the point run to when said deed was run out, and the point where the division line of the tract called "Kensington" commenced, and running thence the third line in said deed North fifty-eight degrees, West with a variation of one and one-half degrees to the right, two hundred and twelve and five-tenths perches, extending the line in the deed one and four-tenths perches to a stake and stone-pile, shown on the plate by black U, pointed out on the ground by Dr Switzer, Wm. B. Frantz and Joseph L. Forsyth, witnesses for defendant, as being the corner made at the end of said line when it was run; then North with a variation of three degrees to the right, ten and seven-tenths perches to a large white oak tree, shown on the plate by black V, and pointed out by Dr Switzer, Wm. B. Frantz, Joseph L. Forsyth, as being the corner at the end of the fourth line contained in said deed as fixed when said deed was run; then running the first line in said deed, East with a variation of two degrees and forty-nine minutes to the right, two hundred and seven perches extending the line in the deed seven perches to the hickory tree shown on the plate by black I.

I have also by directions of defendant's counsel carefully located and laid down by actual survey the beginning of a tract or parcel of land called "Kensington", shown on the plate by black L. beginning at a stone shown on the plate by black C, where once stood a bounded maple tree, described as standing at the end of the 12th line of the Blooming Rose" and the place where said tree stood, pointed out on the ground by Ezekiel Friend, Ezra Sharp, Lewis Vansickle,

George Vansickle and Ira E. Friend, Witnesses for defendant, as being the beginning of the block of Military Lots lying to the West and South of said point, and running thence with the 1st line of Lot 2950 and reversing the 2d line of Lot 2962 West two hundred perches; then with the 1st line of Lot 2962 reversed, and the first line of each of Lots 2964, 2966 and 2968, South three hundred and twenty perches to the beginning of Lot twenty-nine hundred and seventy, shown on the plate by black L which is also the beginning of the tract called "Kensington", as described in the Patent for said tract of land.

I have also by direction of defendant's counsel carefully located and laid down by actual survey the first and second lines in a tract or parcel of land called "Kensington", according to their ancient metes and bounds, courses and distances, and calls, and shown on the Plats by the black dotted . . . . lines L. I. and I (red N) on the Plats, and the 3d, 4th, 5th, & 6th, lines I laid down by protraction and are shown on the Plats by the black dotted . . . . lines numbered in a patent granted by the State of Maryland to John W. McFadden, bearing date the 23d July 1831, Beginning at black L on the Plats and running thence with the first line in said tract, East two hundred perches falling short of Hickory tree at black I eight links, and eight links to the North of said tree, then with the second line South eleven degrees, West with a variation of three and three-quarter degrees to the right, two hundred and six perches to red N.

I have also by directions of defendant's counsel carefully located and laid down by actual survey the lines contained in a deed from William F. Frantz et. ux, to Joseph L. Forsyth, bearing date the 30th August 1869, according
