to their ancient metes and bounds, courses and distances, and shown on the plats by the black dotted . . . . . lines numbered with black figures 1, 2, 3, 4, 5 & 6 from black I. Beginning at black I, on the plats, and at a stone there standing on the 16th line of the "Blooming Rose" and running thence South eleven degrees, West with a variation of three and three-quarters degrees to the right, eighty-five and two-tenth perches, then with the second line in said deed, West sixty-two perches, thence North forty-one and one-half perches, then West one hundred perches, North one hundred and forty-eight perches to division line, thence South fifty eight degrees, East with a variation of one and one-half degrees to the right two hundred and nine and five tenth perches to the beginning. The planted stones called for at the end of the lines could not be found. The last line in the deed was found to be six-tenths of a rod too long.

I have also by directions of defendant's counsel carefully located and laid down by actual survey, the lines of Military Lot number three thousand one hundred and thirty-eight, according to their ancient metes and bounds, courses and distances as contained in the certificate of award thereof, and shown on the plats by the black dotted . . . . . lines numbered with red figures 1, 2, 3 & 4. Beginning at black I on the plats at a Hickory tree there standing, and running South eleven degrees, West with a variation of three and threequarter degrees to the right, ninety-two perches, West eighty-one perches, North ninety perches East one hundred and two tenths perches to beginning and South of it fourteen links.

I have also by directions of defendants' counsel carefully located and laid down by actual survey, the lines of Military Lot number three thousand one hundred and thirty-nine, according to their ancient metes and bounds courses and distances, as contained in the certificate of award thereof and shown on the plats by the black dotted lines . . . . . , numbered with red figures 1, 2, 3 & 4. Beginning at the end of the first line of Lot thirty-one hundred and thirty-eight, shown on the plats by black K, and running South eleven degrees, West with a variation of three and three-quarter degrees to the right, one hundred and fourteen perches to the end, shown on the plats by red A, the bounded chestnut called for be found or identified, then West sixty perches North one hundred and ten perches, then North eighty-nine degrees East eighty-three perches to the beginning.

I have also by directions of defendants' counsel carefully located and laid down by actual survey the lines contained in a deed from John W. Frantz et al. to Elijah Friend dated 6th October, 1869 and recorded in Liber R.R.R. No. 25, folios 271, &c one of the land records of Allegany county, according to their original metes and bounds, courses and distances, and calls, as therein set forth, and shown on the plats by the black dotted . . . . . lines I, J, K, L. Beginning at a Hickory tree known on the Plats by black I. and running thence the second lines of said deed, which is part of the 16th line of the "Blooming Rose" south eleven degrees, west with a variation of four degrees to the right, one hundred and twenty-two and one-tenth perches to a stone and two maple stumps, at black I on the Plats, then with the 3rd line in said deed, corrected to its call north fifty eight degrees, west with a variation 2 3/4° to the right, two hundred and seven and three-tenths perches to black K,
