AMERICAN SENTINEL.

WESTMINSTER, - MARYLAND.

JOS. D. BROOKS, Editor.

Entered at the Postoffice at Westminster, Md., as Second-class matter.

FRIDAY, FEBRUARY 18, 1910.

The way to kill the bond issue is to prevent the passage of the bill by the legislature. Every one opposed to the measure should write to the members from this county, protesting against the bill. Do it now.

We have been informed that at the meeting, or intended meeting, of the committee appointed at the recent road meeting at Odd Fellows' Hall, held at the office of the Democratic Advocate in this city, when the question of the preparation of the bill to be submitted to the legislature authorizing a vote on the question of issuing bonds to improve the roads of the county, came up for discussion, a prominent gentleman of the county and a well known organization Democrat ordered the chairman of the committee to insert in the bill $750,000 instead of $500,000, as directed by the meeting held at Odd Fellows' Hall. The chairman, we have been informed readily assented to the amennment.

If this be true we think it is a rather high handed piece of business. The committee was emphatically instructed to prepare a bill for the sum of $500,000 and no authority was delegated to it to make any such amendment.

If we have 900 miles of roads in the county it would cost us, at the rate of $3000 per mile—a very low estimate—the sum of $2,700,000 to pike every mile in the county. This would, of course, be exclusive of the cost of buying the turnpikes in order to get rid of toll gates.

If, therefore, we should issue bonds to the amount of $500,000 we would only be able to pike about one-fifth of the mileage and still have four-fifths clay roads. The rule of government is to "do the most good for the most people." More people live on and use four-fifths of the roads than on one-fifth and we think it would be unfair and against all principles of good government to tax the majority of the people for the benefit of the few.

We hope that the people of this county will stop and think over this matter, because if the thing ever starts your taxes will be enormous before you know it. We have said that $3000 per mile is a low estimate and at the same time we are thoroughly convinced that it will cost twice that much.

The Baltimore and Reisterstown turnpike, from Franklin and Green streets in the city of Baltimore to the Pennsylvania line, a distance of about 40 miles, cost, in 1824 or 1826, when labor and all materials entering into the cost of road construction were very cheap, as compared to the same at present, $250,000 or $6250 per mile; and to keep it in its present condition it takes nearly every cent of revenue the company receives. If this turnpike, managed by keen, shrewd, business men, is barely self sustaining, what may we look for if the hard roads of the county should be managed by a so called non-partisan board selected by politicians?

SAVED FROM AWFUL PERIL.

"I never felt so near my grave," writes Lewis Chamblin, of Manchester, Ohio, R. R. No. 3, "as when a frightful cough and lung trouble pulled me down to 115 pounds in spite of many remedies and the best doctors. And that I am alive today, is due solely to Dr. King's New Discovery, which completely cured me. Now I weigh 160 pounds and can work hard. It also cured my four children of the croup." Infallible for Coughs and Colds, it's the most certain remedy for LaGrippe, Asthma, desperate lung trouble and all bronchial affections. 50c and $1.00. A trial bottle free. Guaranteed by C. W. Moore.

DIED.

In sad but loving remembrance of our dear baby, Wilson Francis Beaver, who died one year ago, February 15th, 1909.

Our baby is sleeping so free from all pain,
Oh, wake him not sweet spirit to suffer again
He slumbers so soundly, oh, let him sleep on
His sickness is ended his troubles all gone.

Oh, think how he suffered and moaned with pain
The long night hours as we soothed him in vain,
Till God in his mercy sent down from above,
An Angel that whispered a message of love.

By his Parents.
