BASE BALL

Westminster Plays Mt. Airy Tomorrow.

WESTMINSTER 7—MT. AIRY 3.

A number of Westminster fans went with the team to Mt. Airy on Saturday. The Mt. Airyites report the game to have been the most interesting of the season on their diamond. It was the first game in which Westminster has crossed bats with another Carroll county team, and the first of a series for the county championship. Features of the game were the quick fielding of the Westminster boys in making four doubles; Ashmore's and Kellogg's home runs; Spencers three-bagger; the pitching of Doherty and the pitching and fielding of Wege; and Kellogg's batting. SYKESVILLE, 11—WESTMINSTER, 7.

Sykesville was in luck on Wednesday. With Captain Ashmore laid off with a badly sprained ankle, sustained in the Mt. REISTERSTOWN, 11; C. A. C., 4.

The Carroll thletic Club of Hampstead with a team filled in with substitutes was defeated by Reisterstown Saturday in an uninteresting game. Probably the only feature for Hampstead was the pitching of Tracey who with a badly dislocated finger allowed but 5 safeties and struck out 14 men. He was slightly wild owing to his injured finger and with the defective vision of the umpire and uncertain playing of his teammates many unearned runs resulted. The score:

Don't Cut This Out.

It is said that it is a common occurrence in several public places in this city, where papers and magazines lie on the tables, for persons to read them and then with knife clip any article in which they may be interested. This is especially true of the SENTINEL and Advocate. Sometimes by Saturday morning, they are full of holes. The editors of these papers are glad to hear of this evidence of appreciation, but we respectfully suggest that it is not just the thing to cut a paper that is the property of another, without first asking his consent, especially when one can get fifty two copies of either paper, one each week for a year, for $1.00. Better subscribe.

Reformed Church Classis.

A special meeting of the Maryland Classis of the Reformed Church was held in Trinity Chapel, Frederick, last Friday, presided over by the president, Rev. D. J. Wolf, of Taneytown. Licentiate Wayne H. Bowers was received from Mercersburg classis and his call to the Jefferson charge was confirmed. Rev. J. Spangler Kieffer, of Hagerstown; Rev. Isaac M. Motter, of Frederick, and Rev. George Albert Snyder, of Middletown, were appointed a committee to ordain and install Rev. Mr. Bowers. The ordination was held Sunday at Jefferson. The classis granted a request from Rev. Mr. Snyder to organize a congregation and build a church at Harmony.

Dynamiting Rats.

From our Wakefield correspondent and other sources, we have received slightly varying accounts of a serious accident that befell Martin Zehner, better known as "Dutch" Martin, some time between midnight Monday and two o'clock Tuesday morning. Zehner is a laborer, who has lived in that neighborhood for at least fifteen years. Some time ago he purchased a little home about 1½ miles from Wakefield. The rats have been carrying off his young chickens. It appears from most reliable information that we have been able to obtain that he took a stickof dynamite to a rat hole, and holding it in his hand ignited a fuse. The explosion came prematurely and the man was fearfully injured and his wife who was standing near stricken to the ground by the concussion and rendered unconscious. About half of one of Zehner's hands was torn off, he was badly torn about the body and abdomen, and the inside of one thigh denuded of flesh. Doctors Geatty and Whitehill, of New Windsor gave his injuries attention and took him to the Maryland University Hospital on Wednesday.

"The Scholars of Long Ago."

The following communication is self-explanatory:

Porters, Md., June 26th, 1909.

Editors "American Sentinel,"

Dear Sirs: I notice in the issue of your paper of June 25th, an article headed "The Scholars of Long Ago," or Ebenezer Sunday School in 1860. Being one of the scholars of that time, I, of course, was much interested, and being personally acquainted with every one named in the article, I would like to ask the writer to kindly inform me through the columns of your paper, or otherwise, whether or not all of those names were enrolled in 1860, or does the roll include 1860 and several years later, as many of those named were not born or old enough to be enrolled as scholars of Sunday School as long ago as the above date.

Very respectfully yours,
W. F. BARNES.

Others than Mr. Barnes have also called attention to the discrepancy, and on Tuesday our correspondent, who acted as amanuensis for Mr. McQuay in sending us the interesting roll, called to ask us to correct the mistake, which he inadvertently made in writing 1860, when the date should have been 1866.

Melrose Items.

Wentz's Sunday School did not have the festival on Saturday evening, on account of the inclement weather, and it was postponed until Saturday evening July 10th.

One day last week, Miss Anna M. Crumrine had the misfortune to break her left arm at the wrist. Dr. Ziegler reduced the fracture.

Emory Zepp also fractured his arm in a curious manner. He claimed that he did it by using a heavy iron in digging holes to plant posts.

We are watching with interest the perfecting of flying machines and expect to visit the editors of the local papers on our first trip in them.

Messrs. Wilson Brothers were in Philadelphia recently and purchased a 12-horse-power Olds gasoline engine. It wouldn't surprise us if they build an automobile over the engine and go whizzing up and down the pike.

We received a telephone message on Monday saying that a man who once lived in our neighborhood had the misfortune to lose several chickens in a strange way. The chickens were having a good time hunting worms and talking together, when along comes a train playing havoc with the flock. Although chickens are worth 13½c a pound, yet the man had plenty of chicken to dine on for a few days.

The proposed trolley line has not been abandoned. Since Batimore county wants such an enormous sum for the right of way, surveying is being done along the W. M. R. R., preparatory to having the proposed electric road follow this route.

WEDDING BELLS.

Stem—Albert.

No more beautiful wedding has ever been witnessed in this city than that which took place at Grace Lutheran Church, on Wednesday afternoon, 30th inst. The bride, one of Westminster's most attractive and popular young ladies, was Miss Elsie Dean Albert, daughter of the late Rezin F. and Mrs. Rezin F. They have been preparing for their great performance for several weeks, and are working hard even in this torrid weather—but it takes a higher temperature than this to affect an African, or chill the ardor of the bunch that John has gathered together in the interest of the Westminster Baseball Association, for whose benefit the performances will be given. The show will be better than a ball game, and every rooter should be present with his wife or sweetheart to see the impersonation of the "Black Patti."
