GENERAL NEWS.

An earthquake, felt in Missouri, Illinois, Indiana and Western Kentucky, and lasting about one minute occurred on Monday morning. Little damage is reported beyond the wrecking of a few chimneys in villages near St. Louis.

The will of the late Governor John A. Johnson was admitted to probate in the Probate Court of Ramsey County, Minnesota, on Monday. The value of his estate alleged in the petition for probate is $37,000.

While Police Justice Charles W. Wilson, of Winchester, Va., was walking in his garden, smoking his pipe after luncheon, on Monday, just as he leaned over to pluck a rose, he fell dead from heart disease. He was a prominent member of the Masonic fraternity.

The big dirigible balloon Republique exploded in midair, four miles from Moulins, France, on Saturday, and four French military officers were instantly killed. The explosion was plainly heard at Moulins. Eye witnesses say that the balloon fell to the ground within a minute after the explosion.

An explosion occurred in the office of the Columbian Film Exchange, Pittsburg, Pa., on Monday, by which the eight story building was badly damaged and about 75 persons injured, many of them seriously. A shipping clerk says that he entered a vault and turned on an electric light. A spark shot from the switch and ignited one of the films. The clerk slammed the door of the vault and shouted the alarm.

Twenty millions of unclaimed treasure has already been dug from the earthquake ruins of Messina, Italy, according to a report made by the authorities in charge of the work of cleaning the city. This vast treasure has been intrusted to the honesty of four army officers. The richest part of the ruins have not yet been touched by the workmen who are cleaning the city. The local authorities want the goverment to take charge of the treasure.

The purchase of 700 acres of land by the States of New York and New Jersey, at a cost of $627,000 of which sum $502,000 was paid by the states named and $125,000 given by J. Pierrepont Morgan, will save the beautiful Palisades of the Hudson from destruction by blasting. The park was dedicated on Monday in connection with the Hudson-Fulton celebration. The ceremonies were held at the old Cornwallis headquarters, which is about the center of the park.

Fire broke out at the White House late Saturday afternoon and for a short while it was very threatening. It was not in the White House proper, but in the executive offices, which are being reconstructed in the President's absence. The fire originated in the furnace-room. A hot fire had been made in the furnace to dry the plaster freshly put on the walls. The furnace-room was practically gutted and the blaze was communicated to the walls and roof by means of the flue. The quick response of the firemen prevented the spread of the flames. The damage was slight. So far as anyone here recalls this was the first fire to occur at the White House since the invasion of the national capital by the British in 1814, when the Capitol, White House and most of the other public buildings were burned.

STRANGE HAPPENINGS.

The entire telephone and cable service of the United States was badly crippled on Saturday by strange electrical disturbances in earth and air, ascribed to the Aurora Borealis. The disturbance was greater from 5.45 P. M., on Friday to 9.30 A. M. Saturday, though it continued throughout the day. Cable messages from Europe, due in New York at 7.30 A. M., were delayed six hours.

Wyman Edwards, of Hansford, Tex., has had an experience as an automobilist that will not cause him to be envied by other tourists in the extreme Western part of Oklahoma. While going through former "No Man's Land" recently something went wrong with Edward's car, and going to the rear of the machine, he sat down on the ground to fix it. While at work he remarked to his companions that a tire was punctured, because he could hear the air leaking out. About that time, however he felt something move under him, and jumping quickly to his feet, he saw a rattlesnake on the ground where he had been sitting. Instead of air leaking from the punctured tire it was the hiss of the rattler.

More than five years ago, Myra Auld, the half-grown daughter of S. M. Auld, living near New Wilmington, Pa., dreamed that on the farm next to that on which her father lived a pot of gold had been buried. She induced her father to buy the farm when opportunity offered, and since that time she has been searching for the gold which she saw in her dreams. Her perseverance was rewarded when she brought up from the bottom of an old abandoned well on the farm $8000 in gold which had been buried evidently for 20 years. The farm had been owned by James Buchanan, an eccentric farmer, who died some years since. He had the reputation of being a miser, and was always, it is said, in great fear of robbers.

COMFORTING WORDS.

Many a Westminster Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Westminster readers.

Louis Emrich, 616 South Monroe street, Baltimore, Md., says: "I suffered day and night for a long time with intense pains through my back and loins, so severe at times that I was unable to raise from a chair. I was weak and out worn and unable to get any rest at night on account of the constant pains keeping me awake and also the irregularity of the kidney action. These symptoms were growing more severe, alhough I took many remedies and did all I could to effect a cure. At last I procured Doan's Kidney Pills and a short use of this remedy brought a great change in my condition. The pains began to leave me, the secretion became normal and I was able to sleep comfortabjy. I continued using Doan's Kidney Pills and gradually grew better until completely cured. I conscientiously say that I owe my present good health to Doan's Kidney Pills."

Proclamation

WHEREAS, at the January Session of the General Assembly of Maryland, held in the year of our Lord one thousand nine hundred and eight, an Act was passed proposing an amendment to Section 1 of Article 1, of the Constitution of the State, which said Act is in the following words, to-wit:

CHAPTER M.

AN ACT to amend Section one of Article one, title, "Elective Franchise," of the Constitution of this State, and to provide for the submission of said Amendment to the qualified voters of this State for adoption or rejection.

Section 1. Be it enacted by the General Assembly of Maryland, three-fifths of all the members of each of the two Houses concurring, that the following section be and the same is hereby proposed as an amendment to Section one of Article one, title, "Elective Franchise," of the Constitution of this State, and if adopted by the legal and qualified voters thereof, as herein provided, it shall supersede and stand in the place and stead of Section one of said Article one.

Sec. 1. All elections shall be by ballot, and every male citizen of the United States of the age of twenty-one years or upwards, who has been a resident of the State for two years and of the Legislative District of Baltimore City or of the county in which he may offer to vote, for one year next preceding the election, and who, moreover, is duly registered as a qualified voter as provided in this Article, shall be entitled to vote, in the ward or election district in which he resides, at all elections hereafter to be held in this State, and in case any county or city shall be so divided as to form portions of different electoral districts for the election of Representatives in Congress, Senators, Delegates or other officers, then to entitle a person to vote for such officer, he must have been a resident of that part of the county or city which shall form a part of the electoral district in which he offers to vote, for one year next preceding the election; but a person who shall have acquired a residence in such county or city, entitling him to vote at any such election, shall be entitled to vote in the election district from which he removed, until he shall have acquired a residence in the part of the county or city to which he has removed.

Every male citizen of the United States having the above prescribed qualifications of age and residence shall be entitled to be registered so as to become a qualified voter if he be, first: a person who, on the first day of January in the year eighteen hundred and sixty-nine, or prior thereto, was entitled to vote under the laws of this State, or of any other State of the United States, wherein he then resided; or second: a male descendant of such last mentioned person; or third: a foreign born citizen of the United States naturalized between the first day of January in the year eighteen hundred and sixty-nine and the date of the adoption of this section of the Constitution of the United States naturalized between the first day of January in the year eighteen hundred and sixty-nine and the date of the adoption of this section of this Article, as aforesaid, or his affidavit upon information and belief that he is a descendant of a person who was entitled to vote on or before the first day of January in the year eighteen hundred and sixty-nine, or that he is a descendant of a person who has become a naturalized citizen of the United States between the first day of January in the year eighteen hundred and sixty-nine and the date of the adoption of this section of this Article, as aforesaid, or his affidavit upon information and belief that he is a descendant of a person who was entitled to vote on or before the first day of January in the year eighteen hundred and sixty-nine, or that he is a descendant of a person who has become a naturalized citizen of the United States between the first day of January in the year eighteen hundred and sixty-nine and the date of the adoption of this section of this Article, shall be prima facie evidence of any of said facts so sworn to.

A wilfully false statement upon the part of any applicant for registration in relation to any of the matters aforesaid shall be perjury, and punishable as perjury is punished by the laws of this State.

Any person who feels aggrieved by the action of any board of officers of registration in refusing to register him as a qualified voter, or in registering any disqualified person, may at any time, either before or after the last session of the board of registration, but not later than the Tuesday next preceding the election, file a petition, verified by affidavit, in the Circuit Court for the county in which the cause of complaint arises, or, if the cause of complaint arise in Baltimore City, in any court of common law jurisdiction in said city, setting forth the grounds of his application and asking to have the action of the board of officers of registration corrected. The court shall forthwith set the petition for hearing and direct summons to be issued requiring the board of officers of registration complained against in said petition to attend at the hearing in person or by counsel, and where the object of the petition is to strike off the name of any person, summons shall also be issued for such person, which shall be served by the sheriff within the time therein designated; and said several courts shall have full jurisdiction and power to review the action of any board of officers of registration and to grant or withhold, as it may deem lawful and proper, the relief prayed for in the premises.

In determining whether any person who applied to be registered under the above fifth clause of this section was or was not entitled to be registered under said fifth clause, the court shall require the board of officers or registration complained of to produce the written application prepared and submitted by such person at the time he presented himself for registration to said board of officers of registration, and upon said written application the court shall determine whether or not said person, when he presented himself for registration, complied with the requirements of said fifth clause; and if the court shall determine that said written application, so prepared and submitted by said person, compiled with the requirements of said fifth clause, and that said person was not disqualified under any other provision of this Article of the Constitution to be registered upon the books of registry in question, then the Court shall order said person to be registered as a qualified voter, but if the court shall determine that said written application of said person failed to comply with the requirements of said fifth clause, or that said person was in any other respect under this Article of the Constitution disqualified to be registered upon the books of registry in question, then the court shall order that said person shall not be registered upon said books of registry.

The court may enforce any order by attachment for contempt in said cases; neither party shall have any right of removal; exception may be taken to any ruling of the court at the hearing of said cases and an appeal shall be allowed to the Court of Appeals as in other cases; all such appeals shall be taken within five days from the date of the decision complained of, and shall be heard and decided by the Court of Appeals upon the original papers, or otherwise, as the Court of Appeals may by rule prescribe, as soon as may be practicable.

The General Assembly shall have power to provide more fully by legislation not inconsistent with this section of this Article, for the hearing and determination of all such cases.

Sec. 2. And be it further enacted by the authority aforesaid, That the aforegoing section hereby proposed as an amendment to the Constitution of this State shall be at the next General Election for members of the General Assembly to be held in this State, submitted to the legal and qualified voters thereof for their adoption or rejection, in pursuance of the directions contained in Article XIV of the Constitution of this State, and at said general election the vote on the said proposed amendment shall be by ballot, and upon each ballot there shall be printed the words "For the Constitutional Amendment" and "Against the Constitutional Amendment" as now prescribed by law, and immediately after said election due returns shall be made to the Governor of the vote for and against said proposed amendment, as directed by the said Article XIV of the Constitution.

Approved February 25, 1908.

NOW, THEREFORE, I, AUSTIN L. CROTHERS, GOVERNOR OF THE STATE OF MARYLAND, in pursuance of the provisions of Section 1, of Article 14 of the Constitution of the State of Maryland, do hereby order and direct that a copy of said Act proposing an amendment to Section 1 of Article 1 of the Constitution of said State, be published in at least two newspapers in each of the counties of the State and in three newspapers in the City of Baltimore, one of which shall be published in the German language, once a week for at least three months preceding the next General Election, which election will be held on November 2nd, 1909, at which election the said proposed amendment shall be submitted, in the form and manner prescribed by the General Assembly, to the legal and qualified voters of the State, for their adoption or rejection.
