movement on behalf of the country's agricultural interests. Sentiment in favor of the protection of birds is to be crystallized, comprehensive and drastic laws to this end enacted, and every possible means used to attract birds and thus increase their number to combat the insect crop pests. Every state, county and town where proper protection of the insect-eating birds has not been provided or whose bird laws are not enforced, will fall an easy prey to the costly ravages of the spreading moths, it is shown. Failure to take up an active campaign such as is proposed can only be undone in the face of the moth plague by years of hard labor and millions of dollars of the taxpayers, money, it has been proved by the government and state authorities.

The Empire State is today massing a great force of experts near Port Chester, where these insect pests have just crossed the border line on their way West. If this advancing column is not checked, it will cost the people many millions of dollars in the near future to make up for the depletion of its wild birds, due to years of lax laws, it is estimated. In other states in the path of this pest, where little legislation exists to prevent the slaughter of the insect eaters, campaigns are already on foot to rouse the people to the seriousness of the situation. For years the millinery interests have prevented the farmers from securing real bird protection in New York state, it is pointed out, and now the whole commonwealth must pay the penalty.

"Every American who cares for the preservation of the nation's agricultural wealth will find us ready and glad to tell him what he can do to help in this emergency," said William Dutcher, President of the National Association of Audubon Societies, at its headquarters, 141 Broadway, today. "Wild birds can be attracted by erecting suitable bird houses and in this way increasing the number of birds in a given locality. Birds will be found a far more effective remedy to prevent the increase of these two insect pests than any other means that can be employed. The late Baron von Berlepsch, on his estate of 500 acres at Seebach, in the District of Langensalza, in Thuringia, experimented along these lines for thirty years with the most phenomenal success. A history of this experiment was published in German. It has been translated into English, and may be obtained for a few cents from this association. The fecundity of the gypsy and brown-tail moth is wonderful, and therefore every possible effort should be made to stamp out every colony of them that is discovered in this State or any other part of the Unied States before these pests can spread."

MARYLAND NEWS.

Otto Sturm, superintendent of the Grant Coal and Coke Company, near Morgantown, after being cautioned not to do so, out of curiosity walked on an aerial cable and lost his balance. He fell 130 feet and was instantly killed.

A feature of the annual reunion of the Maryland-born citizens of Ohio, at Tippecanoe City, Ohio, next month, will be the presentation of a cane cut from a Maryland Shellbark tree to the oldest man of Maryland birth in attendance at the reunion.

Buyers from Baltimore, Philadelphia, Washington, New York and Pittsburg report that the peach crop of Washington county will not be one half the normal. They say that in the mountain belt about Smithburg it is fairly good but in some locations, notably near Boonsboro, Keedysville and Brownsville, the crop is almost a total failure.

GENERAL NEWS.

Twenty-one persons were injured, several perhaps fatally, in a wreck on the Big Four, at Zionsville, Indiana, on Sunday.

A deadly and loathsome disease called Charbon is said to be prevalent among the cattle of Louisiana, and that a number of human beings also have been attacked.

A Wabash passenger train plunged into the Missouri river, 30 miles from Kansas City, on Saturday night. At least six persons lost their lives and many were injured.

The Wilmington, Delaware, Health Board has decided that "pigs is pigs." John Andrews had a pair of porkers, that he was training for show purposes. The Health officers, however, decided that there is no difference between an educated and an uneducated pig, and Andrews will have to take them outside the city to complete their training.

On Saturday, the English Channel was crossed for the first time by an aeroplane. The daring aviator who accomplished this remarkable feat was Louis Bleriot, the Frenchman, who only on Saturday had received the decoration of the Legion of Honor for his efforts in promoting the science of navigation of the air.

A monster demonstration by the organized labor party was held in Trafalgar Square, on Sunday, to protest against the proposed visit of the Czar of Russia to England. Bernard Shaw, who made the chief address, said that he was anxious to avoid harsh language, and would simply say in conclusion "Damn the Czar's tyranny and his impudence in coming to these shores."

FOR INVESTORS.

Many men save part of their earnings and are then puzzled how to invest their savings. The savings banks are safe, but the interest rate seems low. Some investments offer big returns, but the risk may be great. Shrewd, careful investors are taking advantage of the reliable and accurate information furnished by the financial experts who conduct the column, "Answers to Questions from Investors," printed in THE PHILADELPHIA PRESS seven days a week.

Pure, rich milk and sweet butter are certain when Fairfield's Blood Tonic and Milk Producer is used regularly. It perfects digestion, purifies the blood and stimulates the milk secreting glands. Fed regularly three-quarters of an hour before milking, it will remove all Garlic taint or odor from milk or cream. Sold under written Guarantee by the W. H. Davis Co., and Geo. W. Yeiser, Union Mills.

STRANGE HAPPENINGS.

A private car filled with mourners conveyed a plush covered coffin, containing the body of a setter dog, to the old family home of Frank Cleary, of St. Louis, Mo., the dog's owner. The dog, a pet of the Cleary family for ten years, was killed by a street car.

Oakey Fox, who was confined in the jail of Wetzel county, W. Va., charged with robbing a store, made his escape by removing all his clothing, soaping himself from head to foot and squeezing himself through an eight-inch hole used for passing the prisoners their food. He was caught very soon and returned to the jail.

Last April, the residence of Wm. M. Skinner, Lakewood, N. J., was robbed of valuable jewels. A large reward was offered for their recovery, but detectives have failed to capture the thief or locate the missing property. A few days ago, a hen, scratching under the porch, brought to light a bracelet, and then a ring. Search revealed all the jewelry, where it was probably hidden by the robbers.

Because he insisted on playing the graphophone, when she wanted to sleep, Mrs. Josephine Zinwick, wife of a Newport News, Va., baker, shot her husband, early Saturday morning, using a 22 calibre rifle. The ball entered the right arm. Again in the afternoon, he refused to stop playing, and she shot him in the leg using a 32-calibre revolver. He is in the hospital and will recover. She was arrested and is very sorry.

Two women in the West are singing the praises of the "rat." It may not be a thing of beauty, but it seems to be a life saver. Mrs. Andrew Cooper, of Indianapolis, had a quarrel with her husband. He became enraged and struck her on the head with a hammer. She did not fall to the floor and he left in disgust. The "rat" had saved her. Miss Frances Thurman, of Urbana, Ill., was dusting a case in a photo gallery. It was ten feet long and weighed 100 pounds. It toppled over on her head, disarranging her coiffure, smashed the "rat" and jarred the wearer, but did no great damage.

Better Birds and Bigger Profits are assured by the regular use of Fairfield's Blood Tonic and Egg Producer in the poultry-yard. It contains all the ingredients Science has found most beneficial for fowl of all kinds. Take no substitute for Fairfield's. It keeps poultry healthy and makes them more productive. Sold under written Guarantee by the W. H. Davis Co., Westminster, and Geo W. Yeiser, Union Mills.

ALL WRONG.

The Mistake is made by Many Westminster Citizens.

Don't mistake the cause of backache. To be cured you must know the cause. It is wrong to imagine relief is cure. Backache is kidney ache. You must cure the kidneys. A Westminster resident tells you how. A. L. Williams, Liberty street, Westminster, Md., says: "I consider Doan's Kidney Pills an efficient remedy for kidney disorders. At the time I began their use, I was greatly troubled with a weakness in my back, became tired easily and so languid at times that any ordinary exertion was a burden. I also suffered from severe attacks of dizziness and felt generally miserable. Reading an endorsement of Doan's Kidney Pills, I decided to try them and procured a box at Chas. W. Moore's drug store. I had taken them only a short time when there was great improvement and continued their use until all disorders were corrected. It gives me much pleasure to recommend Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other. jy 30 2t

FEED FAIRFIELD'S BLOOD TONICS
A SEPARATE PREPARATION FOR HORSE, COW, HOG AND POULTRY

GREATEST KNOWN BLOOD PURIFIERS

THE working capacity of any horse can be practically doubled by feeding FAIRFIELD'S BLOOD TONIC for HORSES regularly. It exterminates worms, builds up the health and saves feed. The farmer that sowed wheat all over his farm and expected to reap a crop of wheat, oats and corn from the same, would be no more foolish than the man who feeds his horse, cow, hog and poultry from the same package of Condition Powder and expects to get results. The intelligent farmer feeds FAIRFIELD'S, because there is a separate preparation for each kind of animal. The Fairfield Preparations are sold under written guarantee by
