his bedside. He recovered and now they are married.

The Russian submarine vessel Kambala, was sunk in collision with a battleship, near Sebastopol Friday night and carried her officers and crew to the bottom in water 150 feet deep. All efforts to raise the submarine have proved futile and the men in her will probably die a lingering death.

The Cunard steamer Slavonia ran ashore on Flores Island, one of the Azores group on the night of the 10th, and was wrecked. A wireless telegram reached the North German Lloyd steamer Prinzess Irene, which hurried to the stranded ship and rescued her hundreds of passengers, none of whom were injured.

At Birmingham, Ala., W. T. Kelley and his brother-in-law, William Sparks, attacked and fired upon C. H. Carper, who, though mortally wounded, returned the fire. Carper is dead, Sparks is fatally wounded, and Kelley is wounded in the arm and leg, all because Carper said Mrs. Kelley could not make good coffee.

A carload of liquor ordered by the soldiers at Fort Riley, Kansas, arrived at the fort on Sunday, but the colonel in command placed a guard over it and refused to let the men have it. Just what disposition was made of it, or what kind of liquor it was does not appear, but it was probably beer. It is said that under the stringent laws recently passed by the legislature of Kansas, it is impossible to buy liquor in that State.

While prospecting for mica in Mitchell county, N.C., on Monday of last week John English and Henry Woody entered an abandoned mine. As they reached the bottom of the shaft the sides caved in, completely covering Woody and reaching to English's mouth. The young man's arms were pinned to his sides and he was unable to make any effort to extricate himself. His head was tilted far back in a strained position and he was held thus until Wednesday, when the continuous barking of a little dog that had accompanied the young men and remained at the mouth of the shaft, attracted attention. English was taken from the mine, but died soon afterwards. He was without food and water for two days.

MARYLAND NEWS.

The jury in the case of William F. Downs, a former clerk of the Baltimore City Register's office, who was tried last week in the Criminal Court for the theft of $1000 of city funds, failed to agree, eight having been for conviction and four for acquittal. The indictment in the case was one of 35, the whole amount of the alleged shortage in Downs' accounts being upwards of $67,000. The State's Attorney of Baltimore is urging a speedy trial of the accused on the same indictment, which is probably the strongest case against Downs, so that failure to convict would make the other cases also doubtful.

STRANGE HAPPENINGS.

Helen Wells, 20 years old, attempted suicide by eating gun cotton, at Omaha, Neb., last Saturday night. The story was wired from that place to the Baltimore Sun, with the statement that the girl was tied to a mattress so tightly by the physicians, that she could not move a muscle while they were dosing her with chemicals to dissolve the explosive, presumably to prevent her from being blown to pieces.

The John H. Sparks' Show

Will exhibit at Westminster, afternoon and night, June 22.

The excellent reputation left by the Sparks' Shows in other places would alone insure liberal patronage here and the lusty growth and vast improvements in the show will make it more attractive than ever. Sparks is a man of energy and enterprise, wide experience and ample capital, and he has brought all this to bear in making his show superior to all other similar exhibitions. He has a brand new train of monster railway cars built especially for him, all new gorgeous cages, dens, costly trappings, etc. He has engaged the best talent big salaries can procure. He has expended over $40,000 in increased equipment. Every effort has been made regardless of cost to make his show satisfying to his pride and advanced ideas. That he has succeeded is amply proven by the way the newspapers speak of his exhibition wherever he has appeared. It is the universal verdict that he has now the most splendid, complete and high-class exhibition of the kind in America.

Everyone should come to town in time to see the gorgeous street parade at noon, and then follow the crowd to the show grounds and witness the big free exhibition.

C. C. Brown, of Chestertown, Md., tried for 14 years to raise ducks, but they always died at the "feathering age." Last year he used Fairfield's Blood Tonic for Poultry Only and raised every duck but one that hatched out. Any poultry raiser will secure—equally as good results. Sold under written Guarantee by the W. H. Davis Co., Westminster, and Geo. W. Yeiser, Union Mills.

With a constantly aching back;
With annoying urinary disorders.
Doan's Kidney Pills make work easier.
They cure backache.
They cure kidney ills.

Jesse F. Stem, Pennsylvania avenue, Westminster, Md., says: "I do not hesitate to recommend Doan's Kidney Pills as they have proven of great benefit to me and I am confident that other kidney sufferers will find them equally satisfactory. Over three years I suffered from backache and lumbago, at times the pains being so sharp and persistent that for several days I was unable to do any work. A friend at length advised me to try Doan's Kidney Pills and I procured them at Chas. W. Moore's drug store. They gave me great relief."

FLAG DAY.

Monday was Flag Day and was Observed in Many Places Throughout the Country.

Fifty thousand school children, hundreds of departmental employees and nearly every other resident of Washington joined in the general observance of the day.

The Key home, in Georgetown, where the author of "The Star-Spangled Banner" lived, was the scene of the principal celebration. There more than 400 school children gathered as guests of the Francis Scott Key Memorial Association, sang the national anthem and raised a flag, which was a copy of the emblem which floated over Fort McHenry and inspired the song. As the flag reached the top of the pole a signal to Fort Myer brought the sound of the national salute of 21 guns.

At the Government Printing Office and the Postoffice Department the employees observed the day, and in every school patriotic programs were the order of the day.

The day was made memorable at the Alaska-Yukon-Pacific Exposition, at Seattle, Wash., by the unveiling of Lorado Taft's big bronze statue of George Washington. When the fair is over the figure will be mounted on a solid granite base.

United States Judge H. S. Hanford, president of the Sons of the American Revolution, was chairman of the day. The strings unveiling the statue were drawn by 3-year-old Eleanor Washington Calwell, great-grand-daughter of John Augustine Washington, the last owner of Mount Vernon before the estate was turned over to the commission of women.

The French Ambassador and Mme. Jusserad were guests of the Exposition officials.

Mr. A. Rawn, of Graterford, Pa., writes: "Since using Fairfield's Milk Producer for Cattle Only, one of my cows increased in milk 7 quarts a day." This is but one of the many testimonials we are constantly receiving as to the exceptional merits of the Fairfield Blood Tonics. Sold under written Guarantee by the W. H. Davis Co., Westminster, and Geo. W. Yeiser, Union Mills.

FAIRFIELD'S FEED BLOOD TONICS

A SEPARATE PREPARATION FOR HORSE, COW, HOG AND POULTRY

GREATEST KNOWN BLOOD PURIFIERS

THE working capacity of any horse can be practically doubled by feeding FAIRFIELD'S BLOOD TONIC for HORSES regularly. It exterminates worms, builds up the health and saves feed. The farmer that sowed wheat all over his farm and expected to reap a crop of wheat, oats and corn from the same, would be no more foolish than the man who feeds his horse, cow, hog and poultry from the same package of Condition Powder and expects to get results. The intelligent farmer feeds FAIRFIELD'S, because there is a separate preparation for each kind of animal.

The Fairfield Preparations are sold under written guarantee by
