FAILED TO GET MONEY.

A postmaster of a Pennsylvania town made a trip to Lock Haven intending to pick up the modest fortune of $14,000 while there, but he came back without it. He carried with him when he departed 700 bright Lincoln cents each showing the initials of the designer. These cents still remain in his possession but he doesn't treasure them quite so highly as he did when he was paying 10 cents apiece for them.

Several days ago the postmaster heard that a Lock Haven cigar dealer had made a standing offer of $20 for 1909 Lincoln cents, the kind that bear the initials of the designer. The postmaster used the telephone, asked the cigarmaker about it and was told the offer was good. Then the postmaster went on a still hunt for cents but before he had cornered the supply the price had gone up to 10 cents. He accumulated about 700 which ought, according to his calculation, to bring $14,000. Then he went to Lock Haven to get the money.

Strolling into the cigar store he bought a high-priced cigar and casually asked the storekeeper if he was still offering $20 for 1909 cents.

"We certainly are, if they have the designer's initials," said the cigarmaker.

Well, I have a few," said the postmaster.

"Are you sure you have 1909 cents?"

"Sure; every one of them, and with the designer's initials," replied the postmaster, and poured a handful of the glittering coins on the showcase.

"Looks to me as if there were only two or three hundred there," said the cigar man. "I can't afford to pay $20 for less than 1909."

For a full half minute the two men looked straight into each other's eye. Then the postmaster gathered up his cents, and without a word, beat it for the railroad station.—Ex.

You have been experimenting with the old-fashioned "Cure-all" Condition powder long enough. It's time you were using the Modern, sensible and Scientific kind, the Fairfield Blood Tonics. MARYLAND NEWS.

Emmitsburg has organized a business mens' association, which will have for its object the promotion of the interests of the town. Mr. Sterling Galt, editor of the Chronicle, is president.

Zion Evangelical Lutheran Church, just completed at Jennings, Garrett county, was dedicated on Sunday. Rev. Charles F. Steck, pastor of the Lutheran Church at Frederick, Md., president of the Maryland Synod, preached the dedicatory sermon. Rev Alvin Yugel is pastor.

Mr. F. H. Evans, of St. Michaels, exhibited last week some perfectly ripened strawberries, some of them weighing nearly an ounce. These berries were ripened on the vines in a regular patch without any artificial aid. Mr. Evans, who has been extensively engaged in the berry business has no knowledge of berries ever ripening at this time of the year before.

Joseph W. Gaver, 48 years old, a prominent member of the Frederick county bar and a widely known citizen died Sunday morning, 14th inst., at the Riggs cottage, Ijamsvile, after an illness of about two weeks. He was the Democratic nominee for Clerk of the Court, and after an unremitting campaign, collapsed with a nervous breakdown the day before the election in which he was defeated. He was a successful lawyer and took an active interest in Democratic politics. At the recent Democratic nominating convention he was the unanimous choice of his party for County Clerk, and from the beginning entered upon a strenuous campaign. His campaign work, in addition to performing the duties of clerk to the Election Supervisors, brought on a nervous breakdown, and he collapsed. He was president of the United Fire Company and a member of the Royal Arcanum and Modern Woodmen. He was past high priest of Enoch Chapter, Royal Arch Masons, past master of Columbia Lodge of Masons and a member of Jaques De Molay Commandery, Knight Templars. He was past chancellor of the Knights of Pythias, past noble grand of Odd Fellows and past sachem of the Red Men.

Your Horses have worked hard this past Summer. Their blood is filled with worn-out Cells and waste material. Build them up; perfect their digestion and purify their blood by the regular use of Fairfield's Blood Tonic and Regulator for Horses Only. Sold under written guarantee by the W. H. Davis Co., Westminster, Geo. W. Yeiser, Union Mills, T. W. Mather & Sons, Manchester, Shipley & Bonner, Gamber, N. E. Franklin, Englar, J. E. Evans, Carrollton.

GENERAL NEWS.

An epidemic of pinkeye is reported to be going around Gettysburg and Adams counties. Scores of children are afflicted with the disease and many older people. The local physicians attribute the disease to the long period of dusty weather.

A reckless gunner on the farm of James Golden, in Springetsbury township, York Co., Pa., shot at a rabbit and killed a 60-dollar Jersey cow. Mr. Golden has reported the matter to Alderman Walter F. Owen and detectives are trying to learn the identity of the gunner.

A heavy, wet snow fell on Friday last over Colorado, Southeastern Wyoming, Southern Utah and Northern New Mexico and Arizona. Pueblo and Colorado Springs reported 6 inches of snow and in the mountains the fall was somewhat heavier. Telegraph service was somewhat impaired during the morning, but railroads reported no delay.

Edward Weagley, a Chambersburg youth of 16 years, following a dare by several of his companions, dropped a lighted match into a piece of drain-pipe, containing a quantity of powder. A blinding explosion followed and young Weagley fell to the ground with his whole face, from forehead to chin and ear to ear, blown full of powder and terribly burned. If he recovers, which is doubtful, he will likely be blind the balance of his life.

Rice forms the chief cereal food of about one-half the world's population and wheat the chief cereal food of the other half. Curiously enough, the quantity of these two cereals produced apparently differs but little, the latest estimate placing the world's rice crop at about 175,000,000,000 pounds and the wheat crop at about 190,000,000,000 pounds. The above facts are presented in a bulletin from the Department of Commerce and Labor dealing with the remarkable increase in rice production in this country and with the markets offered for this particular commodity, especially in countries commercially adjacent to the United States.

Courts in Mississippi seem not to be respecters of persons. Miss Lillie Sutton, of Ocean Springs, in that State, has just gone to the penitentiary for seven years for the crime of burglary and the theft of half a pound of butter and five eggs. The sentence was passed last spring, but an appeal was taken to the Supreme Court, which has affirmed the judgment of the lower court on points of law raised during the trial. Pending the decision of the Supreme Court, Miss Sutton was out on bail, which she furnished by selling her property and putting up the money as collateral. When the decision against her was announced she promptly gave herself up to the sheriff. Just why a sentence of such severity was imposed does not appear from the report of the case.

Secretary Wilson has issued a statement pointing out that the United States Government is spending about $18,000,000 a year on experimental work in increasing the yield and efficiency of the farms of the country. The statement was inspired by the assertion made by a railroad magnate recently that the nation could better afford to invest the cost of one battleship in agricultural experiment work than to expend it in the increase of the navy. A battleship costs approximately $9,000,000. Secretary Wilson declares that the Government is expending each year twice as much as a first-class battleship costs, and the money is being used in precisely the manner recommended by the railway official. The assistance given the farmers of the United States, the Secretary declared, is not confined to any locality. As an instance of the aid the Department renders, Secretary Wilson recited the case of a farmer who was raising only 20 bushels of potatoes to the acre and who, dissatisfied, appealed to the Department for assistance and advice. Both were given him promptly, and Mr. Wilson says he now is raising 250 bushels to the acre on the same land as a result of using the seed and the information given him by the Government.

If the Egg Sac of the Hen is not supplied with pure, rich blood, the Embryotic eggs it contains cannot develop properly. Fairfield's Blood Tonic and Egg Producer purifies the blood and furnishes it with the materials from which eggs are made. Sold under written guarantee by the W. H. Davis Co., Westminster, Geo. W. Yeiser, Union Mills, T. W. Mather & Sons, Manchester, Shipley & Bonner, Gamber, N. E. Franklin, Englar, J. E. Evans, Carrollton.

STRANGE HAPPENINGS.

The body of five-year-old Frank de Rosa, who it was supposed, had been kidnapped two weeks ago, and for whom wide search had been made, was found on Sunday jammed in the top of a chimney at his aunt's house, on East Sixty-third street, New York, where he had been visiting with his mother, when he suddenly disappeared. It was the coroner's opinion that the boy had been strangled and pushed down the chimney.

Turning a rabbit loose in the dining-room at his home, in Williamsport, William H. Corby, a member of the Town Council of that place, estimates that the cottontail did about $10 damage before it was recaptured. At the first leap after being released the rabbit broke its nose against the wall, and by repeatedly butting its head against the four sides of the room the crazed creature smeared the walls with blood. Just before it was caught the rabbit jumped over the supper table and a lighted lamp and landed among the dishes upon a sideboard, breaking some of the glassware.

The Gresly corrospondent of the Denver, Colorado, Republican is responsible for the following story. He says: By inadvertently writing his own name in the documents by which he sentenced Charles Morris today, Judge Thomas Tregoning, of Evans, nearly sent himself to jail for 30 days. Morris was charged with larceny and proved that he was intoxicated and his intentions were not bad. The Judge dismissed the case of larceny and the District Attorney drew a new complaint charging him with disturbance, on which Morris was tried, pleading guilty and was sentenced to jail. The Judge wrote his own instead of the defendant's name in the mittimus sent to the Sheriff, the error being discovered in the nick of time.

DANGER IN DELAY.

Kidney Diseases Are Too Dangerous for Westminster People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills, which has cured people right here in Westminster.

Harry C. Jones, living on E. Main St., Westminster, Md., says: 'Before I procured Doan's Kidney Pills I suffered from kidney trouble for over two years, but since using the contents of one box of this remedy I have been entirely well. My trouble began with a lameness across the small of my back, and was soon followed by an aching through my loins which clung to me persistently. I grew restless, felt miserable, the kidney action was disordered and was becoming worse when Doan's Kidney Pills were procured for me at Chas. W. Moore's drug store. They far exceeded my highest anticipation. The kidney trouble was eradicated and I have not suffered from any of the symptoms since.

For sale by all dealers. Price 50 cents.
